Under Secretary, Environment,
For Additional Chief Secretary to Govt. Haryana,
Environment Department

5/1/14

Promotion to the post of
Environmental Engineer in Haryana
State Pollution Control Board.

There are total 33 posts of Environmental Engineers (EEs) in the Board, out of which 25 posts are meant for promotes and balance 08 posts for direct recruits. Out of 08 posts of direct recruitment, One post is already filled up and 07 posts are still lying vacant. Out of 25 posts meant for promotion quota, 06 have already been filled up and 19 posts are lying vacant.

Method of Recruitment

- (i) 75% by promotion from amongst Assistant Environmental Engineer; and
- (ii) 25% by direct recruitment; or
- (iii) by transfer or deputation of an officer already in the service of any State Government or the Government of India;

Academic Qualifications & Experience

By Promotion

At least 3 years' service as Assistant Environmental Engineer in the Board having qualifications of Bachelor in Engineering or its equivalent.

The Departmental Promotion Committee to fill up vacant posts of Environmental Engineers by promotion was held on 18.11.2019. The proceedings/minutes of the meeting are enclosed at **Annexure-'A'**. The committee after deliberations in consideration of all facts and relevant record of each candidate found following AEE's suitable and eligible for promotion:

Sr. No.	Name of Assistant Environmental Engineer	Brief of the findings of the Committee
1.	Sh. R.K. Bhonsle	Found eligible, suitable and fit for promotion.
2.	Sh. Rajinder Sharma	Found eligible, suitable and fit for promotion.
3.	Sh. Nitin Mehta	Found eligible, suitable and fit for promotion.
4.	Sh. Sandeep Singh	Found eligible, suitable and fit for promotion.
5.	Sh. Virender Singh Punia	Found eligible, suitable and fit for promotion.
6.	Sh. Shakti Singh	Found eligible, suitable and fit for promotion.
7.	Sh. Dinesh Kumar Yadav	Found eligible, suitable and fit for promotion.
8.	Sh. Shailender Arora	Found eligible, suitable and fit for promotion.
9.	Sh. Dinesh Kumar	Found eligible, suitable and fit for promotion.
10.	Smt. Smita Kanodia	Found eligible, suitable and fit for promotion.
11.	Sh. Kamaljit Singh	Found eligible, suitable and fit for promotion.
12.	Smt. Poonam Langayan	Found eligible, suitable and fit for promotion.
13.	Sh. Vinay Gautam	Found eligible, suitable and fit for promotion.
14.	Sh. Vijay Chaudhary	Found eligible, suitable and fit for promotion.

5/2/15

As per Service Regulations of the Employees of the Board, competent authority to promote/appoint Environmental Engineer is Haryana State Pollution Control Board. The Board vide agenda item No. 144.07 in its 144th meeting held on 22.04.2008 delegated the powers to the Chairman, HSPCB and desired that the decisions on administrative grounds taken by the Chairman in respect of Group 'A' services may be put up in the ensuing meeting of the Board for information of the members,

In pursuant to the findings of the Departmental Promotion Committee and in exercise of powers delegated vide Agenda Item No. 144.7, the above 14 nos. AEE has been promoted as EE in the functional pay level 11 of Rs. 67700-191000. Copy of the orders is enclosed at **Annexure-B**.

The matter is submitted before the Board for information please.

Proceedings of the meeting of Departmental Promotion Committee held on 18.11.2019 in the Board's Office, C-11, Sector-6, Panchkula to consider the case of promotions to the post of Environmental Engineer in Haryana State Pollution Control Board.

Present:

1. Sh. Ashok Kheterpal, Chairman, HSPCB, Panchkula
2. Sh. S. Narayanan, IFS, Member Secretary, HSPCB, Panchkula
3. Sh. Shekhar Vidharthi, IAS, Director, Environment & Climate Change Department, Haryana.
4. Sh. Satbir Singh, District Attorney, HSPCB, Panchkula

The Committee examined the Agenda Note regarding filling up the posts of Environmental Engineer by promotion from amongst the Assistant Environmental Engineers of the Board, and, on such a consideration firmed up following facts:

Position of sanctioned posts of Environmental Engineers:

There are total 33 posts of Environmental Engineers (EEs) in the Board, out of which 25 posts are meant for promotes and balance 08 posts for direct recruits. Out of 08 posts of direct recruitment, One post is already filled up and 07 posts are still lying vacant. Out of 25 posts meant for promotion quota, 06 have already been filled up and 19 posts are lying vacant.

Seniority of Assistant Environmental Engineers:

Sr. No.	Name of the Assistant Environmental Engineer	Mode of Recruitment as AEE	Educational Qualifications	Date of Joining as AEE	Period of Experience
1.	Sh. R.K. Bhonsle	By Promotion	B. Tech. (Civil)	19.01.1996	More than 23 years
2.	Sh. Rajinder Sharma	By Promotion	B.E. (Civil)	07.12.2004	More than 14 years
3.	Sh. Viney Singh	Direct	B.E. (Chemical)	14.12.2004	More than 14 years
4.	Sh. Nitin Mehta	Direct	B.Tech (Mechanical)	14.12.2004	More than 14 years
5.	Sh. Sandeep Singh	Direct	B. E. (Mechanical)	14.12.2004	More than 14 years
6.	Sh. Virender Singh Punia	Direct	B.E. (Mechanical)	14.12.2004	More than 14 years
7.	Sh. Shakti Singh	Direct	B. Tech. (Civil)	23.12.2004	More than 14 years
8.	Sh. Dinesh Kumar Yadav	Direct	B.E. (Civil)	15.12.2004	More than 14 years
9.	Sh. Shailender Arora	Direct	AMIE (Civil)	16.12.2004	More than 14 years
10.	Sh. Dinesh Kumar	Direct	B. Tech. (Mechanical)	14.12.2004	More than 14 years
11.	Smt. Smita Kanodia	Direct	B.E. (Polymer Science & Chemical Tech.)	16.12.004	More than 14 years
12.	Sh. Kamaljit Singh	Direct	B.E. (Mechanical)	14.12.2004	More than 14 years

13.	Smt. Poonam Langayan	Direct	B.E. (Chemical)	16.12.2004	More than 14 years
14.	Sh. Vinay Gautam	By Promotion	B. Sc. Engg. (Chemical)	24.07.2006	More than 13 years
15.	Sh. Vijay Chaudhary	By Promotion	AMIE (Mechanical)	21.07.2006	More than 13 years
16.	Sh. Mohit Kumar Moudgil	By Promotion	Diploma in Chemical Engineering & AMIE	14.03.2013	More than 6 years as AEE
17.	Sh. Naresh Kumar	By Promotion	Diploma in Mechanical Engineering	14.10.2013	More than 6 years as AEE
18.	Sh. Ajay Singh	Direct	B. Tech. (Mechanical) & M. Tech. (Automation)	04.03.2014	More than 5 years
19.	Smt. Neha Saharan	Direct	B. Tech. (Chemical) & M.E. (Chemical)	05.03.2014	More than 5 years
20.	Sh. Nipun Gupta	Direct	B. Tech. (Mechanical)	05.03.2014	More than 5 years

After examination of the facts presented before the Departmental Promotion Committee and the relevant record of each candidate, and as per the seniority list, the committee observed as under:

1. Sh. R.K. Bhonsle, Assistant Environmental Engineer:-

Sh. R.K. Bhonsle was promoted as Assistant Environmental Engineer on 19.01.1996. He has completed more than 23 years experience as Assistant Environmental Engineer against the required experience of 8 years as per Service Regulations of the Board. The officer acquired B. Tech. (Civil) in the year 2008 through Distance Education mode from the Institute of Advanced Studies in Education University, Sardarshar, Rajasthan. As per the Service Regulations, 2004 the experience is counted after acquiring the requisite qualification. Moreover, B. Tech through distance education was not considered valid as informed by Director Technical Education Haryana vide their letter dated 07.10.2013. However, subsequently as per directions of Hon'ble Supreme Court of India vide order dated 03.11.2017, he appeared in the examination and qualified the test conducted by UGC-AICTE and Sh. Rakesh Bhonsle obtained certificate of validation of Degree on dated 23.08.2018 as per the Hon'ble Supreme Court order dated 03.11.2017.

After deliberations and examinations of personal file and service record of Sh. Rakesh Kumar Bhonsle, the Committee found him eligible, suitable, and fit for promotion.

It was also discussed in the meeting that Sh. Rakesh Kumar Bhonsle filed a writ petition in Hon'ble High Court followed by a Civil Misc. Application praying for promotion to the post of Environmental Engineer, wherein the Hon'ble Court had directed to pass a fresh order regarding the promotion. Keeping in view the facts of the case, the Committee desired that after passing a promotion order, a speaking order in compliance of the Hon'ble Court orders may also be passed.

2. Sh. Rajinder Sharma, Assistant Environmental Engineer:-

Sh. Rajinder Sharma was promoted as Assistant Environmental Engineer

5/5/18

Environmental Engineer against the required experience of 8 years as per Service Regulations of the Board. The officer has acquired qualification B.E. (Civil) in the year 2007 through Vinayaka Mission University, Salem, Tamil Nadu. As per the Service Regulations, 2004 the experience is counted after acquiring the requisite qualification. Moreover, B. Tech through distance education was not considered valid as informed by Director Technical Education Haryana vide their letter dated 07.10.2013. However, subsequently as per directions of Hon'ble Supreme Court of India vide order dated 03.11.2017, he appeared in the examination and qualified the test conducted by UGC-AICTE and Sh. Rajinder Sharma obtained certificate of validation of Degree on dated 23.08.2018 as per the Hon'ble Supreme Court order dated 03.11.2017.

After deliberations and examinations of personal file and service record of Sh. Rajinder Sharma, the Committee found him eligible, suitable, and fit for promotion.

3. Sh. Vinay Singh, Assistant Environmental Engineer:-

Sh. Vinay Singh was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.E. (Chemical) from Punjab University, Chandigarh. The Committee examined the complete service record and the personal file of Sh. Vinay Singh Gill and found that two charge sheets under rule 7 are pending against him as mentioned in the Agenda Note, the Committee found that he is eligible but not suitable and fit for promotion.

4. Sh. Nitin Mehta, Assistant Environmental Engineer:-

Sh. Nitin Mehta was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.Tech. (Mechanical) from Jind Institute of Engineering & Technology, Jind (KUK).

After deliberations and examinations of personal file and service record of Sh. Nitin Mehta, the Committee found him eligible, suitable, and fit for promotion.

5. Sh. Sandeep Singh, Assistant Environmental Engineer:-

Sh. Sandeep Singh was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.E. (Mechanical). He has passed his degree from C.R. State College of Engineering, Murthal (Sonapat).

After deliberations and examinations of personal file and service record of Sh. Sandeep Singh, the Committee found him eligible, suitable, and fit for promotion.

6. Sh. Virender Singh Punia, Assistant Environmental Engineer:-

Sh. Virender Singh Punia was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.E. (Mechanical). He has passed his degree from Institution of Mechanical Engineers (India), Mumbai.

After deliberations and examinations of personal file and service record of Sh. Virender Singh Punia, the Committee found him eligible, suitable, and fit for promotion.

7. **Sh. Shakti Singh, Assistant Environmental Engineer:-**

Sh. Shakti Singh was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.Tech. (Civil). He has passed his degree from NIT, Kurukshetra and also passed M.Tech. from Punjab Engineering College, Chandigarh.

After deliberations and examinations of personal file and service record of Sh. Shakti Singh, the Committee found him eligible, suitable, and fit for promotion.

8. **Sh. Dinesh Kumar Yadav S/o Sh. Onkar Singh, Asstt. Env. Engineer:-**

Sh. Dinesh Kumar Yadav was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.E. (Civil). He has passed his degree from Yashwantrao Chavan College of Engineering, Wanadongri, Nagpur (Nagpur University, Maharashtra).

After deliberations and examinations of personal file and service record of Sh. Dinesh Kumar Yadav, the Committee found him eligible, suitable, and fit for promotion.

9. **Sh. Shailender Arora, Assistant Environmental Engineer:-**

Sh. Shailender Arora was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He has passed 3 years Diploma in Civil Engineering from Government Polytechnic, Ambala and also passed AMIE (Civil) from Institution of Engineering, Calcutta.

After deliberations and examinations of personal file and service record of Sh. Shailender Arora, the Committee found him eligible, suitable, and fit for promotion.

10. **Sh. Dinesh Kumar S/o Sh. Ishwar Singh, Asstt. Env. Engineer:-**

Sh. Dinesh Kumar was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He has passed B. Tech. (Mechanical) from Jind Institute of Engineering & Technology, Jind from KUK.

After deliberations and examinations of personal file and service record of Sh. Dinesh Kumar, the Committee found him eligible, suitable, and fit for promotion.

11. **Smt. Smita Kanodia, Assistant Environmental Engineer:-**

Smt. Smita Kanodia was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. She has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. She has passed B.E. (Polymer Science & Chemical Tech.) from Delhi College of Engineering, Delhi.

After deliberations and examinations of personal file and service record of Sh. Smita Kanodia, the Committee found him eligible, suitable, and fit for promotion.

12. **Sh. Kamaljit Singh, Assistant Environmental Engineer:-**

Sh. Kamaljit Singh was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. He has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He is B.Tech. (Civil). He has passed his degree from NIT, Kurukshetra and also passed M.Tech. from Punjab Engineering College, Chandigarh.

5/7/20

(Mechanical) from Dronacharya Engineering University, Gurgaon from MDU, Rohtak.

After deliberations and examinations of personal file and service record of Sh. Kamaljit Singh, the Committee found him eligible, suitable, and fit for promotion.

13. Smt. Poonam Langayan, Assistant Environmental Engineer:-

Smt. Poonam Langayan was appointed as Assistant Environmental Engineer in the Board on 14.12.2004. She has completed more than 14 years of service experience in the Board as Assistant Environmental Engineer. He has passed B.E. (Chemical) from Punjab University, Chandigarh.

After deliberations and examinations of personal file and service record of Sh. Poonam Langayan, the Committee found him eligible, suitable, and fit for promotion.

14. Sh. Vinay Gautam, Assistant Environmental Engineer:-

Sh. Vinay Gautam was promoted as Assistant Environmental Engineer on 24.07.2006. He has completed approximately 13 years of service experience in the Board as Assistant Environmental Engineer. He has passed B.Sc. Engineering (Chemical) from Bihar Institute of Technology, Sindri, Dhanbad (Bihar).

After deliberations and examinations of personal file and service record of Sh. Vinay Gautam, the Committee found him eligible, suitable, and fit for promotion.

15. Sh. Vijay Chaudhary, Assistant Environmental Engineer:-

Sh. Vijay Chaudhary was appointed as Junior Environmental Engineer in the Board by transfer basis on 28.06.2000. He was promoted as Assistant Environmental on 21.07.2006 and joined as such on 21.07.2006 (A.N.). He has completed more than 13 years of service experience in the Board as Assistant Environmental Engineer. He has passed AMIE from Institution of Mechanical Engineers (India), Mumbai.

The Committee discussed the issue regarding and Enquiry conducted by State Vigilance Bureau against the officer and the report submitted in this regard to the HSPCB. After discussing the matter in detail and with the District Attorney who is the Member of the Committee, it was observed that such fact finding enquiry is not a bar in consideration of promotion.

After deliberations and examinations of personal file and service record of Vijay Choudhary, the Committee found him eligible, suitable, and fit for promotion.

16. Sh. Mohit Kumar Moudgil, Assistant Environmental Engineer:-

Sh. Mohit Kumar Moudgil was appointed as Junior Environmental Engineer on 17.07.2006 and given the current duty charge of Assistant Environmental Engineer on 12.06.2012. Thereafter, he was promoted as Assistant Environmental Engineer on 14.10.2013. He has acquired total experience of 7 years and 05 months against the requisite experience of 8 years in the Board as Assistant Environmental Engineer. He has passed AMIE (Section-A and Section-B) from The Institution of Engineers (India), Kolkata.

He does not fulfill the eligibility criteria in the context of experience.

17. Sh. Naresh Kumar, Assistant Environmental Engineer:-

Sh. Naresh Kumar was promoted as Assistant Environmental Engineer on 14.10.2013. He joined as such on 14.10.2013. He has acquired total experience of 6

Amish
Satish Singh
S. N. S.

5/8/21

years and 01 month against the requisite experience of 8 years in the Board as Assistant Environmental Engineer.

He does not fulfill the eligibility criteria in the context of experience as well as qualifications.

18. Sh. Ajay Singh, Assistant Environmental Engineer:-

Sh. Ajay Singh was appointed as Assistant Environmental Engineer in the Board on 04.03.2014. He has acquired total experience of 5 years and 08 months against the requisite experience of 8 years in the Board as Assistant Environmental Engineer. He has passed B.Tech. & M. Tech. from MDU, Rohtak.

He does not fulfill the eligibility criteria in the context of experience.

19. Smt. Neha Saharan, Assistant Environmental Engineer:-

Smt. Neha Saharan was appointed as Assistant Environmental Engineer in the Board on 04.03.2014. She has acquired total experience of 5 years and 08 months against the requisite experience of 8 years in the Board as Assistant Environmental Engineer. She has passed B.Tech. & M.E. (Chemical) from JMIT, Radaur, Kurukshetra.

She does not fulfill the eligibility criteria in the context of experience.

20. Sh. Nipun Gupta, Assistant Environmental Engineer:-

Sh. Ajay Singh was appointed as Assistant Environmental Engineer in the Board on 04.03.2014. He submitted his joining report on 05.03.2014 (F.N.). He has acquired total experience of 5 years and 08 months against the requisite experience of 8 years in the Board as Assistant Environmental Engineer. He has passed Mechanical Engineering from NIT, Kurukshetra.

He does not fulfill the eligibility criteria in the context of experience.

The Committee also considered the matters pending before the Hon'ble Punjab and Haryana High Court in CWP No. 9387 of 2016 Naveen Gulia & Others, CWP No. 2580 of 2019 filed by Sh. Vinay Gautam & Others and desired that promotion may be made subject to the outcome of the above writ petitions and lawfully claim of the others.

Agenda Item No. 187.6

6/1/23
Strengthening of Haryana State
Pollution Control Board.

The Haryana State Pollution Control Board, keeping in view the increased work load and enhanced responsibilities decided to strengthen the Board and hence approved to create additional posts for opening of Regional Offices in each district and Sub-Head Quarter at Gurgaon vide Agenda Item No. 184.18 (s) in its 184th meeting held on 30.05.2019 (**Annexure 'A'**). As per the provisions of the Water (prevention & Control of Pollution) Act, 1974 and Government instructions was sent to Government for sanctioning the additional posts through single file vide FTMS No. 35955.

The Government vide Memo No. 2/24/2019-1Env. Dated 04.10.2019 sanctioned total 183 additional posts of different cadres (**Annexure 'B'**) with the concurrence of Haryana Bureau of Public Enterprises, Finance Department for opening of Twelve new Regional Offices in each district and also to open Sub-Head Quarter at Gurugram. After this sanction, total strength of the HPSCB has become 483 of all cadres. Detail of total sanctioned posts is enclosed at **Annexure 'C'**.

It is for the information of the Hon'ble Members.

6/2/24

Annexure - 'A'

Supplementary Agenda Item No. :- 184. 18/08

Strengthening of the Scientific & Engineering cadres of the Haryana State Pollution Control Board (HSPCB) with a revised proposal for 12 additional Regional Offices at the district level, and 1 Sub-Headquarters at Gurgaon (NCR)

Haryana State Pollution Control Board in its 180th meeting held on 08.06.2018 vide agenda item No. 180.21(S) approved the strengthening of the Board and sanctioned 167 additional posts to establish 12 more Regional Offices in each district and 06 Zonal Offices. The Agenda and Minutes of the above meeting is placed at Annexure-A.

After the approval of the Board, the case was sent to Government for further approval vide letter No. HSPCB/Estt./2018/4829 dated 25.06.2018.

Proposal for Expansion/ Strengthening

The exercise on strengthening the board across both the engineering and Scientific Cadres has been under discussion since June 2018 (As per Government Note No: HSPCB/Estt./2018/4829 dated 25.06.2018). This proposal was discussed also under the chairmanship of the Chairman, Haryana Bureau of Public Enterprises (HBPE). Following this the same matter has been discussed with the Government at the level of Hon'ble Minister of Environment, Haryana, Additional Chief Secretary (Finance), Additional Chief Secretary (Environment), Chairman (HSPCB) and Member-Secretary (HSPCB) and other concerned officers. Subsequent meetings were held under the chairmanship of Secretary (Finance) and Member Secretary (HBPE) and also with ACS (Environment) together with ACS (Finance). As per last discussions in meetings held on 9.05.2019, 10.5.2019 with ACS (Environment) and in the meeting held on 13.05.2019 with Additional Chief Secretary (Environment), Additional Chief Secretary (Finance), Chairman (HSPCB) and Member Secretary (HSPCB) the following four points were decided;

- I. Need to ensure 1 Regional Office in every district due to significant increase in mandate of the Board due to new Environmental Laws & rules (Since 2016)
- II. Need for targeted focus on NCR by setting up Sub-Regional HQ at Gurugram.
- III. Need to strengthen scientific cadre along with engineering cadre of the Board with subject matter experts in various fields of environment and also in the field of data analytics

6/3/25

IV. Need for strengthening laboratory management practices (sampling & analysis) and staffing.

The above points are elaborated below

I. Need to ensure 1 Regional Office in every district due to significant increase in mandate of the Board due to new Environmental Laws & Rules (Since 2016)

It has been observed that regional offices currently hold jurisdiction of 2-3 districts, at great distances from the Headquarter of the Regional Office. The Regional Office is therefore unable to efficiently address the increased responsibilities and mandates through various environmental laws. Besides enforcing the Air (Prevention & Control of Pollution Act, 1981) and & Water (Prevention & Control Act, 1974) Act and Environment Protection Rules (1986), there have been additions and amendments to the environmental rules and laws to be enforced since 2016 as outlined below.

The Environment (Protection) Rules, 1986 as amended by The Environment (Protection) Sixth Amendment Rules, 2016 (GSR. 1016), dated 28.10.2016	General legislation on environment protection to enable co-ordination of HSPCB and various Government agencies and enforce powers for environmental protection, regulation in discharge of pollutants, handling of hazardous substances etc.
The Solid Waste Management Rules, 2016;	HSPCB to enforce the rules through local bodies under jurisdiction, review implementation of rules, monitor environmental standards, examine proposals for authorization, issue authorizations, suspend or cancel authorization, monitor compliance and provide directions to local bodies for safe handling and disposal and regulate inter-state movement of waste.
The Hazardous & other Wastes (Management & Transboundary movement) Rules, 2016;	HSPCB to provide authorization for managing hazardous and other wastes, providing approval for design and layout of treatment, storage and disposal facilities as per guidelines issued by CPCB
The Bio-Medical Waste Management Rules, 2016;	HSPCB is the prescribed authority for the implementation of the rules, providing authorizations, monitoring implementation of rules in health care facilities

6/4/26

The Construction & Demolition Waste Management Rules, 2016;	HSPCB to monitor implementation of the rules by concerned local bodies, competent authorities and granting authorization to C&D waste as specified under rules laid down
The Plastic Waste Management Rules, 2016;	HSPCB is the authority for enforcement of the provisions under these rules relating to registration, manufacture of plastic products and multi-layered packaging, processing and disposal of wastes
The E-Waste Management Rules, 2016;	HSPCB to monitor e-waste and provide authorizations for manufacturers generating e-waste, dismantlers, recyclers, suspend or cancel authorizations and submission of annual report on E-waste to CPCB

In order to effectively implement the above rules, it is proposed to ensure the presence of 1 Regional Office in every District (i.e 12 new additional regional offices to bring the total number of Regional Offices to 24). It was decided that each additional Regional Office shall have the same set of posts as the existing regional offices viz. 1 Environment Engineer (EE), 3 Assistant Environment Engineers (AEE), 1 Junior Environment Engineer (JEE), 1 Scientist 'B', 1 Assistant, 1 Clerk, 1 Peon and 1 Field Attendant. It was also decided that the proposal of zonal offices may not be pursued at this stage.

II. Need for targeted focus on NCR by setting up Sub-Regional HQ at Gurugram

It was observed that the effective enforcement of the above rules is all the more necessitated in NCR region due to the rapid increase in industrial pollutants, vehicular traffic and other contextual challenges. NCR region is also experiencing an increase in air pollution. At present, National Capital Region (NCR) now has 13 districts in the region, which attract higher industrialisation, especially in the Gurgaon, Dharuhera and Faridabad Regions. The continuous expansion of industrial units across the state is an ongoing occurrence and requires approvals/authorizations from the Board. Due to the paucity of manpower to ensure the veracity and compliance of these existing and new industrial units, the workload on

6/5/27

the existing organization structure is high. It is therefore proposed to set up a Sub-Regional headquarters at Gurgaon in order to address NCR-specific challenges of air pollution, in addition to other types of pollution. It was decided that the Chairman/Member-Secretary (HSPCB) would officiate in the Sub-HQ when in Station Annexure-B.

III. Need to strengthen scientific cadre along with engineering cadre of the Board with subject matter experts in various fields of environment and also in the field of data analytics and strengthening Laboratory Management practices and staffing.

It was observed that there is a felt need to strengthen the scientific and engineering cadre of the Board in order to achieve the strategic vision of the Board.

It was proposed that the scientific cadre may also be further strengthened with 1 Chief Scientific Officer (CSO) each at the Head Office and Sub-HQ, Gurgaon and 8 Senior Scientists at the field level especially for the NCR Region and Head Office. Out of these proposed 3 additional proposed posts of Senior Scientists, 1 to be filled through Promotion (based at HQ), 2 for Data and Analytics Cell - through Deputation (one each at HQ and Sub HQ Ggn) and another 5 also through deputation who would be experts/subject matter specialists of which the expert for Air Quality would be based at Sub HQ, Gurgaon, the other 4, one each for Water Quality, Waste Management, Nature Conservationist and Toxicologist (to be based at HQ). It was also decided that 2 Chief Environment Engineer (CEE) and 3 Senior Environment Engineers may be added at HQ level with appropriate support staff. It was further decided that an Advisory Cell/ Think Tank be setup with experts from fields like, toxicology, waste management, air & water management etc. Annexure-C and Annexure-D respectively for comprehensive list of proposed staff to strengthen scientific and engineering cadre of HSPCB with Pyramidal structures).

In view of the above, it is requested to kindly approve the creation of 183 posts as outlined in Annexure-D, for creation of 12 new regional offices, Sub-Regional HQ at Gurgaon and for strengthening the scientific & engineering cadre of the Board in order to ensure the smooth functioning of the Board.

6/6/28

IV. Strengthening Laboratory Management practices and staffing

Laboratories of HSPCB are based at Panchkula, Gurgaon, Faridabad and Hisar. There is some dependence on the external / private laboratories too for meeting the volume and the special tests conducted at the labs. To address this there is a proposal for strengthening the laboratory practices with additional test equipment and the staffing ensuring the deputation of the entire sanctioned manpower strength at the 4 HSPCB Laboratories. This shall minimise the need for external laboratories. With Experts at the level of Senior Scientist and a Chief Scientific Officer, strengthening of Lab Practices and an internal supervision at the level of the Chief Scientific Officer shall ensure better Lab Management in the endeavour of strengthening the Laboratory Practices at HSPCB.

Submitted for consideration and approval please.

6/7/29

Agenda Item No. 180.21 (S)

Strengthening of Haryana State Pollution Control Board with additional Regional Offices, Zonal Offices and supervisory post in the rank of Chief Environmental Engineer in Head Office.

It is submitted that the Board has been working with the sanctioned capacity of 299 officials in different ranks as per the sanctioned strength with 12 Regional Offices under the control of Regional Officer with the field officials in the rank of Assistant Environmental Engineers, Junior Environmental Engineers and Scientist 'B'. It has been observed in different fora that with the increased load of work and responsibilities the Regional Offices which are currently holding jurisdiction of (mostly) 2-3 districts are not able to deliver the results efficiently and they need to be strengthened with additional Regional Offices (with at least one Regional Office per District) as has been done in all other States.

This matter has been discussed with the Government at the level of Additional Chief Secretary (Environment), Hon'ble Minister of Environment Haryana. Chairman and Members of Public Accounts Committee of Vidhan Sabha of State of Haryana in a meeting also felt the necessity of immediately strengthening of Board by providing more regions and monitoring officers and staff. There is need to establish regional office in each district with regular set up of 3 Assistant Environmental Engineers, 1 Junior Environmental Engineer, 1 Scientist 'B', 1 Assistant, 1 Clerk, 1 Peon & 1 Field Attendant as existing in other Regional Offices. It has also been felt that for monitoring these Regional Offices the Zonal Offices are also required to be set up in the lines of Divisional Commissioner rates established in the State of Haryana with one Senior Environmental Engineer level officer as its Head who may be assisted by 1 Assistant Environmental Engineer, 1 Deputy Superintendent, 1 Assistant, 2 Clerks & 1 Peon. It was also felt that there should be a post of Chief Environmental Engineer at Head Office level to effectively monitor the Zonal Offices and Regional Offices so that the Board can deliver its functions appropriately.

A detailed list of proposed additional manpower for creation of 12 more Regional Offices (with one Regional Office in each District of Haryana and with 2 Regional Offices each in Faridabad and Gurugram where the issues of severe air pollution and more number of industries are observed), 6 Zonal Offices (in Hisar, Ambala, Karnal, Faridabad, Gurugram and Rohtak) following the lines of Divisional Commissioners with the similar jurisdictions and a Chief Environmental Engineer at Headquarter of Haryana State Pollution Control Board has been placed below for consideration of the Board.

It is proposed that the Board may consider the above proposal and accord its principle approval for the same.

6/8/30

ANNEXURE-A

INDEX					
Details of Proposed Manpower for Strengthening of Haryana State Pollution Control Board

6/14/36

Minutes of 180th meeting of the Haryana State Pollution Control Board, Panchkula, held at 2.30 P.M. on 08.06.2018 under the Chairmanship of Sh. Ashok Kheterpal, Chairman, Haryana State Pollution Control Board, Panchkula.

The 180th meeting of the Haryana State Pollution Control Board was convened at 2.30 P.M. on 08.06.2018 in its Conference Room under the Chairmanship of Sh. Ashok Kheterpal, Chairman, HSPCB. The list of participants is at Annexure-I. Leave of absence was granted to the Members who could not attend the meeting. The Member Secretary of the Board welcomed all the participants and presented the agenda items before the Board. A detailed discussion was held on all the agenda items and the minutes of the meeting are presented as below.

Agenda Item No. 180.1

Confirmation of the minutes of 179th meeting of the Haryana State Pollution Control Board.

Minutes of 179th meeting were confirmed.

Agenda Item No. 180.2

Action taken on the minutes of the 179th meeting of the Haryana State Pollution Control Board held on 28.03.2018.

The Board members were apprised of the action taken on the decisions taken in the 179th meeting and the same were noted.

Agenda Item No. 180.3

Extension of deputation period of Assistant Executive Engineers of HPGCL regarding-S/Sh. Sandeep Kumar, Lalit Malik and Sachin Narwal.

The Agenda Note was noted.

Agenda Item No. 180.4

Estt. Dr. Jai Bhagwan, Scientist 'C' - Retention in service beyond the age of 55 years.

The Agenda Note was noted.

Agenda Item No. 180.5

Clearance of Probation Period of Sh. Bhupinder Singh Chahal, Environmental Engineer, Haryana State Pollution Control Board, Regional Office, Panipat.

The Agenda Note was noted.

6/15/37

Agenda Item No. 180.6

Review of Annual Confidential Report for the year 2013-14 (01.04.2013 to 07.02.2014)-Sh. Virender Singh Punia, the then Assistant Environmental Engineer (now Environmental Engineer).

The matter was discussed elaborately and it was observed that the process of dealing of the representation of applicant was not given due diligence and the representation for expunging the adverse remarks submitted by Sh. Virender Singh Punia, the then AEE was considered and his overall assessment was upgraded as 'Good' by the Board.

Agenda Item No. 180.7

Review of Annual Confidential Report for the year 2013-14-Smt. Poonam Langayan Sandilya, Assistant Environmental Engineer (HQ).

The matter was discussed elaborately and it was observed that the process of dealing of the representation of applicant was not given due diligence and the representation for expunging the adverse remarks submitted by Smt. Poonam Langayan Sandilya, the then AEE was considered and her overall assessment was upgraded as 'Good' by the Board.

Agenda Item No. 180.8

Proposed Amendments in Haryana State Pollution Control Board (Group A, B, C and D) Service Regulations, 2004.

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.9

Promotion to the post of Senior Scientist.

The proposal contained in Agenda Note was discussed and it was approved that Dr P.K.M.K.Das, Scientist 'C' may be promoted to the post of Senior Scientist in the Functional Pay Level (FPL)-14 i.e. Rs. 1,18,500/- (minimum) of 7th Revised Pay Package Formulation (RPPF).

Agenda Item No. 180.10

Increase of Permanent Imprest allotted to all Regional Offices & Laboratories.

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.11

Installation of 22 Manual Ambient Air Quality Monitoring Stations in different Districts of Haryana i.e. Mahendergarh, Bhiwani, Mewat, Rohtak, Sonapat, Rewari, Jhajjar, Panipat, Palwal, Jind and Karnal.

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.12

Imposing Prohibition on installation of new Pyrolysis Plants in the State.

The proposal contained in Agenda Note was approved. However, it was suggested by the Board that the study as proposed in the agenda may be completed within a time

6/16/38

bound manner as soon as possible to avoid the scope of illegal establishment of such type of units in the State.

Agenda Item No. 180.13

Delegation of power for inspection of industries at the time of grant of 1st CTO at the Regional Officers of the Board.

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.14 (S)

Sanction for recruitment of Consultant for a period of six months having expertise in Environmental Science.

The proposal contained in Agenda Note was approved. However, it was also suggested & approved by the Board of Directors that period of engagement of Consultant may be enhanced from six months to one year which may be further extendable for another period on year to year basis of requirement of the Board and performance of the professional.

Agenda Item No. 180.15 (S)

For delegation of power to the ROs for grant/ refusal of authorization cases under, E-waste Management Rules, 2016.

The proposal contained in Agenda Note was approved. However, it was also suggested by the Board of Directors that awareness programmes may also be organized through Workshop / Meetings with Entrepreneurs of relevant field for proper implementation of E-waste (Management) Rules, 2016.

Agenda Item No. 180.16 (S)

Extension of existing stone crushing zone of Khanak, District - Bhiwani.

After detailed discussion, it was decided to defer the matter for next meeting and a detailed report be put up regarding requirement with justification of expansion in existing zone including the details of units operating outside the zone, existing area, gaps/area available in the existing zone, proposed area of expansion, no. of units existing in the proposed zone and proposed number of units to be shifted to expanded zone. Also in addition to this, a detailed plan of new zone may be put up for examination of the matter in the interest of Environment as well as to cope up from existing circumstances.

Agenda Item No. 180.17 (S)

Procedure for grant / refusal of registration cases under, Plastic Waste Management Rules, 2016.

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.18 (S)

6/17/39

Installation of 05 Nos Continuous Ambient Air Quality Monitoring Station (CAAQMS) (03 in Faridabad and 2 in Gurugram in Haryana).

The proposal contained in Agenda Note was approved.

Agenda Item No. 180.19 (S)

Proposal for revision of the existing fee structure of Board for obtaining consent to establish and consent to operate fee under Water Act, 1974 and Air Act, 1981 for the various industries / projects / legally constituted bodies / service sector.

Agenda item was approved and the Board agreed with the proposal to forward the same to Government for its consideration and approval. However, it was also suggested by the Board of Directors that the provisions for enhancement of fees on a regular year to year basis which specific increment may be considered.

Agenda Item No. 180.20 (S)

Addendum to Agenda Item No. 180.9 - Promotion to the post of Senior Scientist of Dr. P.K.M.K. Das, Scientist 'C'.

After examination of the facts of this agenda item, the promotion of Dr. P.K.M.K. Das, Scientist 'C' to the post of Senior Scientist as proposed in Agenda Item No. 180.9 was approved.

Agenda Item No. 180.21 (S)

Strengthening of Haryana State Pollution Control Board with additional Regional Offices, Zonal Offices and supervisory post in the rank of Chief Environmental Engineer in Head Office.

Agenda item approved and the Board agreed with the proposal to forward the same to Government for its consideration and approval.

Agenda Item No. 187.7

To fill up direct quota posts of Group C and D in the
Haryana State Pollution Control Board.

It is intimated that the Group C & D direct quota posts of Haryana State Pollution Control Board fall in the purview of Haryana Staff Selection Commission and these are being filled up through Haryana Staff Selection Commission. The requisition in this case is being sent by the Haryana State Pollution Control Board direct to the Haryana Staff Selection Commission.

The procedure for filling up the post of Group C and D direct quota, the Chairman, Haryana State Pollution Control Board is sending the requisition of Group C & D categories to the Haryana Staff Selection Commission.

The agenda is placed before the Board of Directors for information.

8/1/19

Agenda Item No. 187.8

Amendment in procedure for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981 applicable and implementation through OCMMS

The Haryana State Pollution Control Board has laid down the procedure for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981 alongwith application form for auto renewal of consent to operate (CTO) under Water Act, 1974 and Air Act, 1981 and checklist of documents on OCMMS vide Head Office Order Endst. No. HSPCB/PLG-135/2018/2701-2727 dated 17.12.2018 (**Annexure-A**).

The Board in its 184th meeting held on 30.05.2019, vide agenda item no. 184.16(s) accorded Ex-Post Facto approval of above said procedure for auto renewal of CTO and delegated powers to the Chairman of the Board for cancellation of CTE and CTO as per section 21(4) of Air Act, 1981 and for withdrawal or review of refusal or grant of consent including review and revocation of any condition of CTO granted to any unit as per section 27 of Water Act, 1974.

The Hon'ble NGT in the matter of O.A. No. 639/2018 with O.A. No. 624/2018 titled as Shailish Singh V/s State of Haryana & Ors. with Gaurav Jain V/s State of Haryana & Ors. in its order dated 08.03.2019 (**Annexure-B**) has observed in para no. 4 of the above said order that the inspection policy of the HSPCB hardly matches the mandate of precautionary sustainable development principles of environmental law and further the auto renewal policy results in pollution remaining unchecked and directed that the above policy must be revised forth with by the HSPCB in consultation with CPCB.

A meeting was held in this regard at Chief Secretary level on 29.05.2019 and as directed by Chief Secretary, a subsequent meeting was held by HSPCB with Chairman, Central Pollution Control Board (CPCB) on 25.07.2019. Thereafter, a meeting at Chief Secretary Level was again held on 19.08.2019 to discuss the outcome of the meeting held with CPCB and it was decided that the pre-verification process may be completed within 5 working days and renewal of consent be done if the units are complying with the requirement (with online verification of documents without physical inspection) and the non-complying cases be dealt separately.

Accordingly, the revised procedure has been issued vide order endst. No. HSPCB/PLG-135/2019/411-436 dated 20.09.2019 (**Annexure-C**) revising the existing provision at Sr. No. 6 and omitting the existing provision at Sr. No. 8 of the **Annexure-I** of procedure for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981 already issued vide Endst. No. HSPCB/PLG-135/2018/2701-2727 dated 17.12.2018.

The matter is placed before the Board for consideration and Ex-Post Facto approval of the above said procedure for auto renewal of CTO.

HARYANA STATE POLLUTION CONTROL BOARD

C-11, SECTOR-6, PANCHKULA

Ph-2577870-73 E-mail: hspcbho@gmail.com

8/2/50

Annexure - A

Office Order

Whereas, the Haryana State Pollution Control Board has already laid down the procedure for renewal of consent to operate under Water Act, 1974 and Air Act, 1981 alongwith application for auto renewal of consent to operate (CTO) under Water Act, 1974 and Air Act, 1981 and checklist of documents vide order Endst. No. HSPCB/2018/517-546 dated 26.02.2018 but the mechanism for auto renewal of CTO has not been developed in the OCMMS and the application for renewal of CTO are being processed involving the verification by the concerned officers of the Board and without auto generation of the renewed CTO;

Whereas, as per Business Reform Action Plan 2018, received from Department of Industries and Commerce Haryana, there is requirement to develop online system for auto renewal of CTO in the online consent management and monitoring system (OCMMS);

Whereas, the matter has been discussed in the meeting of the Technical Advisory Committee (TAC) of the Board held on 13.11.2018 and based upon the recommendation of TAC, comprehensive procedure for auto renewal of CTO was finalized and issued vide letter no. HSPCB/PLG-TAC/2018/5735-45 dated 25.11.2018.

In view of above and in partial modification of the procedure for renewal of CTO prescribed in the consent policy issued vide Endst. No. HSPCB/2018/517-546 dated 26.02.2018, it is hereby ordered that the procedure attached herewith as Annexure-1 for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981, shall be applicable and implemented through OCMMS.

These orders shall come into force with immediate effect.

Dated Panchkula, the
14th December, 2018

Ashok Kheterpal
Chairman

Endst. No. HSPCB/PLG-135/2018/ 7325

Dated: 17/12/18

A copy of the above is forwarded to the following for information and necessary action:

1. All section Incharges in Head Office of the Board.
2. Environmental Engineer-IT Cell. He will take immediate action for development and operation of online module for auto renewal of CTO under Water Act, 1974 and Air Act, 1981 as per above said procedure attached. He will further format the configuration in the OCMMS, not to allow the certain specific industries which are restricted and cannot be allowed to operate beyond a specific period and such specific industries will be provided a tag to deal them by manual mode and not by auto mode.
3. All Regional Officers of the Board in the field.
4. Environmental Engineer -cum- Nodal Officer of the HSPCB, Haryana Enterprises Promotion Centre (HEPC) Bay No. 63-64-65-66, Sector 2, Panchkula.
5. Nodal Officer (IT) for uploading the orders on the website of the Board for the notice of all concerned.

Sr. EE-I (HQ)
For Chairman

Endst. No. HSPCB/PLG-135/2018/

A copy of the above is forwarded to the following for information of the officers:-

1. PS to Chairman
2. PA to Member Secretary

Sr. EE-I (HQ)
For Chairman

8/3/51

Annexure-1

Procedure for Auto Renewal of Consent to Operate under Water Act, 1974 and Air Act, 1981

1. The industrial units/projects falling under Red, Orange and Green Categories as per categorization of industrial sectors projects issued by the Board for consent purpose vide order encl. No. HSE/CB 2018/517-546 dated 26.02.2018 and amended from time to time, intending for auto renewal of the consent to operate (CTO) under Water Act, 1974 and Air Act, 1981 from the Board, shall apply through the online portal of the HEPC, atleast 90 days before expiry of the validity period of the CTO granted by the Board, on prescribed performa as per Annexure-A alongwith the fee for the consent fees prescribed as per schedule attached as Annexure-B to be deposited through on line payment gateway and the documents as mentioned in the Annexure-A.
2. No documents are allowed to be submitted manually.
3. Application shall be submitted by the authorized official of the unit, duly authorized by the owner/Board of directors/ partners of the unit.
4. Only those units which have valid CTO and there is no change in the raw material, manufacturing process, product, increase in overall capital investment cost on land, building, plant and machinery, production capacity and also in pollution load of these units as declared in the original application for obtaining previous CTO, will be eligible for auto renewal of the CTO.
5. The auto renewal of CTO will be valid only for those units which are complying the standards prescribed for discharge of pollutants prescribed under EP Rules, 1986 and submitted all required documents and prescribed consent fees.
6. On applying for auto renewal, the CTO will be renewed and generated automatically on the OCMMS without verifying the CTO fee, contents of the application and documents submitted by the unit by the concerned Regional Officer, on the format attached as Annexure-C.
7. The authentication on the consent letter by way of digital signature, e-signature or any other modality for the consent to be explored by the IT Cell as per compliance of Business Reform Action Plan.
8. The contents of the application alongwith documents and CTO fee submitted by the unit for auto renewal of CTOs will be checked and verified for its correctness and authenticity before closing the application by the RO within 21 days and in case the same are found correct and complete then the application will be closed by RO recording his statement on the OCMMS in this regard i.e. "checked & found correct and complete as per procedure" but in case of any shortcoming or deficiency in the application, the RO will process the case for revocation/withdrawal/cancellation of the CTO as authorized as per provision of the Water Act, 1974 and Air Act, 1981. In case Regional Officer does not take any action in this regard within 21 days then he will be held personally responsible for not verifying the application submitted by the unit for auto renewal of CTO.
9. Auto renewal of consent to operate will not prevent the Board for taking coercive action against the unit including withdrawal/cancellation of the same in case the information provided by such unit are found false, incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under EP Rules 1986 or any of the conditions of the consent so auto renewed or in case of violation of any provision of Water Act, 1974 and Air Act, 1981.
10. Specific industries which are restricted and cannot be allowed to operate beyond a specific period, are exempted from auto renewal. Such type of specific industries will be dealt by manual mode and not by auto mode.

8/4/52

Annexure-AFormat for application form for auto renewal of CTO under Water Act, 1974/Air Act, 1981

1.	Name & address of the person with detail of land (Khasra) & Plot No.				
2.	Site status Industrial Area Control Area Municipal Area				
3.	Detail of previous CTO granted under Water Act, 1974/Air Act, 1981				
	Previous CTO No.	View (Automatic from previous application)

ETP/STP A/Q.M for the record of energy and chemical consumption, quantity of effluent at inlet and outlet of ETP/STP supported with readings of magnetic flow meters alongwith quantity of treated effluent recycled/reused in the process, utilized in the premises and discharged into effluent.

18. **Declaration :**

1. That the present details of the manufacturing process and other information /data of our unit are same as submitted / provided by the Board earlier with original application for obtaining previous Consent to operate referred above and therefore the same may be considered for present application for auto renewal of consent to operate for further period.
2. That we undertake to deposit the balance consent fees if any found due at any stage due to increase in the effluent cost on Land, Building, Plant and Machinery of our unit at any later stage.
3. That we are complying with the conditions of previous consent to operate granted to our unit by the Board and up to _____ and also complying with all the standards / norms prescribed under EP Rules, 1986 for discharge of environmental pollutants, by operating our pollution control devices regularly and effectively.
4. That there is/will be no change in the raw material, process, products, quantity of effluent, source of air emissions, technology of pollution control measures and increase in production or pollution load and we remain same as submitted in the previous application for consent to operate. In case of any such change, prior fresh consent to establish and consent to operate as applicable for the same will be obtained by our unit from the HSPCB.
5. That we shall continue operating and maintaining our pollution control measures/ devices regularly and effectively and will maintain and keep all the parameters within standards / norms prescribed under EP Rules, 1986.
6. We undertake to comply with all the conditions of renewal of consent to operate to be imposed by the Board if any.
7. That we shall comply with all the relevant provisions of water Act, 1974 and Air Act, 1981.
8. It is certified that all the information provided by the unit are true and correct and the above undertaking has been submitted with the approval of the Board of Directors/ Partner/Owner of the industry/ process.
9. We undertake that auto renewal of consent to operate will not prevent the Board for taking coercive action against our unit including withdrawal/cancellation of the same in case the information provided by our unit are found false or incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under EP Rules 1986 or any of the conditions of renewal of consent so granted or in case of violation of any provision of Water Act, 1974 and Air Act, 1981.

A-X For Mining Activities

1. Prescribed under Water Act, 1974 vide Notification dated 05.12.1997

Sr. No.	Units paying license fee for mining	Fees Amount (Rs.)
a.	Not exceeding Rs. 25 lacs annually	1,00,000
b.	Exceeding Rs. 25 lacs but not exceeding Rs. 50 lacs	1,50,000
c.	More than Rs. 50 lacs	2,00,000

2. Prescribed under Air Act, 1981 vide Notification dated 20.09.2002

Sr. No.	Units paying license fee for mining	Fees Amount (Rs.)
a.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 5 crores and above.	1,00,000
b.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 2.5 crores to 5 crores.	75,000
c.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 1 crore to 2.5 crores.	60,000
d.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 75 lacs to 1 crore.	50,000
e.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 50 lacs to 75 lacs.	40,000
f.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 25 lacs to 50 lacs.	30,000
g.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 10 lacs to 25 lacs.	20,000
h.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 5 lacs to 10 lacs.	10,000
i.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 1 lac to 5 lacs.	5,000
j.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts upto Rs. 1 lac.	1,000

A-XI Projects/units covered under Haryana Bio Energy Policy 2018.

Sr. No.	Under the Act	Fee Amount (Rs.)
1.	Water Act, 1974	Nil
2.	Air Act, 1981	Nil

8/10/58

B Fees for consent to operate under Water Act, 1974 and Air Act, 1981 to be charged annually.

B-I Consent fees for highly polluting industries such as fertilizers (nitrogen / phosphate), sugar, cement, fermentation & distillery, petro-chemical, thermal power plant, oil refinery, sulfuric acid, iron & steel, pulp & paper, dye and dye intermediates, pesticides manufacturing, basic drugs and pharmaceuticals etc.

(Red category industries other than those specified)

Sr. No.	Industries having Capital Investment	Under Water Act		Under Air Act	
		1st Year	Subsequent Year	1st Year	Subsequent Year
a.	Up to Rs. 10 crores	1,50,000	75,000	1,50,000	75,000
b.	Exceeding Rs. 50 crores but not exceeding Rs. 100 crores	1,20,000	60,000	1,20,000	60,000
c.	Exceeding Rs. 10 crores but not exceeding Rs. 50 crores	90,000	45,000	90,000	45,000
d.	Exceeding Rs. 5 crores but not exceeding Rs. 10 crores	60,000	30,000	60,000	30,000
e.	Exceeding Rs. 1 crore but not exceeding Rs. 5 crores	30,000	15,000	30,000	15,000
f.	Exceeding Rs. 50 lakhs but not exceeding Rs. 1 crore	15,000	7,500	15,000	7,500

B-IV Consent fees for Mining Activities

1. Under Water Act, 1974

Sr. No.	Units paying license fee for mining	1 st Years (Rs.)	Subsequent Years (Rs.)
a.	Units paying license fee for mining not exceeding Rs. 25 lacs annually	1,50,000	1,25,000
b.	Units paying license fee for mining exceeding Rs. 25 lacs but not exceeding Rs. 50 lacs	2,25,000	1,75,000
c.	Units paying license fee for mining more than Rs. 50 lacs	3,00,000	2,25,000

2. Under Air Act, 1981

Sr. No.	Units whose dead rent as determined by the auction or royalty paid whichever is higher	1 st Years (Rs.)	Subsequent Years (Rs.)
a.	For amounts Rs. 5 crores and above	2 lacs	2 lacs
b.	For amounts Rs. 2.5 to 5 crores	1.5 lacs	1.5 lacs
c.	For amounts Rs. 1 to 2.5 crores	1,25 lacs	1,25 lacs
d.	For amounts Rs. 75 lacs to 1 crore	1 lac	1 lac
e.	For amounts Rs. 50 lacs to 75 lacs	75,000	75,000
f.	For amounts Rs. 25 lacs to 50 lacs	50,000	50,000
g.	For amounts Rs. 10 lacs to 25 lacs	30,000	30,000
h.	For amounts Rs. 5 lacs to 10 lacs	10,000	10,000
i.	For amounts Rs. 1 lac to 5 lacs	1,000	1,000
j.	For amounts Rs. 1 lac	1,000	1,000

B-V Consent fee for 1st year and for subsequent years to operate pulverizes (Prescribed under Air Act, 1981)

Sr. No.	Pulverizes with capacity	Fees Amount	
		1st Years (Rs.)	Subsequent Years (Rs.)
a.	Not exceeding 100 tons/day	2,000	2,000
b.	Exceeding 100 tons/day	3,000	3,000

B-VI Consent fee for stone crushers (Prescribed under Air Act, 1981)

Sr. No.	Crushing unit capacity	1st Years (Rs.)	Subsequent Years (Rs.)
a.	Not exceeding 100 tons/day	5,000	5,000
b.	Exceeding 100 tons/day	7,500	7,500

8/13/61

B-VII Fee for transfer of consent to operate in case of stone crushers (Prescribed under Air Act, 1981)

Sr. No.	Crushing capacity	Fees Amount (Rs.)
a.	Not exceeding 100 tons day	20,000
b.	Exceeding 100 tons day	35,000

B-VIII Consent fee for Hot Mix Plant (Prescribed under Air Act, 1981)

Sr. No.	Hot Mix Plant with the capacity	1st Year (Rs.)	Subsequent Year (Rs.)
a.	Not exceeding 50 tons day	5,000	5,000
b.	Hot Mix Plant with the capacity	7,500	7,500

B-IX Consent fee for brick kilns (Under Air Act, 1981)

Sr. No.	Investment cost of Brick Kilns	1st Year (Rs.)	Subsequent Year (Rs.)
a.	Not exceeding Rs. 30 lacs	5,000	5,000
b.	Exceeding Rs. 25 lacs but not exceeding Rs. 30 lacs	10,000	10,000
c.	Exceeding Rs. 30 lacs	15,000	15,000

B-X Consent Fees for 1st Year and subsequent Year to operate Rice Shellers.

Sr. No.	Units having capital investment	Under water Act (Rs.)	Under Air Act (Rs.)
a.	Not exceeding Rs. 25 lacs	10,000	10,000
b.	Exceeding Rs. 25 lacs but not exceeding Rs. 30 lacs	12,500	12,500
c.	Exceeding Rs. 30 lacs	15,000	15,000

B-XI Consent fees to be charged annually to operate Screening Plant (Prescribed under Water Act, 1974)

Sr. No.	Screening Plant Capacity	Fees amount (Rs.)
a.	Screening unit with capacity not exceeding 100 Tons day	5,000
b.	Exceeding 100 tons day	7,500

B-XII Consent Fees to be charged for first and for subsequent year to operate projects/units covered under Haryana Bio Energy Policy 2018.

Sr. No.	Under the Act	Fee Amount (Rs.)
1.	Water Act, 1974	Nil
2.	Air Act, 1981	Nil

8/14/62

Note:-

1. If the industrial units - projects fails to apply for renewal of consent to operate (CTO) before 60 days of the expiry of previous consent and applies 60 days before the expiry of previous consent the unit shall have to pay additional consent fee @ 50% of the consent fee notified under the Rules. Subsequently, if the unit fails to apply before 60 days of the expiry of previous consent and applies 30 days before the expiry of previous consent, then the unit shall have to pay additional consent fee @ 100% of the consent fee applicable. If the unit fails to apply 30 days before the expiry of the previous consent, the unit will have to pay additional consent fee @ 200% of the consent fee applicable. Thereafter, the Board will take closure action under the provisions of Water Act, 1974 / Air Act, 1986 against such units for not having the valid consent to operate. In case the unit applies for renewal of CTO after the date of expiry of consent period or after taking the period notified as prescribed above then such applications will be entertained only if such units deposit consent fees for the longer period as per the policy of the Board depending upon the category of the unit along with the additional fees @ 300% of the consent fees prescribed for the year along with normal consent fees for subsequent years.
2. The industrial project will deposit requisite NOC fees for consent to establish for one time along with the application for auto renewal.
3. In case of the applications for expansion of existing projects, the NOC fees shall be charged @ the 100% cost of the expansion project.
4. "capital investment" means the original cost invested and includes investment on land, factory building, office building and machinery and factory whether ownership, on rent, mortgage or leasehold.
5. The provisions of schedule as prescribed under Water Act, 1974 and Air Act, 1981 by Government of Haryana, Environment Department from time to time is applicable w.e.f. 05.12.1997 except in the cases where NOC Consent fees has been prescribed after 05.12.1997 mentioned against such entries above. NOC consent fees prior to 05.12.1997 is charged according to fees schedule which was prescribed earlier through various Notifications from time to time by Government of Haryana, Environment Department and was synchronized with the schedule mentioned in the table.

HARYANA STATE POLLUTION CONTROL BOARD

Regional Office, _____

Annexure-C

No. HSPCB/Consent _____

Dated: _____

To _____

M/s _____

Sub: Renewal of consent to operate under Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981.

Kindly refer to your application No. _____ received on dated _____ through online portal of Haryana Pollution Control Board for renewal of consent to operate under the Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981 for the period _____.

With reference to your above application, the consent to operate under Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981 is hereby auto renewed for the period _____ to _____ based upon your self declaration, information, consent fee and documents submitted vide your application referred above with the same terms and conditions as stipulated in the previous consent to operate granted by this Board for the period _____ to _____ vide no. _____ dated _____ and with the following additional conditions:-

1. The manufacturing process and other information /data of the unit will remain same as submitted provided by the unit earlier with application for obtaining previous Consent to operate referred above.
2. The unit shall deposit the balance consent fees if any found due at any stage due to increase in the investment cost on Land, Building, Plant and Machinery of the unit at any later stage.
3. The unit shall not make any change in the raw material, process, products, quantity of effluent, quantity of air emissions, technology of pollution control measures and increase in production or pollution load and will remain same as submitted in the previous application for consent to operate. In case of any such change, prior fresh consent to establish and/or consent to operate as applicable for the same will be obtained by the unit from the HSPCB.
4. The unit shall operate and maintain their pollution control measures' devices regularly and effectively and will maintain and keep all the applicable parameters for discharge of environmental pollutants within standards / norms prescribed under EP Rules, 1986.
5. The unit shall maintain the logbook for operation of ETP-STP-APCM for the record of energy and chemical consumption, quantity of effluent at inlet and outlet of ETP/STP supported with readings of magnetic flow meters alongwith quantity of treated effluent recycled/reused in the process, utilized in the premises and discharged, mode of disposal.
6. The unit shall install online continuous effluent/air emission monitoring system if required as per the direction of CPCB/HSPCB issued from time to time in this regard and will connect the same with the servers of the CPCB and HSPCB.

8/16/64

7. The unit shall give a notice of renewal of consent to operate atleast 90 days before the expiry of consent to operate.
8. The unit shall comply with all the conditions of renewal of consent to operate all the relevant provisions of Water Act, 1974 and Air Act, 1981.
9. In case the information provided by the unit are found false or incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under E.P. Rules 1986 or any of the conditions of renewal of consent so granted or in case of violation of any provision of Water Act, 1974 and Air Act, 1981, coercive action against the unit under the provision of the said Acts including revocation or withdrawal cancellation of the consent to operate so granted, will be taken.

For Respondent (s):

Mr. Shlok Chandra, Advocate for CPCB.

ORDER

1. The issue for consideration is the inaction against the polluting industries in Sonipat and Panipat Districts in the State of Haryana.

8/18/66

2. Vide order dated 11.09.2018, the Tribunal considered the allegation that polluting activities of the industries are contaminating the ground water in various Districts of Haryana, including Bhiwani, Fatchabad, Jhajjar, Mewat and Sirsa. Ground water in the said area was unsuitable for drinking. On a survey, 50% water is found to be unfit for use by the Central Ground Water Board (CGWB) in Ambala, Jind, Kaithal, Karnal, Kurukshetra, Palwal, Panipat, Panchkula, Rohtak, Sonapat and Yamuna Nagar Districts. Reference with made to an article that more than 2 lakh population was affected due to contamination of poisonous substances in the water. 64 blocks are categorized as over exploited, 20 blocks are categorized as notified area in the State for regulation. Though closure notices were issued by the Pollution Board, further action was not taken. Polluting units were still continuing.

3. The Tribunal directed constitution of a joint committee with the representatives of Central Pollution Control Board (CPCB), Haryana State Pollution Control Board (HSPCB), CGWB and District Administration. A Report has been filed on 10.12.2018 by CPCB. The Report does not list the non-complying illegal units. No action taken against industries illegally extracting ground water has been specified. Inspection policy of the HSPCE is reported to be as follows :-

Sr No.	Category of the Industries/projects	Periodicity
a.	17 type highly polluting industries defined by CPCB (among Red Category)	3 years

8/19/67

b.	Red Category of Industries other than those mentioned at Sr. No. a. above	5 years
c.	Orange Category of Industries	7 years

4. The above policy hardly matches the mandate of Precautionary and Sustainable Development principles of environment law. Further, auto renewal policy results in pollution remaining unchecked. The above policy must be revised forthwith by the HSPCB in consultation with CPCB preferably within one month if regulatory regime by way of State PCB has to be meaningful. Constitution of State PCB without effective functioning amounts to failure of law enacted for protection of environment. In this connection, reference may be made to the order of this Tribunal dated 11.01.2019 in O.A. No. 95/2018, *Aryawart Foundation Vs. Vapi Green Enviro Ltd.* and order dated 16.01.2019 in O.A. No. 606/2018. Let the Chief Secretary, Haryana look into the matter and take remedial steps within one month and give a report to this Tribunal.

5. Since the Report can hardly be held to be satisfactory, the gaps in the Report be re-visited under the supervision of the Member Secretary CPCB by a team of two Senior Officers nominated by the Member Secretary CPCB. The Committee may also assess the illegal drawal of water. The revised report and policy of the HSPCB may be filed before the next date.

List for further consideration on 22.05.2019.

3/20/68

Original Application No. 624/2018

In view of order passed in O.A. No. 639/2018, direction in the said order will also apply to the present case.

The application is disposed of.

Office Order

Whereas, the Haryana State Pollution Control Board has laid down the procedure for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981 alongwith application for auto renewal of consent to operate (CTO) under Water Act, 1974 and Air Act, 1981 and checklist of documents on OCMMS vide Head Office Order Endst. No. HSPCB/PLG-135/2018/2701-2727 dated 17.12.2018;

Whereas, the Board in its 184th meeting held on 30.05.2019, vide agenda item no. 184.16(s) accorded Ex-Post Facto approval of above said procedure for auto renewal of CTO and delegated powers to the Chairman of the Board for cancellation of CTE and CTO as per section 21(4) of Air Act, 1981 and for withdrawal or review of refusal or grant of consent including review and revocation of any condition of CTO granted to any unit as per section 27 of Water Act, 1974;

Whereas Hon'ble NGT in its order dated 08.03.2019 passed in the matter of O.A. No. 639/2018 with O.A. No. 624/2018 titled as Shailesh Singh V/s State of Haryana & Ors. with Gaurav Jain V/s State of Haryana & Ors. has observed in para no. 4 of the above said order that the inspection policy of the HSPCB hardly matches the mandate of precautionary sustainable development principles of environmental law and further the auto renewal policy results in pollution remaining unchecked and directed that the above policy must be revised forth with by the HSPCB in consultation with CPCB.

Whereas a meeting was held in this regard at Chief Secretary level on 29.05.2019 and as directed by Secretary, a subsequent meeting was held by HSPCB with Chairman, Central Pollution Control Board (CPCB) on 25.07.2019. Thereafter, a meeting at Chief Secretary Level was again held on 19.08.2019 to discuss the outcome of the meeting held with CPCB and it was decided that the pre-verification process may be completed within 5 working days and renewal of consent be done if the units are complying with the requirement (with online verification of documents without physical inspection and the non-complying cases be dealt separately).

In view of above, it is hereby ordered to revise the existing provision at Sr. No. 6 and omit provision at Sr. No. 8 of existing Annexure-I of procedure for auto renewal of consent to operate under Water Act, 1974 and Air Act, 1981 already issued vide Endst. No. HSPCB/PLG-135/2018/2701-2727 dated 17.12.2018 and revised procedure attached herewith as Annexure-X, shall be applicable and implemented through OCMMS. These orders shall come into force with immediate effect.

Dated Panchkula, the
19th September, 2019

Ashok Kheterpal
Chairman

Endst. No. HSPCB/PLG-135/2019/ 411 - 434

Dated: 20/9/19

- A copy of the above is forwarded to the following for information and immediate necessary action:-
1. All section Incharges in Head Office of the Board.
 2. All Regional officers of the Board in the field.
 3. Environmental Engineer-IT Cell. He will take immediate action for making necessary changes in online module for auto renewal of CTO under Water Act, 1974 and Air Act, 1981 as per above said procedure attached. He will further format the configuration in the OCMMS, not to allow the certain specific industries which are restricted and cannot be allowed to operate beyond a specific period and such specific industries will be provided a tag to deal them by manual mode and not by auto mode.
 4. Environmental Engineer-cum-Nodal Officer of the HSPCB, Haryana Enterprise Promotion Center (HEPC), Bay No. 63-64-65-66, Sector 2, Panchkula.
 5. Nodal Officer (IT) for uploading the order on the website of the Board.

Endst. No. HSPCB/PLG-135/2019/ 435 - 436

- A copy of the above is forwarded to the following for information of the officers please:-
1. P.S. to Chairman.
 2. P.A. to Member Secretary.

Annexure -X/

Procedure for Auto Renewal of Consent to Operate under Water Act, 1974 and Air Act, 1981

1. The industrial units/projects falling under Red, Orange and Green Categories as per categorization of industrial sectors/projects issued by the Board for consent purpose vide order endst. No. HSPCB/2018/517-546 dated 26.02.2018 and amended from time to time, intending for auto renewal of the consent to operate (CTO) under Water Act, 1974 and Air Act, 1981 from the Board, shall apply through the online portal of the HEPC, atleast 90 days before expiry of the validity period of previous CTO granted by the Board, on prescribed performa as per Annexure-A alongwith the requisite consent fees prescribed as per schedule attached as Annexure-B to be deposited through online payment gateway and the documents as mentioned in the Annexure-A.
2. No documents are allowed to be submitted manually.
3. Application shall be submitted by the authorized official of the unit, duly authorized by the owner/Board of directors / partners of the unit.
4. Only those units which have valid CTO and there is no change in the raw material, manufacturing process, product, increase in overall capital investment cost on land, building, plant and machinery, production capacity and also in pollution load of these units as declared in the original application for obtaining previous CTO, will be eligible for auto renewal of the CTO.
5. The auto renewal of CTO will be valid only for those units which are complying the standards prescribed for discharge of pollutants prescribed under EP Rules, 1986 and submitted all required documents and prescribed consent fees.
6. On applying for auto renewal, the CTO will be renewed and generated automatically on the OCMMS after online pre-verification of documents without physical inspection within 5 working days as per delegation of powers and renewal of consent be done if the units are complying with the requirement, on the format attached as Annexure-C and the non-complying cases be dealt separately.
7. The authentication of the consent letter by way of digital signature, e-signature or any other modality for the same will be explored by the IT Cell as per compliance of Business Reform Action Plan.
8. Auto renewal of consent to operate will not prevent the Board for taking coercive action against the unit including withdrawal/cancellation of the same in case the information provided by such unit are found false or incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under EP Rules 1986 or any of the conditions of the consent so auto renewed or in case of violation of any provision of Water Act, 1974 and Air Act, 1981.
9. Specific industries which are restricted and cannot be allowed to operate beyond a specific period, are exempted from auto renewal. Such type of specific industries will be dealt by manual mode and not by auto mode.

8/23/71

Annexure-A

Format for application form for auto renewal of CTO under Water Act, 1974/Air Act, 1981

1.	Name & address of the unit with detail of land (Khasra/Killa/Plot No.)				
2.	Site status (Industrial Area/Control Area/MC/others)

	ii) Previous verification report	View (Automatic from previous application)			
	iii) Previous certificate	View (Automatic from previous application)			
	iv) Previous note history				
	v) Detail of previous CTO granted	Act	No.	Dated	Period
		Water			
		Air			
4.	Date of application for auto renewal of CTO				
5.	Acts under which applied	Water Act, 1974 and/or Air Act, 1981			
6.	Period for auto renewal of CTO applied (Max. 5 years for red category, 10 years for orange and 15 years for green category units. Validity of CTO should be ending the month of September in case of Red Category, March in case of Orange and December in case of Green category units)	Water : Air :			
7.	Type of unit	Industry/legally constituted body/screening crusher/mining/pulverizer/HMP plant/stone			
8.	Name of Products with production capacity				
9.	Category of the unit:	Red / Orange / Green			
10.	Type of project	Large / Medium / Small Scale			
11.	Annual mining license fee/deed rent (in case of mining activity)				
12.	Capital investment cost on land, building, plant and machinery without depreciation (as per latest balance sheet/ CA certificate attached)				
13.	Details of CTO fee deposited (Rs.)	Status	Water Act	Air Act	Total
		Required			
		Deposited			
		Balance (if any)			
14.	Detail of additional fees deposited if any due to late submission of application after due date (Rs.)	Status	Water Act	Air Act	Total
		Required			
		Deposited			
		Balance (if any)			
15.	Detail of analysis reports of effluent with status of ETP/STP	i. Name of Laboratory: ii. Detail of analysis reports:			

REVISED PROCEDURE FOR AUTO RENEWAL FOR CONSENT TO OPERATE

8/24/72

		Type of effluent	Status of ETP/STP	A/R Dated			
		Domestic effluent					
		Trade effluent					
16.	Detail of Air emissions sources with status of APCM	i. Name of Laboratory: ii. Detail of Analysis report:					
		Emission/ noise Source	No. of sources	Capacity of each source	Type of fuel with quantity (MT/month)	Status of APCM installed	A/R dated
		Boiler					
		Furnace					
		D/G Sets					
		Process emission					
		Others					
17.	Detail of documents submitted as per checklist:						
i)	Proof of deposit of required and applicable consent fee (as per schedule available on the web-site www.hspcb.gov.in).					Choose file	
ii)	Copy of previous CTO					Choose file	
iii)	Power of attorney/authority letter to sign the application					Choose file	
iv)	Copy of balance sheet duly attested by CA or CA certificate w.r.t. capital investment cost of the unit for the preceding year. (Capital investment cost should include the original cost of land, building, plant & machinery without depreciation but with upto date additions. The cost of land and building should be included in the capital investment cost even if it is on lease or rent or mortgage)					Choose file	
v)	Latest inspection report and analysis reports of effluent/ air emissions/ noise conducted by Board officer (s) for the mandatory inspection, if conducted					Choose file	
vi)	Copy of fresh analysis reports of effluent/air emissions/ noise analyzed from Board's lab/recognized lab. (not more than 03 months old)					Choose file	
vii)	Environment Statement in Form V for the financial year ending on 31 st March.					Choose file	
viii)	In case of industries/project/establishments handling Hazardous Chemicals having threshold quantities mentioned in schedule II and III of MSIHFC, Rules, 1989 and covered under rule 10 & 13 of these Rules, proof of submission of updated safety audit report duly audited with the help of an expert, annually and up to date onsite emergency plan alongwith report of the mock drill of the same to Chief Inspector of Factories alongwith copy of the same.					Choose file	
ix)	Permission of the concerned authorities for disposal of the effluent in to sewer/drains etc (in case not submitted earlier).					Choose file	
x)	Detail of land in case, the effluent is discharged on land for percolation or for irrigation along with copy of registered agreement made with the land owners in case the land belong to the persons other then the land of the applicant unit (in case not submitted earlier).					Choose file	
xi)	Copy of logbook for last 03 months maintained for operation of					Choose file	

8/25/73

	ETP/STP/APCM for the record of energy and chemical consumption, quantity of effluent at inlet and outlet of ETP/STP supported with readings of magnetic flow meters alongwith quantity of treated effluent recycled/reused in the process, utilized in the premises and discharged, mode of disposal	
18.	Declaration :	
	1. That the present details of the manufacturing process and other information /data of our unit are same as submitted / provided by the Board earlier with original application for obtaining previous Consent to operate referred above and therefore the same may be considered for present application for auto renewal of consent to operate for further period. 2. That we undertake to deposit the balance consent fees if any found due at any stage due to increase in the investment cost on Land, Building, Plant and Machinery of our unit at any later stage. 3. That we are complying with the conditions of previous consent to operate granted to our unit by the Board valid upto _____ and also complying with all the standards / norms prescribed under EP Rules, 1986 for discharge of environmental pollutants, by operating our pollution control devices regularly and effectively. 4. That there is/will be no change in the raw material, process, products, quantity of effluent, source of air emissions, technology of pollution control measures and increase in production or pollution load and will remain same as submitted in the previous application for consent to operate. In case of any such change, prior fresh consent to establish and consent to operate as applicable for the same will be obtained by our unit from the HSPCB. 5. That we shall keep on operating and maintaining our pollution control measures/ devices regularly and effectively and will maintain and keep all the parameters within standards / norms prescribed under EP Rules, 1986. 6. We undertake to comply with all the conditions of renewal of consent to operate to be imposed by the Board if any. 7. That we shall comply with all the relevant provisions of water Act, 1974 and Air Act, 1981. 8. It is certified that all the information provided by the unit are true and correct and the above undertaking has been submitted with the approval of the Board of Directors/ Partner/Owner of the industry/project. 9. We undertake that auto renewal of consent to operate will not prevent the Board for taking coercive action against our unit including withdrawal/cancellation of the same in case the information provided by our unit are found false or incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under EP Rules 1986 or any of the conditions of renewal of consent so granted or in case of violation of any provision of Water Act, 1974 and Air Act, 1981.

Annexure-B

Schedule of fee prescribed by Government of Haryana, Environment Department/HSPCB for obtaining consent to establish/NOC & consent to operate and sampling under water (Prevention and control of pollution), Act, 1974 & Air (Prevention and control of pollution), Act, 1981.

I. Fee prescribed for obtaining consent to establish/NOC & consent to operate under Water Act, 1974 & Air Act, 1981.

A Fees for Consent to Establish/NOC

A-I NOC/CTE Fees for highly polluting industries such fertilizers (nitrogen/phosphate), sugar, fermentation & distillery, petrochemical, thermal power plant, oil refinery, sulfuric acid, iron & steel, pulp & paper, dye & dye intermediates, pesticides manufacturing, basic drugs & pharmaceuticals etc. (Red category of projects/industries other than specific type projects/industries mentioned) - prescribed under Water Act, 1974.

Sl. No.	Capital Investment cost of Industries/project	Fee amount (Rs.)
a.	Exceeding Rs. 100 crores	1,05,000
b.	Exceeding Rs. 50 crores but not exceeding Rs. 100 crores	60,000
c.	Exceeding Rs. 10 crores but not exceeding Rs. 50 crores	36,000
d.	Exceeding Rs. 3.0 crores but not exceeding Rs. 10 crores.	24,000
e.	Exceeding Rs. 1.0 crores but not exceeding Rs. 3.0 crores.	17,700
f.	Exceeding Rs. 0.50 crores but not exceeding Rs. 1.0 crores.	14,500
g.	Exceeding Rs. 0.25 crores but not exceeding Rs. 0.50 crores	7,500
h.	Exceeding Rs. 0.10 crores but not exceeding Rs. 0.25 crores	4,500
i.	Exceeding Rs. 0.02 crores but not exceeding Rs. 0.10 crores.	2,250
j.	up to Rs. 0.02 crores	600

A-II For industries other than covered under heading A-I (Orange & Green category) - (Prescribed under Water Act, 1974)

Sl. No.	Industries having Capital Investment	Fee amount (Rs.)
a.	Exceeding Rs. 100 crores	35,000
b.	Exceeding Rs. 50 crores but not exceeding Rs. 100 crores.	20,000
c.	Exceeding Rs. 10 crores but not exceeding Rs. 50 crores.	12,000
d.	Exceeding Rs. 3.0 crores but not exceeding Rs. 10.0 crores	8,000
e.	Exceeding Rs. 1.0 crores but not exceeding Rs. 3.0 crores	5,700
f.	Exceeding Rs. .50 crores but not exceeding Rs. 1.0 crores.	4,500
g.	Exceeding Rs. 0.25 crores but not exceeding Rs. 0.50 crores	2,500
h.	Exceeding Rs. 0.10 crores but not exceeding Rs. 0.25 crores.	1,500
i.	Exceeding Rs. 0.02 crores but not exceeding Rs. 0.10 crores.	750
j.	up to Rs. 0.02 crores	200

8/27/75

A-III For legally constituted bodies other than industrial units (Prescribed under Water Act, 1974)

Sr. No.	Local Bodies/Govt. Department/Colonizers etc.	Fee amount (Rs.)
a.	Municipal Corporation Faridabad	25,000
b.	Class 'A' Municipalities	5,000
c.	Class 'B' Municipalities	2,500
d.	Class 'C' Municipalities	500
e.	Public Health	5,000 per each town
f.	Haryana Urban Development Authority	50,000 per each Estate
g.	Private Colonizers	50,000 per each town

A-IV For Stone Crushers (Prescribed under Air Act, 1981)

Sr. No.	Crushing capacity	Fee amount (Rs.)
a.	Not exceeding 100 tons/day	5,000
b.	Exceeding 100 tons/day	7,500

A-V For Pulverisers (Prescribed under Air Act, 1981)

Sr. No.	Pulverisers with capacity	Fee amount (Rs.)
a.	Not exceeding 100 tons/day	2,000
b.	Exceeding 100 tons/day	3,000

A-VI For Hot Mix Plants (Prescribed under Air Act, 1981)

Sr. No.	Hot Mix Plant with capacity	Fee amount (Rs.)
a.	Not exceeding 40 tons/day	5,000
b.	Exceeding 40 tons/day	7,500

A-VII For Brick Kilns (Prescribed under Air Act, 1981)

Sr. No.	Units having a capital investment	Fee amount (Rs.)
a.	Not exceeding Rs. 30 lacs	5,000
b.	Exceeding Rs. 30 lacs but not exceeding Rs. 50 lacs	10,000
c.	Exceeding Rs. 50 lacs	15,000

A-VIII For Rice Shellers (Prescribed under Water Act, 1974)

Sr. No.	Units having a capital investment	Fee amount (Rs.)
a.	Not exceeding Rs. 30 lacs	20,000
b.	Exceeding Rs. 30 lacs but not exceeding Rs. 50 lacs	30,000
c.	Exceeding Rs. 50 lacs.	50,000

A-IX For Screening Plants (Prescribed under Water Act, 1974)

Sr. No.	Units having a production capacity	Fee amount (Rs.)
a.	Capacity less than 100 Ton /Day	5000
b.	Capacity more than 100 Ton /Day	7500

8/28/76

A-X For Mining Activities

1. Prescribed under Water Act, 1974 vide Notification dated 05.12.1997

Sr. No.	Units paying license fee for mining	Fee Amount (Rs.)
a.	Not exceeding Rs. 25 lacs annually	1,00,000
b.	Exceeding Rs. 25 lacs but not exceeding Rs. 50 lacs	1,50,000
c.	More than Rs. 50 lacs	2,00,000

2. Prescribed under Air Act, 1981 vide Notification dated 20.09.2002

Sr. No.	Units paying license fee for mining	Fee Amount (Rs.)
a.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 5 crores and above.	1,00,000
b.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 2.5 crores to 5 crores.	75,000
c.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 1 crore to 2.5 crores.	60,000
d.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 75 lacs to 1 crore.	50,000
e.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 50 lacs to 75 lacs.	40,000
f.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 25 lacs to 50 lacs.	30,000
g.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 10 lacs to 25 lacs.	20,000
h.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 5 lacs to 10 lacs.	10,000
i.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts Rs. 1 lac to 5 lacs.	5,000
j.	For units whose dead rent as determined in the auction or royalty paid whichever is higher, for amounts upto Rs. 1 lac.	1,000

A-X Projects/units covered under Haryana Bio Energy Policy 2018.

Sr. No.	Under the Act	Fee Amount (Rs.)
1.	Water Act, 1974	Nil
2.	Air Act, 1981	Nil

8/29/77

B Fees for Consent to operate under Water Act, 1974 and Air Act, 1981 to be charged annually.

B-I Consent fees for highly polluting industries such as fertilizers (nitrogen phosphate), sugar, cement, fermentation & distillery, petro-chemical, thermal power plant, oil refinery, sulfuric acid, iron & steel, pulp & paper, dye and dye intermediates, pesticides manufacturing, basic drugs and pharmaceuticals etc.

(Red category Industries other than those specified)

Sr. No.	Industries having Capital Investment	Under Water Act		Under Air Act	
		1st Year	Subsequent Year	1st Year	Subsequent Year
a.	Exceeding Rs. 100 crores.	1,50,000	75,000	1,50,000	75,000
b.	Exceeding Rs. 50 crores but not exceeding Rs. 100 crores	1,20,000	60,000	1,20,000	60,000
c.	Exceeding Rs. 10 crores but not exceeding Rs. 50 crores.	90,000	45,000	90,000	45,000
d.	Exceeding Rs. 3.0 crores but not exceeding Rs. 10 crores	60,000	24,000	60,000	24,000
e.	Exceeding Rs. 1.0 crores but not exceeding Rs. 3.0	30,000	11,000	30,000	11,000

f.	Haryana Urban Development Authority	Rs. 50,000 per each Estate
g.	Private Colonizers	Rs. 50,000 per each township

8/31/79

B-IV Consent fees for Mining Activities

1. Under Water Act, 1974

Sr. No.	Units paying license fee for mining	1 st Years (Rs.)	Subsequent Years (Rs.)
a.	Units paying license fee for mining not exceeding Rs. 25 lacs annually	1,50,000	1,25,000
b.	Units paying license fee for mining exceeding Rs. 25 lacs but not exceeding Rs. 50 lacs	2,25,000	1,75,000
c.	Units paying license fee for mining more than	3,00,000	2,25,000

2. Under Air Act, 1981

Sr. No.	Units whose dead rent as determined in the auction or royalty paid whichever is higher	1 st Years (Rs.)	Subsequent Years (Rs.)
a.	For amounts Rs. 5 crores and above	2 lacs	2 lacs
b.	For amounts Rs. 2.5 to 5 crores	1.5 lacs	1.5 lacs
c.	For amounts Rs. 1 to 2.5 crores	1.25 lacs	1.25 lacs
d.	For amounts Rs. 75 lacs to 1 crores	1 lacs	1 lacs
e.	For amounts Rs. 50 lacs to 75 lacs	75,000	75,000
f.	For amounts Rs. 25 lacs to 50 lacs	50,000	50,000
g.	For amounts Rs. 10 lacs to 25 lacs.	30,000	30,000
h.	For amounts Rs. 5 lacs to 10 lacs	10,000	10,000
i.	For amounts Rs. 1 lacs to 5 lacs	1,000	1,000
j.	For amounts Rs. 1 lacs	1,000	1,000

B-V Consent fee for 1st year and for subsequent years to operate pulverizes (Prescribed under Air Act, 1981)

Sr. No.	Pulverizes with capacity	Fees Amount	
		1st Years (Rs.)	Subsequent Years (Rs.)
a.	Not exceeding 100 tons/day	2,000	2,000
b.	Exceeding 100 tons/day	3,000	3,000

B-VI Consent fee for stone crushers (Prescribed under Air Act, 1981)

Sr. No.	Crushing unit capacity	1st Years (Rs.)	Subsequent Years (Rs.)
a.	Not exceeding 100 tons/day	5,000	5,000
b.	Exceeding 100 tons/day	7,500	7,500

8/32/80

B-VII Fee for transfer of consent to operate in case of stone crushers (Prescribed under Air Act, 1981)

Sr. No.	Crushing capacity	Fees Amount (Rs.)
a.	Not exceeding 100 tons/day	20,000
b.	Exceeding 100 tons/day	35,000

B-VIII Consent fee for Hot Mix Plant (Prescribed under Air Act, 1981)

Sr. No.	Hot Mix Plant with the capacity	1st Year (Rs.)	Subsequent Year (Rs.)
a.	Not exceeding 40 tons/day	5,000	5,000
b.	Hot Mix Plant with the capacity	7,500	7,500

B-IX Consent fee for brick kilns (Under Air Act, 1981)

Sr. No.	Investment cost of Brick Kilns	1st Year (Rs.)	Subsequent Year (Rs.)
a.	Not exceeding Rs. 30 lacs	5,000	5,000
b.	Exceeding Rs. 30 lacs but not exceeding Rs. 50 lacs	10,000	10,000
c.	Exceeding Rs. 50 lacs	15,000	15,000

B-X Consent Fees for 1st Year and subsequent Year to operate Rice Shellers.

Sr. No.	Units having capital investment	Under water Act (Rs.)	Under Air Act (Rs.)
a.	Not exceeding Rs. 25 lacs	10,000	10,000
b.	Exceeding Rs. 25 lacs but not exceeding Rs.	12,500	12,500
c.	Exceeding Rs. 50 lacs.	15,000	15,000

B-XI Consent fees to be charged annually to operate Screening Plant (Prescribed under Water Act, 1974)

Sr. No.	Screening Plant Capacity	Fees amount (Rs.)
a.	Screening unit with capacity not exceeding 100 Tons/day	5,000
b.	Exceeding 100 tons/day	7,500

Consent Fees to be charged for first and for subsequent year to operate projects/units covered under Haryana Bio Energy Policy 2018.

Sr. No.	Under the Act	Fee Amount (Rs.)
1.	Water Act, 1974	Nil
2.	Air Act, 1981	Nil

8/33/81

Note:-

1. If the industrial units / projects fails to apply for renewal of consent to operate (CTO) before 90 days of the expiry of previous consent and applies 60 days before the expiry of previous consent, the unit shall have to pay additional consent fee @ 50% of the consent fee notified under the Rules. Subsequently, if the unit fails to apply before 60 days of the expiry of previous consent and applies 30 days before the expiry of previous consent, then the unit will have to pay additional consent fee @ 100% of the consent fee applicable. If the unit fails to apply 30 days before the expiry of the previous consent, the unit will have to pay additional consent fee @ 200% of the consent fee applicable. Thereafter, the Board will take closure action under the provisions of Water Act, 1974 / Air Act, 1981 against such units for not having the valid consent to operate. In case the unit apply for renewal of CTO after the date of expiry of consent period or after taking the penal action as described above then such applications will be entertained only if such units deposit consent fees for the longer period as per the policy of the Board depending upon the category of the unit along with the additional fees @ 300% of the consent fees prescribed for one year along with normal consent fees for subsequent years.
2. The industry/ project will deposit requisite NOC fees for consent to establish for one time along with the application for auto renewal.
3. In case of the CTE applications for expansion of existing projects, the NOC fees shall be charged on the basis of cost of the expansion project.
4. "capital investment" means the original cost invested and includes investment on land, factory building, office building and machinery and factory whether ownership, on rent, mortgage, or lease basis."
5. The above fees schedule as prescribed under Water Act, 1974 and Air Act, 1981 by Government of Haryana, Environment Department from time to time is applicable w.e.f. 05.12.1997 except in the cases where NOC/Consent fees has been prescribed after 05.12.1997 mentioned against such entries above. NOC consent fees prior to 05.12.1997 is chargeable according to fees schedule which was prescribed earlier through various Notifications from time to time by Government of Haryana, Environment Department and was substituted with the schedule mentioned in the table.

8/34/82

Annexure-C

HARYANA STATE POLLUTION CONTROL BOARD
Regional Office, _____

Dated: _____

No. HSPCB/Consent/ _____

To

M/s _____

Subj: Renewal of consent to operate under Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981.

Kindly refer to your application No. _____ received on dated _____ through online portal of Haryana Enterprises Promotion Center for renewal of consent to operate under the Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981 for the period _____.

With reference to your above application, the consent to operate under Water (Prevention and Control of Pollution) Act, 1974 and/or Air (Prevention and Control of Pollution) Act, 1981 is hereby auto renewed for the period _____ to _____ based upon your self declaration, information, consent fee and documents submitted vide your application referred above with the same terms and conditions as stipulated in the previous consent to operate granted by this Board for the period _____ to _____ vide no. _____ dated _____ and with the following additional conditions:-

1. The manufacturing process and other information /data of the unit will remain same as submitted / provided by the unit earlier with application for obtaining previous Consent to operate referred above.
2. The unit shall deposit the balance consent fees if any found due at any stage due to increase in the investment cost on Land, Building, Plant and Machinery of the unit at any later stage.
3. The unit shall not make any change in the raw material, process, products, quantity of effluent, source of air emissions, technology of pollution control measures and increase in production or pollution load and will remain same as submitted in the previous application for consent to operate. In case of any such change, prior fresh consent to establish and consent to operate as applicable for the same will be obtained by the unit from the HSPCB.
4. The unit shall operate and maintain their pollution control measures/ devices regularly, and effectively and will maintain and keep all the applicable parameters for discharge of environmental pollutants within standards / norms prescribed under EP Rules, 1986.
5. The unit shall maintain the logbook for operation of ETP/STP/APCM for the record of energy and chemical consumption, quantity of effluent at inlet and outlet of ETP/STP supported with readings of magnetic flow meters alongwith quantity of treated effluent recycled/reused in the process, utilized in the premises and discharged, mode of disposal.
6. The unit shall install online continuous effluent/air emission monitoring system if required as per the direction of CPCB/HSPCB issued from time to time in this regard and will connect the same with the servers of the CPCB and HSPCB.

8/35/83

7. The unit shall apply for renewal of consent to operate atleast 90 days before the expiry of consent period.
8. The unit shall comply with all the conditions of renewal of consent to operate all the relevant provisions of Water Act, 1974 and Air Act, 1981.
9. In case the information provided by the unit are found false or incorrect and fails to comply with the applicable prescribed standards for discharge of environmental pollutants under EP Rules 1986 or any of the conditions of renewal of consent so granted or in case of violation of any provision of Water Act, 1974 and Air Act, 1981, coercive action against the unit under the provision of the said Acts including revocation/withdrawal/cancellation of the consent to operate so granted, will be taken.

Regional Officer,
_____ Region
For and on behalf of
Haryana State Pollution Control Board

Agenda Item No. 187.9

9/1/84

Amendment in modality/methodology for computation of environmental compensation from date of last inspection and last 5 years (as the case may be)

The modality/methodology for assessing, imposing and utilization of environmental compensation (EC) from the polluting units in the State of Haryana for causing damage to the environment, was issued vide Head Office Order Endst. No. HSPCB/PLG/2019/6043-75 dated 29.04.2019 (**Annexure-I**).

The Board in its 184th meeting held on 30.05.2019, vide agenda item no. 184.10 had accorded Ex-Post Facto approval for modality/methodology for assessment and levy of environmental compensation against non complying units.

The Hon'ble NGT also issued directions vide order dated 10.07.2019 (**Annexure-II**) in OA No. 1038/2018 that in the absence of exact date of violation, the environmental compensation should be imposed for last 5 years as specified in section 15 of the National Green Tribunal Act, 2010.

The Additional Advocate General, Haryana, standing counsel of this Board before Hon'ble NGT intimated vide his letter dated 10.09.2019 (**Annexure-III**) that the arguments held before Hon'ble NGT in case of OA No. 764/2018 titled as Kisan uday Samiti Vs State of Haryana listed on 02.09.2019 regarding the period for which environmental compensation is being imposed against polluters and conveyed the observations of Hon'ble NGT that compensation must be imposed on the principle of best judgment and should be from the date when according to the assessment of Pollution Control Boards violation might have started and in this regard the date of last inspection finding the unit complaint should be considered as commencing date for computation of environmental compensation.

Accordingly, in partial modification of this office order Endst. No. HSPCB/PLG/2019/6043-75 dated 29.04.2019 (**Annexure-I**) it has been ordered vide order Endst. No. HSPCB/PLG/2019/734-765 dated 20.12.2019 (**Annexure-IV**) that in case where unit is complaint as per last inspection for water pollution norms and /or air pollution norms and /or other pollution norms, date of last inspection (i.e. prior to present violation) should be considered as commencing date for computation of environmental compensations for discharge and /or emission and /or other pollution norms and in case where status of inspection and exact date of violation is not available, the environmental compensations should be imposed for last 5 years.

The matter is placed before the Board for consideration and Ex-Post Facto approval.

Annexure - I

Office Order

Whereas Hon'ble National Green Tribunal (NGT) has issued the direction in several cases to impose the penalty on the non-complying polluting units and has been directing CPCB, all SPCBs including Haryana to implement "Polluter Pays" principle in right spirit and to recover environmental compensation from the polluting units and to use the same for restoration of environmental damages caused to the public;

Whereas in the order of the Tribunal in *Pravaran Surksha Samiti & Ors. Vs Union of India & Ors.*, Parveen Kakkar & Ors. Vs MEF & Ors. it was held that:

"It is necessary to say that it will be open to the SPCBs/Committees and CPCB to take coercive measure including recovery of compensation for the damage to the environment on 'Polluter Pays' principle as well as also to direct taking of such precautionary measures as may be necessary."

Whereas in 63rd conference of Chairman and Member Secretary of PCBs/Committees held on 18.03.2019 it was decided that SPCBs/PCCs may frame their guidelines on environmental compensation based on CPCB's report circulated in the agenda of the said meeting and to provide their inputs on environmental compensation report if any in writing to CPCB as per proceedings of the same circulated by CPCB vide letter no. B-12015/63/2019-AS-473 dated 10.04.2019.

Whereas the matter was examined by Technical Advisory Committee (TAC) of the Board in its meeting held on 26.04.2019 wherein it was observed that the section 5 of Environment (Protection) Act, 1986, empowers the Ministry of Environment, Forest and Climate Change in Central Government, section 33-A of Water (Prevention and Control of Pollution) Act, 1974 and section 31-A of Air (Prevention and Control of Pollution) Act, 1981 empowers the State Pollution Control Boards to issue directions in writing to any person, officer or any other authority and such person, officer or authority shall be bound to comply with such directions which includes the power to direct --

- a) the closure, prohibition or regulation of any industry, operation or process; or
- b) stopping or regulation of the supply of electricity or water or any other service.

Whereas Central Government has already delegated the powers provided under section 5 of EPA, 1986 to the Haryana Government vide notification S.O. 152(E) dated 10.02.1988, which has also been delegated to the Chairmen of State Pollution Control Boards including the Chairman of HSPCB vide notification S.O. 23(E) dated 08.01.1997 for the violations of standards and rules relating to Hazardous Waste and vide notification no. S.O. 327(E) dated 10.04.2001 for the violations of standards and rules relating to Bio Medical Waste, Hazardous Chemicals, Industrial Solid Waste and Municipal Solid Waste including Plastic Waste; and

Whereas in the light of above and after detailed deliberation, the TAC recommended that the report of in-house committee of CPCB on methodology and guidelines for assessing the environmental compensation and utilization of the same, as provided in the agenda note of the above said 63rd conference of Chairman and Member Secretary of PCBs/Committees held on 18.03.2019, be adopted and accordingly the Board has decided to adopt the methodology given in Annexure-I for assessment, imposing, collection and utilization of environmental compensation from the polluting units in the State of Haryana;

Therefore, it is hereby ordered to adopt the said modalities/methodology for assessing, imposing and utilization of environmental compensation from the polluting units in the State of Haryana in the circumstances as mentioned.

These orders shall come into force with immediate effect.

Dated Panchkula, the

29th April, 2019

Indst. No. HSPCB PLG 2019 6043-50

Ashok Kheterpal
Chairman

Dated: 29-4-2019

A copy of the order is forwarded to the following for information please:-

1. The Chief Secretary to Govt. Haryana, Chandigarh
2. The Chairman, Central Pollution Control Board, East Arjun Nagar, New Delhi.
3. The Additional Chief Secretary to Govt. Haryana, Department of Environment and Climate Change, Chandigarh.
4. The Additional Chief Secretary to Govt. Haryana, Industries and Commerce Department, Chandigarh.
5. The Additional Chief Secretary to Govt. Haryana, Public Health Engineering Department, Chandigarh.
6. The Principal Secretary to Govt. Haryana, Urban Local Bodies Department, Chandigarh.
7. The Principal Secretary to Govt. Haryana, Irrigation Department, Chandigarh.
8. The Principal Secretary to Govt. Haryana, Town and Country Planning Department, Chandigarh

Indst. No. HSPCB PLG 2019 6050-73

A copy of the above is forwarded to the following for information and immediate necessary action:-

1. All sections in charge in Head Office of the Board.
2. All Regional Officers of the Board in the field.
3. To put the order on the website of the Board.

Sr. Environmental Engineer-I (HQ)
For Chairman

Annexure-1

Methodology modalities for assessing, imposing and utilization of environmental compensation from the polluting units in the State of Haryana

1. Cases for levying environmental compensation.

- a) Units discharging the environmental pollutants in excess of the standards prescribed under EP Rules, 1986 and as prescribed in the consent granted to such units under Water Act, 1974/Air Act, 1981.
- b) Not complying with the directions issued, such as direction for closure due to non-installation of OCEMS, non-adherence to the action plans submitted etc.
- c) Intentional avoidance of data submission or data manipulation by tempering the Online Continuous Emission Effluent Monitoring system.
- d) Accidental discharges lasting for short durations resulting into damage to the environment.
- e) Intentional discharges to the environment including bypassing the pollution control devices -- land, water and air resulting into acute injury or damages to the environment.
- f) Injection of treated/partially treated/untreated effluent to ground water.
- g) All violations of Graded Response Action Plan (GRAP) in Delhi NCR area.
- h) Failure of preventing the pollutants being discharged in water bodies and failure to implement Waste Management Rules.

2. Assessment and utilization of environmental compensation

- a) The assessment and utilization of environmental compensation funds will be done as per the methodology and guidelines provided by CPCB in the agenda note of the above said 63rd conference of Chairman and Member Secretary of PCBs Committees held on 18.03.2019, copy of which is attached as Annexure-A.
- b) The assessment of the environmental compensation will be done by the concerned Regional Office or District Level Task Force constituted by the State as per the direction of Hon'ble NGT and detailed report in this regard will be submitted by Regional Office to Head Office within 15 days from the date of identification of violations.
- c) The environmental compensation assessment report submitted by Regional Office will be examined and finalized at Head Office level by a committee of officers headed by Member Secretary, consisting of Sr. Environmental Engineer-1 (HQ), Sr. Scientist (HQ), District Attorney (HQ), Sr. Accounts Officer and concerned Branch Incharge at Head Office within 07 days from date of receipt of the said report in Head Office.
- d) The finalized report will be processed by the concerned branch incharge in Head Office to the authorities for final order for levy of the environmental compensation on the defaulting unit.
- e) The authority for issuing the direction for levy and deposition of environmental compensation will be the same as prescribed for issuing the direction under section 5 of Environment (Protection) Act, 1986, section 33-A of Water (Prevention & Control of Pollution) Act, 1974, section 31-A of Air (Prevention & Control of Pollution) Act, 1981.
- f) In case of failure of deposition of environmental compensation by the violator within 15 days of issue of the direction, legal action under the provisions of the relevant Acts under which direction issued, will be taken.
- g) A separate account for environmental compensation fund will be maintained by the Accounts Branch.
- h) The environmental compensation fund will be utilized for restoration of environmental damages caused in area of violation as per methodology guidelines prescribed by CPCB in its report provided the agenda note of the above said 63rd conference of Chairman and Member Secretary of PCBs Committees held on 18.03.2019.

Abstract

Environmental compensation is a policy instrument for the protection of the environment which works on the Polluter Pay Principal. Environmental compensation has already been implemented in various countries, although limited in scope. Experiences from these implementations are mixed and tend to stress the importance of certain principles in order to achieve the overall objective of protection of the environment.

The Hon'ble National Green Tribunal through its various judgments has empowered the Central Pollution Control Board to lay down the methodology to assess and recover compensation for damage to the environment and utilize such amount in terms of an action plan for protection of the environment.

An attempt has been made by the CPCB in-house Committee to develop a methodology for assessing environmental compensation to be levied on concerned industry, authority, individual etc. for the protection of environment. Expert institutions/ NGOs like The Energy and Resources Institute, Centre for Science and Environment-India, Institute of Economic Growth etc. were also consulted to finalize the report. Overall objective is to develop self-sense of responsibility towards the environment and to make defaulters realize their mistake by imposing compensation, which will be utilized for the protection/restoration of the environment.

Although, this is the first attempt in India towards development of methodology for assessing environmental compensation, however, efforts have been made to simplifying the process so that regulatory institutions can easily adopt the methodology for implementation.

9/7/90

Chapter-I: Environment Compensation to be levied on Industrial Units

1.1 Background

The Hon'ble National Green Tribunal (NGT), Principal Bench in the matter of OA No. 593/2017 (WP (CIVIL) No. 375/2012, Pariyavaran Suraksha Samiti & Anr. Vs. Union of India & Ors. directed Central Pollution Control Board (CPCB) that:

"The CPCB may take penal action for failure, if any, against those accountable for setting up and maintaining STPs, CETPs and ETPs. CPCB may also assess and recover compensation for damage to the environment and said fund may be kept in a separate account and utilized in terms of an action plan for protection of the environment. Such action plan may be prepared by the CPCB within three months" (Annexure-I).

1.2 Constitution of the Committee

In this context, Chairman, CPCB constituted a Committee under the Chairmanship of Shri A. Sudhakar, I/c WQM-I with Shri A. K. Vidyarthi, I/c WQM-II, Shri P. K. Gupta, I/c IPC-VI, Shri Nazimuddin, I/c IPC-II and Dr. S. K. Paliwal, Scientist 'D' as members. The Committee was asked to deliberate on this issue and come up with a draft formulation before 15.9.2018.

1.3 Methodology for Assessing Environmental Compensation

The Committee discussed the issue on 4.9.2018, 13.9.2018, 17.9.2018 and 09.10.2018. A meeting was also held with Senior Officers of CPCB Head Office and Regional Directorates through video conferencing on 28.09.2018 to discuss the draft report and to seek comments/feedbacks. The comments/feedbacks received and deliberations of the Committee on the same are given in Annexure-II.

As per the Hon'ble NGT suggestion, CPCB has invited comments of 3 expert institution, namely, Centre for Science and Environment (CSE), Institute of Economic Growth (IEG) and The Energy Research Institute (TERI). CSE and IEG has provided their comments, however TERI has not provided any response.

A meeting to incorporate the comments of the expert institutions and to finalize the report, was held on 12/03/2019 under the chairmanship of Shri A. Sudhakar. The CPCB in-house committee on Environmental Compensation has deliberated on the comments and finalized the report accordingly. The Committee's deliberations are attached as Annexure-III.

9/8/91

It was deliberated for developing a formula for imposing environmental compensation on industrial units for violation of directions issued by regulatory bodies and this is the first attempt made. The committee discussed that environmental compensation should be based on "Polluter Pay Principle". The Committee decided to list the instances for taking cognizance of cases fit for violation and levy environmental compensation.

Cases considered for levying Environmental Compensation (EC):

- a) Discharges in violation of consent conditions, mainly prescribed standards / consent limits.
- b) ~~Not~~ complying with the directions issued, such as direction for closure due to non-installation of OCEMS, non-adherence to the action plans submitted etc.
- c) Intentional avoidance of data submission or data manipulation by tampering the Online Continuous Emission / Effluent Monitoring systems.
- d) Accidental discharges lasting for short durations resulting into damage to the environment.
- e) Intentional discharges to the environment -- land, water and air resulting into acute injury or damage to the environment.
- f) Injection of treated/partially treated/ untreated effluents to ground water.

1.3.1 In the instances as mentioned at a, b and c above. Pollution index may be used as a basis to levy the Environmental Compensation. CPCB has published guidelines for categorization of industries into Red, Orange, Green and White based on concept of Pollution Index (PI). The Pollution Index is arrived after considering quantity & quality of emissions/ effluents generated, types of hazardous wastes generated and consumption of resources. Pollution Index of an industrial sector is a numerical number in the range of 0 to 100 and can be represented as follows:

$$PI = f(\text{Water Pollution Score, Air Pollution Score \& HW Generation Score})$$

Pollution Index is a number from 0 to 100 and increasing value of PI denotes the increasing degree of pollution hazard from the industrial sector.

CPCB has issued directions to all SPCBs/PCCs on 07.03.2016 to adopt the methodology and follow guidelines prepared by CPCB for categorization of industrial sectors into Red, Orange, Green and White.

The concept of Pollution Index, which was deliberated widely with all stakeholders and agreed, shall be used for calculating Environmental Compensation. This may help in implementation of such provision throughout the country, a successful initiative in vital field of industrial pollution control.

After considering various factors including the policy implementation issues, Committee has come up with following formula for levying the Environmental Compensation in instances as

9/9/92

mentioned at a, b and c including non-compliance of the environmental standards / violation of directions.

The Environmental Compensation shall be based on the following formula:

$$EC = PI \times N \times R \times S \times LF$$

Where,

EC is Environmental Compensation in ₹
 PI = Pollution Index of industrial sector
 N = Number of days of violation took place
 R = A factor in Rupees (₹) for EC
 S = Factor for scale of operation
 LF = Location factor

The formula incorporates the anticipated severity of environmental pollution in terms of Pollution Index, duration of violation in terms of number of days, scale of operation in terms of micro & small/medium/large industry and location in terms of proximity to the large habitations.

Note:

- The industrial sectors have been categorized into Red, Orange and Green, based on their Pollution Index in the range of 60 to 100, 41 to 59 and 21 to 40, respectively. It was suggested that the average pollution index of 80, 50 and 30 may be taken for calculating the Environmental Compensation for Red, Orange and Green categories of industries, respectively.
- N, number of days for which violation took place is the period between the day of violation observed/due date of direction's compliance and the day of compliance verified by CPCB/SPCB/PCC.
- R is a factor in Rupees, which may be a minimum of 100 and maximum of 500. It is suggested to consider R as 250, as the Environmental Compensation in cases of violation.
- S could be based on small/medium/large industry categorization, which may be 0.5 for micro or small, 1.0 for medium and 1.5 for large units.
- LF, could be based on population of the city/town and location of the industrial unit. For the industrial unit located within municipal boundary or up to 10 km distance from the municipal boundary of the city/town, following factors (LF) may be used:

Table No. 1.1: Location Factor Values

S. No.	Population* (million)	Location Factor* (LF)
1	1 to <5	1.25
2	5 to <10	1.5
3	10 and above	2.0

9/10/93

*Population of the city/town as per the latest Census of India

#LF will be 1.0 in case unit is located >10km from municipal boundary

LF is presumed as 1 for city/town having population less than one million.

For notified Ecologically Sensitive areas, for beginning, LF may be assumed as 2.0. However, for critically Polluted Areas, LF may be explored in future.

- f. In any case, minimum Environmental Compensation shall be ₹ 5000/day.
- g. In order to include deterrent effect for repeated violations, EC may be increased on exponential basis, i.e. by 2, 4, 8, 16.... times on each similar violation.

A sample calculation for Environmental Compensation is given at Table No. 1.2. It can be noticed that for all instances, EC for Red, Orange and Green category of industries varies from 3,750 to 60,000 ₹/day.

Table No. 1.2: A sample calculation for Environmental Compensation

Industrial Category	Red	Orange	Green
Pollution Index (PI)	60-100	41-59	21-40
Average PI	80	50	30
R-Factor	250		
S-Factor	0.5-1.5		
L-Factor	1.00-2.00		
Deterrent Factor	on exponential basis, i.e. by 2, 4, 8, 16.... times		
Environmental Compensation (₹/day)	10,000-60,000	6,250-37,500	5,000-22,500

1.3.2 In other instances i.e. d, e and f, the environmental compensation may contain two parts – one requires providing immediate relief and other long-term measures such as remediation. In all these cases, detailed investigations are required from expert institutions/organizations based on which environmental compensation will be decided. CPCB shall list the expert institutions for this purpose.

In such cases, comprehensive plan for remediation of environmental pollution may be prepared and executed under the supervision of a committee with representatives of SPCB, CPCB and expert institutions/organizations.

1.4 Action Plan for Utilization of Environmental Compensation Fund

The Committee discussed about the utilization of funds, which will be received by imposing Environmental Compensation. The following Action Plan is proposed to utilize the fund for protection of the environment.

9/11/94

1.4.1. When Environmental Compensation is calculated through the Pollution Index:

The amount received by imposing the Environmental Compensation to the industries / organization non-complying with the environmental standards / violating any CPCB's directions shall be deposited in a separate bank account. The amount accumulated will be utilized for Protection of Environment. The following schemes were identified, which may be considered for utilization of Environmental Compensation Fund:

- a. Industrial Inspections for compliance verification
- b. Installation of Continuous water quality monitoring stations / Continuous ambient air quality monitoring stations for strengthening of existing monitoring network
- c. Preparation of Comprehensive Industry Documents on Industrial Sectors / clean technology
- d. Investigations of environmental damages, preparation of DPRs
- e. Remediation of contaminated sites
- f. Infrastructure augmentation of Urban Local Bodies (ULBs) / capacity building of SPCBs/PCCs

The above proposed list may include other schemes also, depending upon the requirement.

Considering the availability of accumulated funds, CPCB will finalize the scheme, keeping in mind the priority, to utilize the funds of Environmental Compensation.

1.4.2. When Environmental Compensation is assessed based on actual damage to the environment by Expert Organization/ Agency:

The amount of Environmental Compensation under this case will be remediation costs, measures requiring immediate and short-term actions, compensation towards loss of ecology, etc., and will be utilized exclusively for the purpose at specific site, based on the detailed investigations by the Expert Organizations/ agencies.

1.5 Recommendations

The Committee made following recommendations:

- 1.5.1 To begin with, Environmental Compensation may be levied by CPCB only when CPCB has issued the directions under the Environment (Protection) Act, 1986. In case of a, b and c, Environmental Compensation may be calculated based on the formula " $EC = PI \times N \times R \times S \times LF$ ", wherein, PI may be taken as 80, 50 and 30 for red, orange and green category of industries, respectively,

9/12/95

and R may be taken as 250. S and LF may be taken as prescribed in the preceding paragraphs.

- 1.5.2 In case of d, e and f, the Environmental Compensation may be levied based on the detailed investigations by Expert Institutions/Organizations.

9/13/96

Chapter-II: Environmental Compensation to be levied on all violations of Graded Response Action Plan (GRAP) in Delhi-NCR.

2.1 Amount for Environmental Compensation

The CPCB In-house Committee also discussed that the EC shall also be levied on all violations of Graded Response Action Plan (GRAP) in Delhi NCR. The implementing agencies for each activity have been identified and the EC will be levied on these agencies. These violations attract graded amounts of EC depending on the state of ambient air quality, which is given in table below:

Table No. 2.1: Environmental Compensation to be levied on all violations of Graded Response Action Plan (GRAP) in Delhi-NCR.

Activity	State Of Air Quality	Environmental Compensation ()
Industrial Emissions	Severe +/-Emergency	Rs 1.0 Crore
	Severe	Rs 50 Lakh
	Very Poor	Rs 25 Lakh
	Moderate to Poor	Rs 10 Lakh
Vapour Recovery System (VRS) at Outlets of Oil Companies		
I. Not installed	Target Date	Rs 1.0 Crore
II. Non-functional	Very poor to Severe +	Rs 50.0 Lakh
	Moderate to Poor	Rs 25.0 Lakh
Construction sites (Offending plot more than 20,000 Sq.m.)	Severe +/-Emergency	Rs 1.0 Crore
	Severe	Rs 50 Lakh
	Very Poor	Rs 25 Lakh
	Moderate to Poor	Rs 10 Lakh
Solid waste/ garbage dumping in Industrial Estates	Very poor to Severe +	Rs 25.0 Lakh
	Moderate to Poor	Rs 10.0 Lakh
Failure to water sprinkling on unpaved roads		
a) Hot-spots	Very poor to Severe +	Rs 25.0 Lakh
b) Other than Hot-spots	Very poor to Severe +	Rs 10.0 Lakh

2.2 Action Plan for Utilization of Environmental Compensation Fund

EC levied on all violations of Graded Response Action Plan (GRAP) in Delhi NCR will be deposited in the same fund and will be utilized in the same manner as mentioned in para 1.4.1 of Chapter-I of this report.

3/14/97

Chapter-III: Environmental Compensation to be levied in case of failure of preventing the pollutants being discharged in water bodies and failure to implement waste management rules

3.1 Background

The Hon'ble NGT in its order dated 05.12.2018 (Annexure-III) in the matter of Court of its own motion v/s State of Karnataka (Original Application No. 125/2017 and M.A. No. 1337/2018) has given following directions:

"Since failure of preventing the pollutants being discharged in water bodies (including lakes) and failure to implement solid and other waste management rules are too frequent and widespread, the CPCB must lay down specific guidelines to deal with the same, throughout India, including the scale of compensation to be recovered from different individuals/authorities, in addition to or as alternative to prosecution. The scale may have slabs, depending on extent of pollution caused, economic viability, etc. Deterrent effect for repeated wrongs may also be provided."

3.2 Ideology of Environmental Compensation Formula

In compliance of the directions of the Hon'ble Tribunal, the Committee deliberated on the issue of environmental compensation to be recovered from individuals/authorities in case of failure of preventing the pollutants being discharged in water bodies and failure to implement solid and other waste management rules. The Committee has suggested that environmental compensation in these cases should be comprised of two components i.e.

1. Cost saved/benefits achieved by the concerned individual/authority by not having proper waste/sewage management system; and
2. Cost to the environment (environmental externality) due to untreated/partially treated waste/sewage because of insufficient capacity of waste/sewage management/treatment facility.

Cost saved/benefits achieved by not having proper waste/sewage management system includes the interest on capital cost of the waste/sewage management facility and daily operation and maintenance (O&M) cost associated with the facility.

The Committee suggested that annual interest rate as 10% on loan amount, borrowed by concerned individual/authority for setting-up waste/sewage management facility, may be assumed as Capital Cost Factor for calculation of environment compensation. Further, as whole O&M cost is saved by concerned individual/authority for not managing required waste/sewage management system, 100% of the O&M cost saved may be considered as O&M cost factor.

Therefore, generalized formula for Environmental Compensation may be described as:

$$EC = \text{Capital Cost Factor} \times \text{Marginal Average Capital Cost for Establishment of Waste or Sewage Management or Treatment Facility} \times (\text{Waste or Sewage Management or Treatment Capacity Gap})$$

9/15/98

+ O&M Cost Factor x Marginal Average O&M Cost x (Waste or Sewage Management or Treatment Capacity Gap) x No. of Days for which facility was not available + Environmental Externality

Cost to the environment due to untreated/partially treated waste/sewage discharge by concerned individual/authority may be assumed as recommended by the committee, which is mentioned below:

Table No. 3.1: Environmental externality for untreated/partially treated sewage discharge

Sewage Treatment Capacity Gap (MLD)	Marginal Cost of Environmental Externality (Rs. per MLD/day)	Minimum and Maximum value of Environmental Externality recommended by the Committee (Lacs Rs. Per Day)
Up to 200	75	Min. 0.05 Max. 0.10
201-500	85	Min. 0.25 Max. 0.35
501 and above	90	Min. 0.60 Max. 0.80

Table No. 3.2: Environmental externality for improper municipal solid waste management

Municipal Solid Waste Management Capacity Gap (TPD)	Marginal Cost of Environmental Externality (Rs. per ton per day)	Minimum and Maximum value of Environmental Externality recommended by the Committee (Lacs Rs. Per Day)
Up to 200	15	Min. 0.01 Max. 0.05
201-500	30	Min. 0.10 Max. 0.15
501-1000	35	Min. 0.25 Max. 0.35
1001-2000	40	Min. 0.50 Max. 0.60
Above 2000		Max. 0.80

The Committee further decided to fix a cap for minimum and maximum cost for capital and O&M component for Environmental Compensation, which are given in below tables:

Table No. 3.3: Minimum and Maximum EC to be levied for untreated/partially treated sewage discharge

Class of the City/Town	Mega-City	Million-plus City	Class-I City/Town and others
Minimum and Maximum values of EC (Total Capital Cost Component) recommended by the Committee (Lacs Rs.)	Min. 2000 Max. 20000	Min. 1000 Max. 10000	Min. 100 Max. 1000

9/16/99

Minimum and Maximum values of EC (O&M Cost Component) recommended by the Committee (Lacs Rs./day)	Min. 2 Max. 20	Min. 1 Max. 10	Min. 0.5 Max. 5
---	-------------------	-------------------	--------------------

Table No. 3.4: Minimum and Maximum EC to be levied for improper municipal solid waste management

Class of the City/Town	Mega-City	Million-plus City	Class-I City/Town and others
Minimum and Maximum values of EC (Capital Cost Component) recommended by the Committee (Lacs Rs.)	Min. 1000 Max. 10000	Min. 500 Max. 5000	Min. 100 Max. 1000
Minimum and Maximum values of EC (O&M Cost Component) recommended by the Committee (Lacs Rs./day)	Min. 1.0 Max. 10.0	Min. 0.5 Max. 5.0	Min. 0.1 Max. 1.0

The application of formula for calculation of EC may be further understood with the example of two typical cases.

3.3 Environment Compensation for Discharge of Untreated/Partially Treated Sewage by Concerned Individual/Authority:

BIS IS-1172:1993 suggests that for communities with population above 100,000, minimum of 150 to 200 lpcd of water demand is to be supplied. Further, 85% of return rate (CPHEEO Manual on Sewerage and Sewage Treatment Systems, 2013), may be considered for calculation of total sewage generation in a city. CPCB Report on "Performance evaluation of sewage treatment plants under NRCD, 2013", describes that the capital cost for 1 MLD STP ranges from 0.63 Cr. to 3 Cr. and O&M cost is around Rs. 30,000 per month. After detail deliberations, the Committee suggested to assume capital cost for STPs as Rs. 1.75 Cr/MLD (marginal average cost). Further, expected cost for conveyance system is assumed as Rs. 5.55 Cr./MLD (marginal average cost) and annual O&M cost as 10% of the combined capital cost. Population of the city may be taken as per the latest Census of India. Based on these assumptions, Environmental Compensation to be levied on concerned ULB may be calculated with the following formula:

$$EC = \text{Capital Cost Factor} \times [\text{Marginal Average Capital Cost for Treatment Facility} \times (\text{Total Generation} - \text{Installed Capacity}) + \text{Marginal Average Capital Cost for Conveyance Facility} \times (\text{Total Generation} - \text{Operational Capacity})] + \text{O\&M Cost Factor} \times \text{Marginal Average O\&M Cost} \times (\text{Total Generation} - \text{Operational Capacity}) \times \text{No. of Days for which facility was not available} + \text{Environmental Externality} \times \text{No. of Days for which facility was not available}$$

Alternatively;

$$EC \text{ (Lacs Rs.)} = [17.5(\text{Total Sewage Generation} - \text{Installed Treatment Capacity}) + 55.5(\text{Total Sewage Generation} - \text{Operational Capacity})] + 0.2(\text{Sewage Generation} - \text{Operational Capacity})$$

9/17/00

Capacity) x N + Marginal Cost of Environmental Externality x (Total Sewage Generation-
Operational Capacity) x N

Where;

N= Number of days from the date of direction of CPCB/SPCB/PCC till the required capacity systems are provided by the concerned authority

Note: In order to include deterrent effect for continuous violations, component of O&M in EC formula may be increased on exponential basis by 2, 4, 8, 16.... times on every six-months, beyond the time prescribed by authority for ensuring complete treatment of sewage of the city/town.

9/18/101

Table No. 3.5: Sample calculation for EC to be levied for discharge of untreated/partial treated Sewage

City	Delhi	Agra	Gurugram	Ambala
Population (2011)	1,68,49,831	17,60,235	6,76,969	5,00,774
Class	Mega-City	Million-plus City	Class-I Town	Class-I Town
Sewage Generation (MLD) (as per the latest data available with CPCB)	4195	381	436	37
Installed Treatment Capacity (MLD) (as per the latest data available with CPCB)	2500	220	404	45.5
Operational Capacity (MLD) (as per the latest data available with CPCB)	1900	140	300	24.5
Treatment Capacity Gap (MLD)	2295	241	136	12.5
Calculated EC (capital cost component for STPs) in Lacs Rs.	29662.50	2817.50	1435.00	0.00
Calculated EC (capital cost component for Conveyance System) in Lacs Rs.	127372.50	13375.50	10313.00	693.75
Calculated EC (Total capital cost component) in Lacs Rs.	157035.00	16193.00	11758.00	693.75
Minimum and Maximum values of EC (Total Capital Cost Component) recommended by the Committee (Lacs Rs.)	Min. 2000 Max. 20000	Min. 1000 Max. 10000	Min. 100 Max. 1000	Min. 100 Max. 1000
Final EC (Total Capital Cost Component) in Lacs Rs.	20000.00	10000.00	1000.00	693.75
Calculated EC (O&M Component) in Lacs Rs./day	459.00	48.20	37.20	2.50
Minimum and Maximum values of EC (O&M Cost Component) recommended by the Committee (Lacs Rs./day)	Min. 2 Max. 20	Min. 1 Max. 10	Min. 0.5 Max. 5	Min. 0.5 Max. 5
Final EC (O&M Component) in Lacs Rs./Day	20.00	10.00	5.00	2.50
Calculated Environmental Externality (Lacs Rs. Per Day)	2.0655	0.2049	0.1835	0.0094
Minimum and Maximum value of Environmental Externality recommended by the Committee (Lacs Rs. Per Day)	Min. 0.60 Max. 0.80	Min. 0.25 Max. 0.35	Min. 0.05 Max. 0.10	Min. 0.05 Max. 0.10
Final Environmental Externality (Lacs Rs. Per day)	0.80	0.25	0.10	0.05

9/19/102

3.4 Environment Compensation to be Levied on Concerned Individual/Authority for Improper Solid Waste Management:

It is known that estimated MSW generation is approximately 1.5 lakh MT/Day in India (MoHUA Report-2016). As per the principles of SWM Rules, 2016 and PWM Rules 2016, as amended in 2018, the total cost of Municipal Solid Waste management in a city/town includes cost for door to door collection, cost of segregation at source, cost for transportation in segregated manner, cost for processing of MSW and disposal through facility like composting, biogas, recycling, co-processing in cement kilns etc.

In view of above, it is estimated that the total cost of processing and treatment of MSW for a city having population size of 1 lakh and generating approximately 50 tons/day of MSW is Rs.15.5 Crores, including capital cost (one time) and O & M cost for one year. The expenditure for subsequent years would be only Rs. 3.5 crores/annum.

CPCB sponsored a survey to ascertain the status of municipal solid waste disposal in 59 cities/towns of India. The survey was conducted by the Environment Protection Training Research Institute (EPTRI), Hyderabad. As per the survey, it is estimated that solid waste generated in small, medium and large cities and towns is about 0.1 kg (Class-III), 0.3-0.4 kg (Class-II) and 0.5 kg (Class-I) per capita per day respectively. The committee opined that 0.6 kg/day, 0.4 kg/day and 0.3 kg/day per capita waste generation may be assumed for mega-cities, million-plus UAs/towns and Class-I UA/Towns respectively for calculation of environmental compensation purposes. Based on these assumptions, Environmental Compensation to be levied on concerned ULB may be calculated with the following formula:

$$EC = \text{Capital Cost Factor} \times \text{Marginal Average Cost for Waste Management} \times (\text{Per day waste generation} - \text{Per day waste disposed as per the Rules}) + \text{O\&M Cost Factor} \times \text{Marginal Average O\&M Cost} \times (\text{Per day waste generation} - \text{Per day waste disposed as per the Rules}) \times \text{Number of days violation took place} + \text{Environmental Externality} \times N$$

Where;

Waste Quantity in tons per day (TPD)

N= Number of days from the date of direction of CPCB/SPCB/PCC till the required capacity system are provided by the concerned authority

Simplifying;

$$EC \text{ (Lacs Rs.)} = 2.4(\text{Waste Generation} - \text{Waste Disposed as per the Rules}) + 0.02 (\text{Waste Generation} - \text{Waste Disposed as per the Rules}) \times N + \text{Marginal Cost of Environmental Externality} \times (\text{Waste Generation} - \text{Waste Disposed as per the Rules}) \times N$$

9/20/103

Table No. 3.6: Sample calculation for EC to be levied for improper management of Municipal Solid Waste

City	Dehi	Agra	Gurugram	Ambala
Population (2011)	1,53,48,831	17,63,255	8,76,969	5,00,774
Class	Mega-City	Million-plus City	Class-I Town	Class-I Town
Waste Generation (kg. per person per day)	0.6	0.4	0.3	0.3
Waste Generation (TPD)	9809.90	704.11	263.09	150.23
Waste Disposal as per Rules (TPD) (assumed as 25% of waste generation for sample calculation)	2452.47	176.03	65.77	37.56
Waste Management Capacity Gap (TPD)	7357.42	528.09	197.32	112.67
Calculated EC (capital cost component) in Lacs. Rs.	17657.82	1267.41	473.56	270.42
Minimum and Maximum values of EC (Capital Cost Component) recommended by the Committee (Lacs Rs.)	Min. 1000 Max. 10000	Min. 500 Max. 5000	Min. 100 Max. 1000	Min. 100 Max. 1000
Final EC (capital cost component) in Lacs. Rs.	10000.00	1267.41	473.56	270.42
Calculated EC (O&M Component) in Lacs. Rs./Day	147.15	10.56	3.95	2.25
Minimum and Maximum values of EC (O&M Cost Component) recommended by the Committee (Lacs Rs./Day)	Min. 1.0 Max. 10.0	Min. 0.5 Max. 5.0	Min. 0.1 Max. 1.0	Min. 0.1 Max. 1.0
Final EC (O&M Component) in Lacs. Rs./Day	10.00	5.05	1.00	1.00
Calculated Environmental Externality (Lacs Rs. Per Day)	2.58	0.25	0.03	0.02
Minimum and Maximum value of Environmental Externality recommended by the Committee (Lacs Rs. per day)	Max. 0.80	Min. 0.25 Max. 0.35	Min. 0.01 Max. 0.05	Min. 0.01 Max. 0.05
Final Environmental Externality (Lacs Rs. per day)	0.80	0.25	0.03	0.02

3.3 Action Plan for Utilization of Environmental Compensation Fund

EC levied in case of failure of preventing the pollutants being discharged in water bodies and failure to implement waste management rules will be deposited in the same fund and will be utilized in the same manner as mentioned in para 1.4.1 of Chapter-I of this report.

3.4 Recommendations

1. The Committee recommended that to begin with, Environmental Compensation to be recovered from individuals/authorities in case of failure of preventing the pollutants being discharged in water bodies and failure to implement solid waste management rules may be calculated with the methodology described in the report.
2. If mixing of Bio-medical Waste and Hazardous Waste is found in Municipal Solid Waste than capital cost component of EC may be increased by a multiplication factor of 1.1 in case of Bio-medical Waste and by a multiplication factor of 1.25 in case of Hazardous Waste.
3. In order to include deterrent effect for repeated violations, component of O&M in EC formula may be increased on exponential basis by 2, 4, 8, 16.... times on every six-months, beyond the time prescribed by authority for ensuring complete treatment of sewage/waste of the city/town.

Date and Remarks	Orders of the Tribunal
Item No. 12	1. This matter was taken by this Tribunal in
August 03, 2018	Furtherance to the orders of the Hon'ble Supreme Court dated 22.01.2017 <i>Pargunaron Suraksha Samiti vs Union of India</i> (2017) 5 SCC 325, establishment and functioning of ETPs/CETP/STPs.
A	2. Vide order dated 25.05.2017, Notice was issued to Central Pollution Control Board and all the States Pollution Control Boards/Committees and the Ministry of Environment, Forest and Climate Change. They were directed to file status-cum-compliance report in terms of the orders of the Hon'ble Supreme Court. Accordingly, various status reports have been filed. An affidavit has been filed by the Ministry of Environment, Forest and Climate Change dated 04 th July, 2017 stating as follows: "4. That the answering Respondent is engaged in policy formulation, pressuring standards and its implementation through the Central Pollution Control Board (CPCB), State Pollution Control Boards (SPCBs) and Pollution Control Committees (PCCs) for UTs. This Ministry was directed to all SPCBs and PCCs as well as to CPCB to ensure compliance of the judgment of the Hon'ble Supreme Court and to submit detailed compliance report.

9/23/105

Item No.
12

August 03,
2018
A

5. That the CPCB has also followed up with all SPCBs and PCCs through letters and review meetings to ensure compliance of the aforementioned judgment and that the matter was also discussed in the 42nd Conference of the Chairmen and Member Secretaries of SPCBs and PCCs held on 27.06.2017. That 26 SPCBs/PCCs have submitted the compliance report, which has been summarized at Annexure-I.

6. That the CPCB has also carried out inspections of 17 categories of industries to verify compliance with its directions issued on online effluent/emission monitoring system and to cross-verify online results with manual sampling. During February-June, 2017, 68 industries were inspected and directions under section 5 of the Environment (Protection) Act, 1986 have been issued to 24 non-complying industries; 16 industries were complying; 8 were found closed and inspection reports of 14 industries are under process.

7. That the CPCB and NMCG through 11 technical institutions, inspected 751 industries located in the River Ganga main stem during March-April, 2017 to verify the status of installation and connectivity of industries discharging effluents as well as their compliance with the standards. Closure directions have been issued to 154 industries; show cause notices issued to 36 industries; 149 industries were found complying and direction issued to 21 self-declared Grossly Polluting Industries (GPI) to remain closed; 93 GPI units were found closed as per directions; 38 GPI units found operational in violation of closure directions and inspection reports of 190 industries are under process.

3. We have heard learned Amicus Curiae Sh. Jai A. Dalia and the learned counsel for Ministry of Environment, Forest and Climate Change, Central Pollution Control Board, various State Pollution Control Boards and the Pollution Control Committees.

4. Learned Amicus Curiae has drawn our attention to orders dated 04.07.2017, 16.09.2017 and 11.10.2017 of the Tribunal directing the State Pollution Control Boards to file a statement as to how many Industrial Units discharging trade effluents or causing emissions exist in the State, how many are having their own STPs, ETPs and/or connected to Common Effluent Treatment Plant

9/24/107

Item No. 12 August 03, 2018 A	(CETP), whether any such CETP or ETP or STP is properly functioning and treating the effluents as per prescribed limits or not. 5. Learned. Amicus Curiae submitted that contamination of water due to industrial effluents can lead to various diseases and adverse consequences on the aquatic organism due to decreased level of oxygen. The use of technology can help reduction of adverse consequences. However, the best solution is to prevent pollution by soil conservation and proper disposal of toxics and chemicals which may include chemical recycling. 6. Having monitored the matter for the last more than one year on several dates, we are of the view that the matter requires continuous monitoring by statutory authorities as per directions which we proposed to issue today. (i) We direct the Central Pollution Control Board (CPCB) to forthwith prepare an action plan after looking into all the status reports. The action plans must have mechanism to ensure compliance of all the directions by the order of the Hon'ble Supreme Court. To enable this to be done, a Nodal officer must be identified to deal with the issue of CETPs/ETPs/STPs. (ii) A representative of the Ministry of Environment, Forest and Climate Change may be associated with the Nodal Officer of the CPCB for monitoring. The Monitoring by the said two officers- the representative of the MoEF and the Nodal Officer of the CPCB must be held atleast once in a month and on the basis of such meeting and the feedback taken further follow up action must be taken and
--	---

9/25/08

Item No. 12 August 03, 2018 A	appropriate directions issued. This process may be a continuous process. (iii) It must be ensured that STPs, CETPs and ETPs are functional and meet the requisite standards. (iv) There is already a direction in the above judgment under which 50% of the funds for the purpose are to be provided by the Central Government, 25% by the States and remaining 25% to be arranged by way of loans which is to be re-paid by the user industries. Local bodies and the States have duties as clearly stipulated in the judgment. There has to be online monitoring system by each State to display emission levels in public domain in terms of paragraph 17 of the order of the Hon'ble Supreme Court. (v) A report of the steps taken may be placed on the website of the Central Pollution Control Board at least once in three months. Deficiencies if any may also be so displayed. (vi) The Central Pollution Control Board may take penal action for failure, if any, against those accountable for setting up and maintaining STPs, CETPs and ETPs. Central Pollution Control Board may also assess and recover compensation for damage to the environment and the said fund be kept in a separate account and utilized in terms of an action plan for protection of the environment. Such action plan may be prepared by the Central Pollution Control Board within three months from today. (vii) A compliance report in terms of the above order may be furnished to this Tribunal within four months from today by e-mail at filing.ng@gmail.com.
--	--

9/26/109

Item No. 12 August 03, 2018 A	(7) Proceedings are disposed of. However, the report received from the Central Pollution Control Board, may be placed for consideration before this Tribunal on 04.09.2018. We place on record our appreciation for the services rendered by the learned Amicus Curiae CP (Adarsh Kumar Gosh) JM (Dr. Jawahar Reddy) JM (S.P. Wangdi) EM (Dr. Negin Nanda) 03/08/2018

9/27/110

Annexure-II

Annexure-II				
Comments Received from Various RDs on Draft Report for Environmental Compensation				
S. No.	Item	RD Kolkata	RD Vadodra	RD Bangalore
1	Case- a, b & c	By-passing of effluent/emission should be given special consideration. EC, listed on IVCA categories of industries should be on the basis of inspection by CPCB, complaint verification and on-line happenings.	Instead of "Compensation", "penalty" word should be used. In case common facilities like CEPPs, factor may be introduced based on number industries. Clarify the applicability of penalty in addition to closure and directions for pre-closure and gross non-compliance. It should be mentioned that instances d, e & f shall be dealt for environmental compensation in line with the polluter pays principle, besides of environmental penalty for cases a, b and c.	RD Bangalore
2	Case- d, e & f	Higher rates for irreparable damages, crop, soil, health etc. Leakages/spillage should have different compensation value.	Similar to Guidelines on Liabilities for Environmental Damages due to Handling & Disposal of Hazardous Waste and Penalty, Guidelines may be prepared.	RD Bangalore
3	Pollution Index (PI)			Instead of average PI, Actual PI may be used.
4	R-factor	Should be based on pollution level, for ex. Amount of BOD/NOx etc. discharged.		May be as per the category of industry, for ex. Re-1-500, Orange-200, Green-100.
5	L-factor			May be redefined based on the features, activities involved and habitation.
		Committee Deliberations		
		The Committee discussed that the points highlighted by RD Kolkata are already the part of cases for far outaction and they environmental compensation. However, as mentioned by RD Vadodra, word "penalty" may be used for case a, b and c. For CEPPs, a factor may be considered in future based on the capacity of the plant.		
		Suggestions made by RD Kolkata and Vadodra has already been taken care. Concept of environmental compensation is based on the philosophy of "polluter pays" and for grievance injury to environment, compensation will be charged as per the assessment of remediation cost, on case to case basis.		
		Committee suggested that to make the implementation of EC simple and easy, use of average PI may be considered for calculation of EC.		
		As PI is based on the pollution load, suggestion of RDs are already taken care in the formula.		
		L-factor may be covered in future as already indicated in the report.		

9/28/11

S. No.	Item	RD Kolkata	RD Vadodra	RD Margasura	RD Lucknow	Committee Deliberations
6	Defining period of violations for which EC will be levied		Duration of violations needs more clarity.	For industry having OCEMS, no. of days may be counted based on the recorded data. Industry without OCEMS- based on break down of ETP/APCD, disturbance of power supply or any failure of auxiliary machineries w.t.d. control system.	May be clearly defined as the period between the day of violation observed and the day of compliance verified by CPCB/SPCB/PC.	The committee agreed that period of violation for which EC may be levied will be the period between the day of violation observed and the day of compliance verified by CPCB/SPCB/PC.
7	Repeated Violations		Some number of days may be specified after which the penalty amount may get a factor of 1.5 or 2.		Multiplying factor for repeated violations may be included, for ex. 1 st repetition- 25% 2 nd repetition- 50% 3 rd repetition- 100%	For habitual offenders, higher amount of penalty/compensation may be charged in future.
8	Utilization of Fund	An environmental damage assessment cell may be created. Expertise in the field may be achieved by involving scientist/engineers and providing them training in country/abroad.	Amount should not be utilized for a) Industrial inspections for compliance verification. b) Installation of Continuous water quality monitoring stations / Continuous ambient air quality monitoring stations for strengthening of existing monitoring network. c) Repatriation of Comprehensive industry documents on industrial sectors / clean technology d) Funding to financially weaker municipalities for installation of STPs The amount should be utilized solely for damage assessment, remediation of affected sites, orphan contaminated sites and creating awareness. The purpose should not get inclined towards revenue generation.			RD Vadodra suggested that amount should be utilized only for remediation purpose. However, committee discussed that the proposal for utilization of fund is prepared considering the other aspects (i.e. direct and indirect) for protection of environment, which include research, monitoring etc. Suggestion of RD Kolkata may be considered in future.

9/29/112

9	Others	Higher EC for non-installation of pollution control measures. Exemption should be for different scaling methodology based on their weightage.	Thus, the functional form of CPCB shall remain intact.				The committee discussed that CPCB is already taking appropriate action including issuing directives against the polluting firms' operations without pollution control measures.
---	--------	---	---	--	--	--	---

9/30/113

Annexure-III

Comments Received from Various Expert Institutions on the Report on Environmental Compensation

As per the Hon'ble NGT suggestion, CPCB has invited comments of 3 expert institutions, namely, Centre for Science and Environment (CSE), Institute of Economic Growth (IEG) and The Energy Research Institute (TERI). CSE and IEG has provided their comments, however, TERI has not provided any response. The CPCB in-house committee on Environmental Compensation has deliberated on the comments and finalized the report accordingly. The Committee's deliberations are summarized in table below:

S. No.	Item	Comments of CSE	Comments of IEG	Committee's Deliberations
1	Cases 'e' and 'f'		Why cases 'e' and 'f' are left for later remediation and study?	There may be a varied damage to the environment as considered in cases 'e' and 'f'. Such damage assessment requires detailed case specific study and remediation measures. Therefore, whenever such case comes into the notice, Environmental Compensation may be looked based on the detailed investigation made by Expert Institutions/Organizations.
2	R-factor	R-factor should be Rs. 1,000/day.	Why R-factor is kept at 250, although the value ranges between 100 to 500?	In the Environmental Compensation policy, average value of the R-factor as 250 is recommended, keeping in view both its practicability as well as to make it significantly deterrent, which may be further revised in future.
3	L-factor	L-factor should be based on the population density of surroundings instead of population of the nearby city/town. For ecologically polluted areas/ ecologically fragile areas, L-factor should be considered as 2.	For nearby city, having population less than 1 million, the LF is 1. This implies that we care only for populated regions only. Industries located in a highly polluted and ecologically fragile area should be closed down.	Population density for surrounding of industrial units will be complex because it will vary depending on area used in calculation of population density as industrial units are generally away from population. More weightage is given to the higher population exposure to the risk. In case the industry is located in the city of population less than one million then the LF factor will be 1. Depending on the local environmental conditions, the restrictions on expansion and modernization of industries in ecologically polluted areas are imposed as per the prevailing policy of the Government of India. Similarly, industries in ecologically fragile areas are permitted after careful examination, as per prevailing policy of MOEF/CPCB.

The Committee agreed that for ecologically fragile areas, LF may be considered as 2. However, if for ecologically polluted areas may be explored in future.

AP

Mr. Rajkumar, Advocate and Sr. Solicitor, LA

For Respondent(s):

ORDER

1. The issue for consideration in the two matters, one initiated by the Tribunal on its own motion and the other filed by an individual relates to contamination of water bodies at Bengaluru - Bellandur lake, Agara lake and Varthur lake *inter-alia*, on account of discharge of untreated sewage and other effluents from

9/33/116

their performance should be recorded and considered favourably or otherwise for their career progression.

xv. Similar exercise as (xiv) may be undertaken to identify officers responsible for failure in the past. Such exercise may be completed within three months from today.

xvi. Since failure of preventing the pollutants being discharged in water bodies (including lake) and failure to implement solid and other waste management rules are too frequent and widespread, the CPCB must lay down specific guidelines to deal with the same, throughout India, including the scale of compensation to be recovered from different individuals/authorities, in addition to or as alternative to prosecution. The scale may have slabs, depending on extent of pollution caused, economic viability, etc. Deterrent effect for repeated wrongs may also be provided.

xvii. MEF&CC may specify limit for phosphorus in soaps and detergents to prevent damage to the environment and public health.

21. The above amount in the present case has been determined having regard to the estimated cost of setting up of STPs, based on the data available, which has been assessed with the assistance of the learned Counsel for the parties.

23. We have nominated Justice Santosh Hegde on information being provided during the hearing that he is agreeable to undertake the above job.

29. Justice Hegde will be entitled to a token honorarium of Rs. 2.5 Lakh per month from the date he assumes the charge. Justice Hegde will be entitled to assistance of persons of his choice for which remuneration will be paid by the SPCB, Karnataka as may be determined by Justice Hegde.

For Respondent (s): Mr. Pradeep Misra, Advocate for UPPCB
Mr. TVS Raghavendra Sreyas, Advocate for
APPCB
Mr. Dhansjay Bajaj, Advocate for TSPCB
Mr. Jigy Scaria, Advocate for KSPCB
Ms. Sakshi Popli, Advocate for DPCO
Mr. Rajkumar, Advocate for CPCB

ORDER

1. The issue for consideration is the remedial action against the polluting industries in the identified polluting industrial clusters. The Tribunal, vide order dated 13.12.2018, treated the news item published in "The Asian Age" dated 06.12.2018 authored by Mr. Sanjay Kaw titled "CPCB to rank industrial units on pollution levels" as an application in view of substantial question of environment which could be dealt with by the Tribunal under Sections 14, 15 and 20 of the National Green Tribunal Act, 2010.
2. We may note the background of the issue briefly. The Central Pollution Control Board (CPCB) in exercise of its statutory functions under the Air (Prevention and Control of Pollution) Act, 1986 (the Air

9/36/119

Act), the Water (Prevention and Control of Pollution) Act, 1974 (the Water Act) and the Environment (Protection) Act, 1986 (the EPA Act) carried out the physical study of the industrial clusters in the country with reference to the Comprehensive Environmental Pollution Index (CEPI) which includes weightages on nature of pollutants, ambient pollutant concentrations, receptors (number of people affected) and additional high risk element. On the basis of the study jointly carried out by the CPCB and State PCBs in 2009-10, 88 industrial clusters were notified as Polluted Industrial Areas (PIAs). These PIAs were ranked as 'critically polluted area' (CPA), 'severely polluted area' (SPA) and 'other polluted areas' (OPAs), depending upon the CEPI scores of each of these industrial areas. Where the CEPI score crossed 70, the areas are designated as CPAs, where the index was between 60-70, they are designated as SPAs and those below 60 as OPAs. As per the CPCB's monitoring of industrial clusters based on CEPI-2009, 43 industrial clusters in 16 cities were identified as CPAs and 32 were identified as SPAs. The CPAs and SPAs were to bring the pollution levels within the norms by formulating and implementing an action plan with short term and long term measures within one year or more. New units in the said areas were prohibited but such ban was later on lifted.

3. In 2016, the criterion for determining CEPI was revised. CPCB revised its CEPI criteria and laid out components which included, scale of industrial activity, scale of exceedance of environmental quality (level of exposure), health related statistics and compliance status of industries.
4. On 26.04.2016, the CPCB issued directions under Section 18 of the Air Act and the Water Act to the SPCB of Andhra Pradesh, Telangana,

9/37/120

Uttar Pradesh, Karnataka, Punjab, Jharkhand, Haryana, Gujarat, Govt. of NCT Delhi, Tamil Nadu, Maharashtra, Madhya Pradesh, Rajasthan, Chhattisgarh, West Bengal, Kerala, requiring continuous environmental quality monitoring in all CPAs and SPAs, installation of Continuous Ambient Air Quality Monitoring Stations (CAAQMS), Continuous Water Quality Monitoring Stations (CWQMS) for CEPI score evaluation as per revised formulae and to formulate their action plans before 15.06.2016. The polluting sources were required to be notified in public domain on websites, environmental quality data was also to be placed in public domain, State Governments were to notify the scaled maps of the industrial areas. The object of placing such data in public domain was to give warning for bringing the pollution levels within the prescribed limits. The polluted clusters were to be kept in mind for permitting setting up of further industries or expanding of the existing industries.

5. Based on the CEPI-2016 criterion, CPCB carried out further monitoring in the year 2017-18 where it was found that number of identified polluted industrial clusters went up to 100. The said number includes 38 critically polluted, 31 severely polluted and remaining 31 as other polluted areas.
6. The Tribunal vide order dated 13.12.2018 directed all the State Pollution Control Boards/Committees (PCCs) to finalize time bound action plans within three months so as to bring all polluted industrial clusters within the safe parameters under the provisions of the Air Act and the Water Act. The SPCBs and CPCB were free to take coercive measures, including recovery of compensation for damages to the environment on 'Polluter Pays' principle and also to adopt precautionary measures on 'Precautionary' principle. The CPCB was

9/38/21

directed to serve a copy of the above mentioned order to all the SPCBs who were to furnish the same to the respective Chief Secretaries of the States for necessary action. The MoEF&CC was directed to take steps on the basis of report of the CPCB. Action taken reports were to be furnished by the CPCB and the MoEF&CC to this Tribunal before 31.05.2019. In the States, action plans were to be prepared by Committees headed by the Chief Secretaries.

7. Ill effects of industrial pollution on the environment and public health are well acknowledged. This has made it necessary to strictly apply the principles of 'Sustainable Development' and permit any activity to be carried out without degrading the environment. The statutory scheme under the Air Act, the Water Act and the EPA Act provides for standards for air and water quality which must be maintained and violation thereof is a criminal offence¹. Any violation has to be visited with stopping of polluting activity, prosecution and compensation for restoration of environment. Accordingly, in the order dated 13.12.2018 this Tribunal observed:

"5. Purpose of economic development in any region is to provide opportunities for improved living by removing poverty and unemployment. While industrial development invariably creates more jobs in any region, such development has to be sustainable and compliant with the norms of environment. In absence of this awakening or tendency for monitoring, industrialization has led to environmental degradation on account of industrial pollution. It is imperative to ensure that steps are taken to check such pollution to uphold statutory norms. Adequate and effective pollution control methods are necessary.

6. Dust, smoke, fume and toxic gas emissions occur as a result of highly polluting industries such as thermal power plants, coal mines, cement, sponge iron, steel and ferrow alloys, petroleum and chemicals unless right technology is used and precaution taken. Industry specific clusters have not only become hazardous but

¹ Section 7 read with Section 15 of the EPA Act, Section 24 read with Section 41 and Section 45A of the Water Act, Section 21 and Section 22 read with Section 37 of the Air Act.

9/39/122

also cause irreparable damage to our ecology and environment, often breaching the environment's carrying capacity, adversely affecting public health.

7. In *Karnataka Industrial Areas Development Board vs. C. Kenchappa & Ors*², the Hon'ble Supreme Court observed, as guiding rules for Sustainable Development, that humanity must take no more from nature than man can replenish and that people must adopt lifestyles and development paths that work within the nature's limit. In *Vellore Citizens Welfare Forum Vs. Union of India*, the Hon'ble Supreme Court recognized the Precautionary Principle and explained that environmental measures by the State Government and the statutory authorities must anticipate, prevent and attack the causes of environmental degradation.
8. This Tribunal has applied the same principles in deciding matters before it in terms of Section 20 of the National Green Tribunal Act 2010.
13. The action plan to be prepared in the States may be done by the Committee constituted by the Chief Secretary within one month from today as several Departments may be involved in the exercise. The final preparation of the action plan including its execution may be overseen by the Chief Secretary of the concerned State, along with the other connected major environmental issues of the States, such as pollution of river stretches, non-attainment cities in terms of air quality and solid waste management, utilization of treated sewage, covered by order of this Tribunal dated 20.09.2018 in Original Application No. 673/2018, News Item Published in 'The Hindu' authored by Shri. Jacob Koshy titled "More river stretches are now critically polluted: CPCB", order dated 08.10.2018 in Original Application No. 681/2018, News Item Published In 'The Times of India' Authored by Shri. Vishwa Mohan Titled "NCAP with Multiple Timelines to Clear Air in 102 Cities to be released around August 15", order dated 20.08.2018 in Original Application No. 606/2018, Compliance of Municipal Solid Waste Management Rules, 2016 and order dated 27.11.2018 in Original Application No. 148/2016, *Manesh Chandra Saxena Vs. South Delhi Municipal Corporation & Ors.* The Chief Secretary will take meetings on all these issues once in three months (quarterly) and will forward Report to NGT by e-mail."
8. We may also note that on 16.01.2019, while considering the issue of compliance of Solid Waste Management Rules, 2016 and other Waste Management Rules in O.A. No. 606/2018, Compliance of MSW Rules, 2016, the Tribunal required the presence of the Chief Secretaries in

² (2006) 6 SSC 383

9/40/123

person after monitoring the subjects mentioned in the said order which included polluted industrial clusters.

9. Accordingly, the Chief Secretaries appeared before this Tribunal and filed their respective versions on the subject. They have been asked to take necessary steps to enforce the environment norms and furnish periodical reports to this Tribunal. The directions include monitoring of important environmental issues including the issue of polluted industrial clusters by a Central Monitoring Committee with representatives from the Central Government and the Chief Secretaries of the States, undertaking carrying capacity study of the areas where violation of environmental norms is established, training programme of the officers concerned with the enforcement of the environmental norms, preparation of annual environmental plan for the country giving status of gaps in compliance of environmental norms.³ The Tribunal noted the private studies which may need to be verified assessing the number of deaths and diseases from pollution:

"38. Death attributable to pollution to be 2.51 million in 2015, highest in the world. Air pollution, the number of deaths in India from ambient air pollution was 1.09 million, while deaths from household air pollution from solid fuels were 0.97 million. In the case of water pollution, 0.5 million deaths were caused by unsafe water source, while unsafe sanitation caused 0.32 million deaths. Deaths from air pollution were a result of diseases such as heart disease, stroke, lung cancer, and chronic obstructive pulmonary disease (COPD). Pollution has been responsible for the most non-communicable disease deaths. India ranks a dismal 110 of 149 countries on the Sustainable Development Index. With rapid urbanization, the country is facing massive waste management challenge. Over 377 million urban people live in 7,935 towns and cities and generate 62 million tonnes of municipal solid waste per annum. Only 43 million tonnes (MT) of the waste is collected. 11.9 MT is treated and 31 MT is dumped in landfill sites. An alarming 80% of India's surface water is polluted. Indian cities generate 10 billion gallons or 38 billion litres of municipal waste water every day, out of which only 29% of it is treated.

40. In case extent of convictions for the environment related offences do not correspond to the extent of crime, paradigm shift in

³ O.A 606/2018, order dated 17.05.2015, at para 27

⁴ *Ibid*

9/4/124

policies and strategies for implementation of law may need to be considered. Similarly, the mechanism for recovery of compensation may need to be revised on that pattern. Such review of policy cannot be left to the Local Bodies or the Pollution Control Boards but has to be at highest level in the State and further review at the national level. As noted in some of the studies, the ranking of the country in compliance of environmental norms needs to be brought to respectable higher position which may be possible only if there is change in policies and strategies for implementation of necessary norms at every level in right direction. The scale of compensation needs to be suitably revised so that the same is deterrent and adequate to meet the cost of reversing the pollution."

10. Some of the States have also filed their reports in the present proceedings apart from the reports of the Chief Secretaries mentioned above. Further, a report has also been filed by the CPCB. According to the CPCB report, order dated 13.12.2018 stands served to all the State PCBs and the PCCs. The CPCB with the concurrence of MoEF&CC carried out environmental quality monitoring in 21 States across the country in respect of the said 100 industrial clusters based on the revised CEPI-2016, by engaging the services of approved laboratories. The said reports have been analysed. Further information has been sought from the State PCBs/ PCCs. Comprehensive exercise and consultative process has been undertaken and CEPI scores of all the 100 Polluted Industrial Areas (PIAs) were submitted to MoEF&CC on 11.01.2019 and the MoEF&CC replied in letter dated 25.02.2019 that there are some gaps in the information. Further information relating to such gaps were sought from the States by the MoEF&CC. Thereafter, updated CEPI scores for all 100 PIAs have been submitted by CPCB to MoEF&CC on 10.04.2019. The CPCB has also prepared a protocol and submitted the same to the MoEF&CC on 17.05.2019 for consideration and appropriate action.

11. During the hearing today, a copy of the letter dated 17.05.2019 was handed over by the Learned Counsel for the CPCB, indicating the

9/42/125

latest CEPI scores for 100 polluted industrial areas/clusters monitored during 2018. The said scores are as follows:

The CEPI Scores in descending order for Industrial Areas/Clusters monitored during 2018

Sl. No.	Name of Polluted Industrial Areas (PIAs)	Air	Water	Land	* CEPI Score	# Status of Environment
1.	Tarapur(Maharashtra)	72.00	89.00	59.25	93.69	Ac_Wc_Ls
2.	Najafgarh-Drain basin including Anand Parbat, Naraina, Okhla, Wazirpur(Delhi)	83.25	86.00	55.75	92.68	Ac_Wc_Ls

9/45/128

12. Question for consideration is whether mere making of action plans obviates the requirement of enforcing the law. Continued polluting activities are criminal offences under the law of the land. The rule of law requires prohibiting such activities to safeguard the environment and the innocent victims⁵.
13. The answer has to be in the negative. Once the industrial clusters have been notified as polluting, while action plans may certainly be prepared, the polluting activity, which is a criminal offence, cannot be allowed to be continued. The essence of rule of law is that no activity which is against the law is allowed to continue and the person violating the law is punished according to law.⁶ Thus merely requiring improvement does not obviate the need for punishing the law violators/polluters; stopping polluting activity and recovering compensation for the damage already caused so as to recover the cost of restoration⁷ is the mandate of law. This having not been done, the Tribunal is under a duty to direct the statutory regulators to perform their functions and take steps forthwith for stopping polluting activities, initiating prosecutions against the polluters and assessing and recovering compensation from such identified polluters at least for five years which is the period specified under Section 15(3) of the National Green Tribunal Act, 2010.

⁵ Under Section 5 of the EPA Act, Section 31A of the Air Act and Section 33A of the Water Act, the power of Board to give directions includes the power to direct the closure, prohibition or regulation of any industry, operation or process; or the stoppage or regulation of the supply of electricity or water or any other service.

⁶ [https://www.thelancet.com/journals/lanplh/article/PIIS2542-5196\(18\)30261-4/fulltext](https://www.thelancet.com/journals/lanplh/article/PIIS2542-5196(18)30261-4/fulltext) stating 1.24 million deaths in India in 2017, which were 12.5% of the total deaths, were attributable to air pollution, including 0.67 million from ambient particulate matter pollution and 0.43 million from household air pollution.

⁷ Goa Foundation Vs. Union of India and Ors., (2014) 6 SCC 590, at para 72-75, the Supreme Court noted the power that rests with the Pollution Control Board under Section 31 A of the Air Act and Section 33 A of the Water Act and directed that the authorities should take stringent actions in line with these power in cases of polluting industries.

⁸ Tirupur Dyeing Factory Owners Association Vs. Noyyal River Ayazimudars Protection Association & Ors., (2009) 9 SCC 737, in paras 26, 27, 33 & 34, the Supreme Court emphasis on developmental activities to be such that it does not compromises with the ability of the future generation to meet their needs and in this regard, authorities are to take into consideration the macro effect of wide-scale land and environmental degradation caused by absence of remedial measures.

9/46/129

14. We reiterate that economic development is not to be at the cost of health of the public and in violation of law of the land. Unless the polluting industries tackle the problem they have created, their operations have to be stopped/suspended.⁹ Reference may be made to the judgement in the case of *Indian Council for Enviro Legal Action & Ors. Vs. Union of India & Ors.*¹⁰

"Respondents 4 to 8 have earned the dubious distinction of being categorised as 'rogue industries'. They have inflicted untold misery upon the poor, unsuspecting villagers, de-spoiling their land, their water sources and their environment - all in pursuance of their private profit. They have forfeited all claims of any consideration by this Court. Accordingly, we herewith order the closure of all plants and factories of Respondents 4 to 8 located in Bichhri village. The RPCB is directed to seal all factories/units/plants of the said respondents forthwith."

15. We may note that this Tribunal has dealt with cases of industrial pollution and exercising its jurisdiction under Sections 14, 15 and 20 of the NGT Act, 2010 directed the regulatory authorities to prohibit polluting activities, prosecute the polluters and assess and recover compensation. In the case of Morbi Industrial Cluster¹¹, which ranks at 31 based on its CEPI score, (where air pollution is critical though overall index places it in OPA), the Tribunal noted the air quality as shown in the inspection report furnished in the said case, to be as follows:

"Ambient Air Quality Status As per National Green Tribunal committee report average ambient air quality (7 Stations) monitored PM10 = 552.66 µg/m³, PM2.5 = 289.61 µg / m³, SO2 = 152.81 µg / m³. Compared to that, Average ambient air quality monitored (4 Stations) in last 3 months (Aug- 18 to Nov-18) is PM10 = 199.1 µg / m³,

⁹ M.C Mehta (Bodhi and Sarajkund Lakes Matters) vs. Union of India & Ors., (1997) 3 SCC 715 at para 10 & 11, where the Supreme Court prohibited any construction activities around the said lakes on account of precautionary principle to protect these lakes; Vellore Citizens Welfare Forum Vs. Union of India & Ors., (1996) 5 SCC 647 at para 9, where the Supreme Court discussed the rights guaranteed under Article 21 of the Constitution of India and directed that all tanneries which have not obtained the consents will be not reopened and that no new tanneries will be permitted to be open in the prohibited area.

¹⁰ (1996) 3 SCC 212 at para 70.

¹¹ Order dated 06.03.2019 in Original Application No. 20/2017 (WZ), Babubhai Ramubhai Sami Vs. Gujarat Pollution Control Board & Ors.

9/47/130

PM2.5 = 60.6 $\mu\text{g}/\text{m}^3$. Though not meeting with standards, this shows improvement in air quality of Morbi-Wankaner Region."

16. Since the industries in the said area were operating in violation of Air Act, having adverse consequences on health and environment, applying the Sustainable Development and Precautionary principles, the Tribunal directed the GPCB to close all the coal gasifier industries and take steps for prosecution of such industries which violated the law and recover compensation for the damage to the public health to be assessed by a Joint Committee of GPCB, CPCB and NEERI, taking into account the cost of restoration of the environment and the element of deterrence.¹²

17. The Tribunal observed:

"22. Purpose of economic development in any region is to provide opportunities for improved living, removing poverty, and unemployment. While industrial development invariably creates more jobs in any region, such development has to be sustainable and compliant with the norms of environment. In absence of this awakening or tendency for monitoring, industrialization has led to environmental degradation on account of industrial pollution. It is imperative to ensure that steps are taken to check such pollution, to uphold statutory norms. Adequate and effective pollution control methods are necessary.

23. We may also note that as per data compiled by the CPCB, Morbi-Wankaner is one of the polluted industrial clusters. Vide order dated 13.12.2018 in Original Application No. 1038/2018, this Tribunal considered the subject matter of critically polluted industrial clusters and directed preparation of action plans by the respective States for remedying the situation.

24. Even though, this area is polluted but not 'critically polluted', the same may not be covered by the said order, but the fact remains that there is high amount of pollution as shown by the latest report of the GPCB quoted above in para no. 13. PM10 is equal to 552.66 and PM2.5 is equal to 289.61. Stringent

¹² Order dated 06.03.2019 in Original Application No. 30/2017 (W2), Babubhai Ramubhai Saini Vs. Gujarat Pollution Control Board & Ors.

9/48/31

measures are, thus, required in the interest of protection of environment and public health.

25. Accordingly, we allow the applications and direct the GPCB to close all coal gasifiers industries and units operating with the help of coal gasifiers without prejudice to such units switching over to non-coal gasifiers or PNG or technology consistent with the above report. The CPCB must initiate immediate steps for prosecution of the industries which have operated in violation of law and recover compensation for causing damage to the environment and public health. This amount may be assessed by a Committee with representatives of CPCB, GPCB and NEERI. The CPCB will be the nodal agency for coordination and compliance. The Committee may suggest restructure plan."

18. The Tribunal also considered the case of pollution in the Taloja industrial area¹³ which finds mention under the title 'Navi Mumbai' at rank 51 based on its CEPI score. High level of pollution was found on the basis of joint inspection conducted by the CPCB and the Maharashtra PCB dated 02.01.2018, as the CETP was not functioning properly. The Maharashtra State PCB gave notice to 92 industries for closure. Apart from requiring the CETP operators to deposit a sum of Rs. 10 crores as compensation, steps were required to be taken to remedy the pollution. The Tribunal held that only option was to permit only such industries to function which had stand alone ETP and are fully compliant with the norms and to close the industries which were non-compliant.¹⁴

19. The Tribunal directed as follows:

"13. In view of above undisputed position that pollution is still continuing, the only option is to shut down the industries which are source of pollution till remedial action is taken. Learned Counsel for the MIDC as well as MPCB are unable to provide any other solution. It is made clear that mere fact that MIDC has assigned the work to a contractor does not absolve MIDC of its responsibility of operating CETP as per norms.

¹³ O.A No. 125/2018, Arvind Pandalik Mhatre v. Ministry of Environment and Forest & Climate Change & Ors.

¹⁴ O.A No. 125/2018, Arvind Pandalik Mhatre Vs. Ministry of Environment and Forest & Climate Change & Ors., order dated 09.04.2019

9/49/132

14. Accordingly, we direct the MPCB to forthwith suspend the Consent to Operate to the industries in the area not meeting the norms and permit them to operate only after remedial steps are taken. Steps in this direction be taken within two weeks from today. Whether a particular industry is complying or not complying with the norms is the matter to be decided by the MPCB in accordance with law. Action taken report be furnished to the Committee and the Committee may take a final call in the matter, in case of any surviving issue."

20. Taking cognizance of the untreated effluents being discharged by textile units in Tronica city, Loni area, Ghaziabad, the Tribunal in *Rashid Ali Warsi Vs. UPSIDC & Ors.*¹⁵, directed closure of 53 units until the time CETP was made functional. Thereafter, vide order dated 13.11.2018, the Tribunal allowed operation of only those units which were later found to be achieving the norms.

21. The Tribunal in the case of *M.C Mehta vs. Union of India & Ors.*¹⁶ dealt with the issues regarding continuous illegal discharge of untreated sewer and industrial effluents in Ganga and its tributaries and the connecting drains, apart from the dumping of solid waste, hazardous waste, plastic waste, muck and other wastes. The Tribunal after noting that leather industries at Jajmau, Banthar and Unnao were discharging untreated effluents in the river Ganga, directed that activities of such industries must be straightaway closed till they comply with the norms.¹⁷

22. In view of water pollution caused by absence/dysfunctional CETPs/ETPs/STPs, the Tribunal has, in the case of *Aryavart Foundation Vs. M/s Vapi Green Enviro Ltd. & Ors.*¹⁸, directed all defaulting industries, other than green and white category, connected

¹⁵ Order dated 25.05.2018

¹⁶ O.A 200/2014, order dated 14.05.2019

¹⁷ Ibid at Para 16 & 17

¹⁸ O.A 95/2018, order dated 11.01.2019

with CETP, to make deposits with the CPCB towards interim environmental compensation, pending assessment of actual compensation and further action¹⁹, on the following scale:

- (i) Large Industries - Rs. 1 crore each
- (ii) Medium Industries - Rs. 50 Lakhs each
- (iii) Small Industries - Rs. 25 Lakhs each

23. In the present case, in view of massive exercise already done by CPCB, it is not necessary to require any further verification about the existence of pollution in the said FIAs. The Tribunal can direct that the polluting activities cannot be allowed to continue till adequate measures are taken as the Tribunal is bound to apply the 'Sustainable Development'²⁰, 'Precautionary'²¹ and 'Polluter Pays'²² principle under Section 20 of the National Green Tribunal Act, 2010 to protect the environment and the victims. The statutory regulatory bodies can be required to straightaway identify the particular industrial units in the said FIAs that are causing pollution, particularly those units which fall under the red and orange category and take action against them by way of closing the polluting activity, initiating prosecution and assessing and recovering compensation. Pending such assessment, interim compensation may be recovered on the scale adopted by this Tribunal in the case of Vapi industrial area²³.

¹⁹ Para 55, of O.A 95/2018, order dated 11.01.2019

²⁰ M.C Mehta Vs. Union of India (1997) 2 SCC 353, where the Supreme Court of India held - The development of industry is essential for the economy of the country, but at the same time the environment and the ecosystems have to be protected. The pollution created as a consequence of development must be commensurate with the carrying capacity of our ecosystem.

²¹ M.C Mehta vs. Union of India & Ors. (2009) 6 SCC 142, at para 23, 30 & 46, the Supreme Court addressed the issue of wide threat to forest ecology vis-à-vis the mining activities in the Aravalli hills and explained that it is important to evoke the precautionary principle to impose complete ban on mining in the Aravalli Range in state of Haryana.

²² Indian Council for Enviro Legal Action & Ors. Vs. Union of India & Ors., (1996) 3 SCC 212 Para 16, Velkore Citizens Welfare Forum Vs. Union of India & Ors. (1996) 5 SCC 647 Para 12-13 - holding that "Polluter Pay" principle is accepted principle and part of environmental law of the country, even without specific statute. M.C Mehta Vs. Union of India & Ors., W.P (C) No. 13029/2015 order dated 24.10.2017 of the Supreme Court of India. O.A 95/2018, order dated 11.01.2019 & O.A No. 593/2017, order dated 03.08.2018. The Tribunal directed CPCB to take penal action against those accountable for failure in setting up CETPs/STPs/STPs and to recover compensation for damage to the environment.

²³ Supra 15

9/51/134

24. CPCB has compiled data of industrial clusters which are polluting in terms of air, water and other norms together. Under the law, even air pollution or water pollution or other pollution, are independent offences. The sustainable development and precautionary principle require any polluting activity to be prohibited and compensation recovered for damage caused from polluters. If there is air pollution, actionable under the Air Act, even if there is no violation of Water Act or EPA Act, such pollution cannot be ignored. There has to be prosecution, stopping of polluting activity and recovery of compensation for restoration of the environment. We have seen that even when norms of air, water and other pollution are being violated, prosecution, stopping of polluting activities and recovery of compensation is not taking place for which there is no justification. Likewise action to prohibit polluting activity, initiating prosecution and recovery of compensation is required not merely for the PIAs based on violation of norms under all the heads, but also for areas where air, water or other pollution is found individually. Thus areas not covered by PIAs are also required to be governed by our directions for enforcing the law by way of stopping polluting activity and taking other steps. The fact that such pollution is taking place is evidenced by there being acknowledged pollution in the form of 351 polluted river stretches²⁴ and 102 non-attainment cities²⁵.

25. CPCB must compile data of polluted industrial areas not confined to more than one parameters as is now being done, but also²⁶ with respect to polluted areas based on water, air or other pollution individually. Compiling data for categorizing areas as polluted areas based on water pollution alone, or air pollution or other pollution

²⁴ O.A. 673/2018, News Item Published in 'The Hindu' authored by Shri. Jacob Koshy titled 'More river stretches are now critically polluted: CPCB', Order dated 20.09.2018

²⁵ O.A. 681/2018, News Item Published in 'The Times of India' Authored by Shri. Vishwa Mohan Titled 'NCAP with Multiple Timelines to Clear Air in 102 Cities to be released around August 15' order dated 08.10.2018

9/52/135

alone may be a step in the right direction. Let this be now done in the next three months, with the assistance of State PCBs/PCCs or other experts. In this regard we may note that dealing with the industrial water pollution, this Tribunal directed the CPCB to compile its monitoring report with reference to 97 CETPs installed in different states as this was linked to 100 PIAs also.²⁶

26. Needless to state that there is no right to carry on business in violation of pollution norms and right of statutory authorities is coupled with duty. Such right, does not carry any unlimited discretion of not taking action when pollution norms are violated.

27. In view of the material compiled by the CPCB, with the assistance of SPCBs/PCCs, in respect of polluted industrial areas, where action is not being taken by statutory authorities, the Tribunal has to exercise its jurisdiction of directing performance of statutory functions and duties by the State boards/committees, following similar direction by the Apex Court²⁷.

28. Accordingly, we direct the CPCB in coordination with all State PCBs/PCCs to take steps in exercise of statutory powers under the Air (Prevention and Control of Pollution) Act, 1981, Water (Prevention and Control of Pollution) Act, 1974, Environment (Protection) Act, 1986 or any other law to prohibit operation of polluting activities in the said CPAs and SPAs within three months and furnish a compliance report to this Tribunal. The Central Pollution Control Board, in coordination with the State Boards/PCEs may make

²⁶ O.A No. 593/2017, order dated 19.02.2019, Paryavaran Suraksha Samiti & Anr. Vs. Union of India & Ors.

²⁷ M.C Mehta (Calcutta Tanneries' Matter) Vs. Union of India & Ors., (1997) 2 SCC 411, at para 17, the Supreme Court directed the Board to take action against defaulting tanneries which, including those which had not complied with the conditions under Water Act as mentioned in their consents. In M.C Mehta Vs. Union of India & Ors., [2004] 6 SCC 338, paras 37,48, 517-59, the Supreme Court passed direction on closure of industrial units which were illegally operating and were in violation of the Master Plan.

9/53/136

assessment of compensation to be recovered from the said polluting units for the period of last 5 years, taking into account the cost of restoration and cost of damage to the public health and environment and the deterrence element. The scale of deterrence may be related to the period and the frequency of defaults. Such other factors as may be found relevant may also be taken into account. No further industrial activities or expansion be allowed with regard to 'red' and 'orange' category units till the said areas are brought within the prescribed parameters or till carrying capacity of area is assessed and new units or expansion is found viable having regard to the carrying capacity of the area and environmental norms. Pending assessment of compensation, interim compensation be recovered at the scale adopted by this Tribunal in the case of Vapi Industrial area as mentioned in para 22 above.

29. We further direct CPCB, with the assistance of SPCBs/PCCs or other experts, to compile information with regard to polluted industrial areas based on water pollution norms separately, air pollution norms separately and other pollution norm separately and notify such information on public domain within three months. On completing this exercise, action against identified individual polluters may be initiated on the same pattern on which direction have been issued in para 28 and furnish a report to this Tribunal in this regard also, before the next date.
30. We direct the MoEF&CC to take steps for enforcement of action plan for improvement of the situation.
31. We may also mention that hearing individual industrial unit is not considered necessary for passing the above order as the CPCB/State

9/54/137

PCBs must exercise their respective statutory powers by following the procedure prescribed under the statute even without intervention of this Tribunal. The Tribunal is only requiring such statutory bodies to perform their duties to uphold the law without going into an individual case²⁸. Direction is with reference to data compiled, or to be compiled, by the said bodies only.

32. It is made clear that white and green or non-polluting industries which are not causing any pollution will not be affected by this order except that the parameters thereof may be monitored with a view to see that under the garb of label of white/green or otherwise, the polluting activity is not continued.

33. We direct that the CPCB will be at liberty to have an appropriate panel of Experts to augment its capacity, in case the available manpower is found to be inadequate to execute the above order and for this purpose utilise the environment funds available under the environmental compensation head. In this regard, reference may also be made to order dated 22.01.2019, of this Tribunal in O.A No. 101/2019, *Central Pollution Control Board Vs. Assam State Pollution Control Board & Ors.* which enables CPCB to utilise the environment fund for the purpose.

34. Let a compliance report be filed by the CPCB after three months but before the next date by email on judicial-ngt@gov.in.

List for further consideration on 05.11.2019.

²⁸ *M.C Mehta Vs. Union of India & Ors.*, [2001] 3 SCC 756, at para 8, the Supreme Court repeated the stand that in *re M.C Mehta Vs. Union of India* (1998) 6 SCC 63, the Court had passed directions to all bus operators in Delhi to make a shift from diesel and other fuels to CNG, the Supreme Court's directions are all *in rem* and not *in personam*.

Annexure - II

IMPORTANT

Dated: 10.09.2019

To

1. The Chief Secretary
Govt. of Haryana
2. The Additional Chief Secretary to Govt. of Haryana
Environment Department
3. The Chairman,
Haryana State Pollution Control Board
4. The Deputy Commissioner
Sonapat, Haryana.

**Sub: Issue regarding imposition of Environment
Compensation on the erring and polluting Units and on
the violators of Environmental law.**

Respected Madam/Sir,

While arguing the matter i.e. O.A No.764/2018 titled as Kissan Uday Samiti V/s. State of Haryana on 02.09.2019, an issue cropped up as to the period for which Environment Compensation (EC) is imposed on the violators. It was submitted by the undersigned on behalf of State of Haryana and Haryana State Pollution Control Board that a decision has been taken to impose the Environment Compensation from the date when Policy in this regard was framed i.e. 29.4.2019 till the date the violation is continued.

The Hon'ble Tribunal observed that it is shocking that State is imposing Environment Compensation from the date of Policy or maximum from the date of inspection observing violation and not adopting a principle of best judgment under which the violators are required to be asked to pay compensation from the date when the violation as per the judgment the Pollution Control Board would have been taken place. It was submitted by undersigned that if compensation is imposed on the above principle as observed by the Hon'ble Tribunal, the chances of disputing such imposition of compensation shall be very high.

New Delhi-110024

Mobile: 9873901275, Ph: 40507217, 41657217

E-mail: groveradvocate@rediffmail.com

However, after long discussions on the subject the Hon'ble Tribunal observed that compensation must be imposed on the principle of best judgment and should be from the date when according to the assessment of Pollution Control Board violation might have started and In this regard the date of last inspection finding the unit compliant, should be considered as commencing date for computation of EC.

The Hon'ble Tribunal also quoted that it has made observation in *order dt 16/11/18* OA No.1038/2018, where in the absence of exact date, the Environment Compensation should be imposed for last 5 years as specified in Section 15 of the National Green Tribunal Act, 2010. The relevant portion of the observation made is being reproduced as under:-

"Thus merely requiring improvement does not obviate the need for punishing the law violators/polluters; stopping polluting activity and recovering compensation for the damage already caused so as to recover the cost of restoration is the mandate of law. This having not been done, the Tribunal is under a duty to direct the statutory regulators to perform their functions and take steps forthwith for stopping polluting activities, initiating prosecutions against the polluters and assessing and recovering compensation from such identified polluters at least for five years which is the period specified under Section 15(3) of the National Green Tribunal Act, 2010." (para- 13)

This issue is being again and again raised in different matters where question of imposition of Environment Compensation surfaces. As such, the worthy Chief Secretary and other addressees are requested to please take a final view keeping in view the observations of the Hon'ble Tribunal in this regard and take a final view in regard to the period for which Environment Compensation is to be imposed on the erring units/ violators.

Thanking you,

Yours faithfully,

(ANIL GROVER)
Addl. Advocate General, Haryana

HARYANA STATE POLLUTION CONTROL BOARD

Annexure - IV

Office Order

Whereas, modality/methodology for assessing, imposing and utilization of environmental compensation (EC) from the polluting units in the State of Haryana for causing damage to the environment, was issued vide Head Office Order Endst. No. HSPCB/PLG/2019/6043-75 dated 29.04.2019;

Whereas, Hon'ble NGT also issued directions vide order dated 10.07.2019 in OA No. 1038/2018 that in the absence of exact date of violation, the environmental compensation should be imposed for last 5 years as specified in section 15 of the National Green Tribunal Act, 2010;

Whereas, matter has been examined at Board level and it has been decided to implement the above said orders of the Hon'ble NGT with regard to duration of violation of assessment of environmental compensation;

Therefore in view of above and in partial modification of this office order endst. No. HSPCB/PLG/2019/6043-75 dated 29.04.2019, it is hereby ordered that in case where unit is compliant as per last inspection for water pollution norms and/or air pollution norms and/or other pollution norms, date of last inspection (i.e. prior to the present violation) should be considered as commencing date for computation of environmental compensation for discharge and/or emission and/or other pollution norms and in case where status of inspection and exact date of violation is not available, the environmental compensation should be imposed for last 5 years.

These orders shall come into force with immediate effect.

Dated: Panchkula, the
17th December, 2019

Ashok Kheterpal
Chairman

Agenda Item No. 187.10

19/1/142
Repeal of Haryana State Pollution
Control Board (Group A, B, C and D)
Service Regulations, 2004.

Haryana State Pollution Control Board was constituted in September, 1974 to provide for the Prevention and Control of Water Pollution and the maintaining or restoring wholesomeness of water under the Water (Prevention and Control of Pollution) Act, 1974. Thereafter, the Air (Prevention and Control of Pollution) Act, 1981 came into existence and the responsibility to perform the duties and functions under the Air (Prevention and Control of Pollution) Act, 1981 were also assigned to the Board.

In the year 1986, Environment Protection Act has also come into force and the responsibilities to perform the functions under the Act were given to State Pollution Control Boards.

Section 12(3)(3a) of the Water (Prevention and Control of Pollution) Act, 1974 provides that the method of recruitment and the terms and conditions of service of the employees of the Board shall be such as may be determined by Regulations made by the State Board; provided that no Regulations made under this sub-section take effect unless it is approved by the State Government. Accordingly, the State Pollution Control Board with the approval of the State Government notified the Service Regulations of the Board in October, 2004. At that time, the number and cadre of posts were not much and since then various posts in the cadres such as Chief Environmental Engineer, Chief Scientific Officer, Sr. Environmental Engineer, Senior Scientist, Development Team Leader, Software Developer, Junior Software Developer, Administrative Officer etc. have been sanctioned and these posts are not included in the Service Regulations, 2004.

Since the Notification of the Service Regulations in the year 2004, several amendments have been made in the Service Regulations. Even after the amendments, there are several ambiguities in the Service Regulations, 2004 which need to be rectified.

Amendment in the existing Service Regulations, 2004 will not be enough as all new provisions will not be incorporated properly and there may be contraventions, therefore, it will be appropriate that the Service Regulations, 2004 and the amendments thereof be repealed and fresh Service Regulations called Haryana State Pollution Control Board (Group A, B, C and D) Service Regulations, 2020 be framed.

Submitted for consideration and approval.

**Comparative Statement of Existing Services Regulation, 2004 and Proposed
Haryana State Pollution Control Board (Group A, B, C and D) Service Regulation.**

Haryana State Pollution Control Board Notification the 5 th October, 2004	Proposed Repealed Rules	Remarks
No. S.O. 154/CA 6/1974/S.12/2004. In exercise of the powers conferred by sub-section (3) and (3A) of section 12 of the Water (Prevention and Control of Pollution) Act, 1974 (Act No. 6 of 1974), the Haryana State Pollution Control Board with the approval of the State Government hereby makes the following regulations governing the recruitment and conditions of service of persons appointed to the Haryana State Pollution Control Board (Group A, B, C and D) Service, namely:-	No. S.O. 154/CA 6/1974/S.12/2004. In exercise of the powers conferred by sub-section (3) and (3A) of section 12 of the Water (Prevention and Control of Pollution) Act, 1974 (Act No. 6 of 1974), and Sub-Section-4 of Section-14 of Air (Prevention and Control of Pollution) Act, 1981 the Haryana State Pollution Control Board, with the approval of the State Government hereby makes the following regulations governing the recruitment and conditions of service of persons appointed to the Haryana State Pollution Control Board (Group A, B, C and D) Service, namely:-	Provisions of sub section 4 of section 14 of Air (Prevention & Control of Pollution) Act, 1981 inserted, since these are not mentioned in existing rules.

(2) All Promotions unless otherwise provided, shall be made on seniority-cum-merit basis and seniority alone shall not confer any right to such promotions. (3) Unless otherwise provided, when any vacancy occurs or is about to occur in the Service, appointing authority shall determine in what manner such vacancy shall be filled in.	(2) All Promotions unless otherwise provided, shall be made on seniority-cum-merit basis and seniority alone shall not confer any right to such promotions. (3) Unless otherwise provided, when any vacancy occurs or is about to occur in the Service, appointing authority shall determine in what manner such vacancy shall be filled in.	No Change No Change
The following was inserted vide Service Regulation amendment vide Haryana Government, Haryana State Pollution Control Board Notification No HSPCB/Estt./2013 dated 8.11.2013:-		Amended as per the Govt. instruction No. 42/164/2008-3GS-II dated on 11.10.2013 & 22.09.2017.
[9A]1 (1) Typing test is substituted with the State Eligibility Test in Computer Appreciation and Applications (SETC) as a part of service requirement for Clerks, Steno-typists, Junior Scale Stenographers and Senior Scale Stenographers. The State Eligibility Test in Computer Appreciation and Application (SETC) shall be a post requisite condition/qualification which all the newly recruited/appointed Clerks, Steno-typists, Junior Scale Stenographers and Senior Scale Stenographers in the Government Departments/Organizations shall have to qualify. The existing Clerks, who have been promoted from Group-D and restorer etc. who have not passed the typing test till date as required under the Service Rules shall have an option either to pass the typing test or the State Eligibility Test in Computer Appreciation and Applications (SETC). The Steno-typists, Junior Scale Stenographers and Senior Scale Stenographers shall also have to qualify stenography test as prescribed in the Service Rules.	9 (i) Type test is substituted with the State Eligibility Test in Computer Appreciation and Applications (SETC) as a part of service requirements for Clerks, Steno-typists, Junior Scale Stenographers & Senior Scale Stenographers. State Eligibility Test in Computer Appreciation and Applications (SETC) shall be post requisite condition/qualification and all the newly recruited/appointed Clerks, Steno-typists, Junior Scale Stenographers and Sr. Scale Stenographers shall have to qualify SETC. Besides Steno-typists, Junior Scale Stenographers & Sr. Scale Stenographer shall have to qualify stenography. (ii) The candidate shall have to qualify the State Eligibility Test in Computer Appreciation & Application (SETC), to be conducted by HARTRON, within the probation period of 2 years, extendable by 1 year in case of direct recruitment. The candidate appointed against the	Amended as per the Govt. instruction No. 42/164/2008-3GS-II dated on 11.10.2013 & 22.09.2017.

10/18/159

Haryana State Pollution Control Board Notification the 5 th October, 2004	Proposed Repealed Rules	Remarks
(2) The candidate shall have to qualify the State Eligibility Test in Computer Appreciation and Applications (SETC) within the probation period of two years, extendable by one year in the case of direct recruit. The candidate appointed against the aforesaid categories of posts in Group C shall not be entitled to earn any increment in his/her pay scale till he/she qualifies the said test, failing which the services of such employees shall be dispensed with. The persons who are promoted to the post of Clerk, Junior or Senior Scale Stenographer shall also qualify the State Eligibility Test in Computer Appreciation and Applications (SETC) within the period of probation of one year extendable by one year, failing which he/she will be reverted back. (3) The Government of Haryana hereby authorizes the Haryana State Electronics Development Corporation Limited (HARTRON) or any other agency as prescribed by the Government, as the authorized Agency for conducting the State Eligibility Test in Computer Appreciation and Applications (SETC), alongwith a test in typing speed in accordance with the syllabus as the State Government may specify in this regard from time to time, besides the syllabus already provided in sub-rule (4) of this rule. The 'pass' certificate issued by HARTRON or any other agency, as approved by the Government, would be accepted as an evidence of the fulfillment of the prescribed condition in the Service Rules. (4) The syllabus for the State Eligibility Test in Computer Appreciation and Applications (SETC) would contain Word processing, Internet Browsing and E-mail management only. (5) In the case of Clerks, typing speed of 30 words per minute in English and 25 words per minute in Hindi converted with equivalent key depressions in both cases as the typing speed, would be tested on computers.	aforesaid categories of posts in the group 'C' shall not be entitled to earn any increment in his/her pay scale till he/she qualifies the said test failing which the services of such employees shall be dispensed with. The persons who are promoted to the post of Clerk, Junior or Senior Scale Stenographer shall also qualify the State Eligibility Test in Computer Appreciation and Applications (SETC) within the period of probation of one year extendable by one year failing which he/she will be reverted back.	

10/19/160

Haryana State Pollution Control Board Notification the 5 th October, 2004	Proposed Repealed Rules	Remarks
(6) The employees possessing the following qualifications are exempted from taking the State Eligibility Test in Computer Appreciation and Applications (SETC):- M. Tech./B. Tech. (Computers), M.C.A., B.C.A. or Diploma in Computers from the recognized institutions e.g. Polytechnics; Basic Computer Literacy Certificate from any recognized centre established under the National Institute of Electronics and Information Technology (NIELIT) (erstwhile DOEACC Society); Haryana State – Certificate in Information Technology [HS CIT] from the Authorised Learning Centres (ALCs) of the HKCL; Candidates/employees who have already passed the SETC and the same is valid at the time of joining the service. The State Eligibility Test in Computer Appreciation and Applications (SETC) passed by any candidate earlier shall be considered valid for a period of five years from the date of issue of such certificate by HARTFON or any other agency authorized by the Government; and (iv) Physically disabled candidates i.e. amputation of hand (Left and Right) Amputation of upper limbs, Paralysis of Radial Nerve (Radial Nerve Palsy) of either upper limb. Declination degenerative disorder affecting the nervous system which may cause paralysis and atrophy of the hand and its muscles and Visually Handicapped. However, these employees, with the exception of those mentioned under sub-para (iv) above, shall be required to clear the 'typing test' being part of the State Eligibility Test in Computer Appreciation and Applications (SETC).¹

AGENDA ITEM No. 187.11

11/11/213

To approve/adopt the
Audited Balance Sheet and
Income and Expenditure
Account of the Board for
the financial year 2014-15.

The Governor of Haryana, in consultation with the Comptroller and Auditor General of India has appointed M/s Duggal Gupta & Associates, Chartered Accountants, Chandigarh as auditor under section 40(3) of the Water (Prevention and Control of Pollution) Act, 1974 for auditing the accounts of the Haryana State Pollution Control Board, Panchkula for the financial year 2012-13 to 2015-16.

The accounts for the financial year 2012-13 & 2013-14 has already been audited & sent to Government. Now M/s Duggal Gupta & Associates Chartered Accountants have audited the Accounts of the Board for the financial year 2014-15. The copy of audit report along with reply thereof and draft Balance Sheet, Income & Expenditure Account and Receipt & Payment Account for the financial year 2014-15 are enclosed for consideration, approval and authentication by the Board.

After the approval and authentication of the Board, these financial statements will be sent to State Government as required under section 40(7) of Water (Prevention and Control of Pollution) Act, 1974.

The replies of Audit observations are prepared in detailed are also enclosed.

If approved, the following resolution may be passed:-

1. The Balance Sheet, Income & Expenditure Account and Receipts & Payment Account for the financial year 2014-15 may be approved and adopted

Submitted for consideration and approval to the Board please.

Detail of Observations by the Audit for the year ending 31st March, 2015

1. Water (Prevention and control of Pollution) Act 1974 and The Air (Prevention and control of Pollution) Act, 1981 regarding Annual Report:-

As per clause 35 Sub-clause 2 of "The Air (Prevention and control of Pollution) Act, 1981,

Every State Board shall, during each financial year, prepare, in such form as may be prescribed, an annual report giving full account of its activities under this act during the previous financial year and copies thereof shall be forwarded to the State Government within four months from the last date of the previous financially year and that government shall cause every such report to be laid before the State Legislature within a period of nine months from the date of the previous financial year.

As per clause 34 sub-clause 2 of "Water (prevention and control of Pollution) Act, 1974

Every State Board shall during each financial year, prepare, in such form as may be prescribed, an annual report giving full account of its activities under this act during the previous financial year and copies thereof shall be forwarded to the State Government within four months from the last date of the previous financial year and that Government shall cause every such report to be laid before the State Legislature within a period of nine months from the last date of the previous financial year.

The Board has not complied with the above mentioned time schedule for submitting the annual report of its accounts due to delay in getting the accounts audited.

2. Mixed System of Accounting:-

The board is following mixed system of accounting in far as certain income and expenses are recognised on cash basis (income other than interest income) whereas other are recognised on accrual basis (interest income, salary expenses). This render the comparison of the current year

The Annual Report is being prepared after taking information/data from all concerned branches as well as Regional Offices. The annual Report for the Financial Year 2014-15 has been prepared and sent to State Government vide Letter No/HSPCB/2017/5592 dated 23.10.2017. The accounts of the Board for the financial year 2014-15 has been audited by Statutory Auditor, who was appointed by the Comptroller & General of India. The auditor audit the accounts as per his convenience and due to this fact audit is delayed. It is pertinent to mention here that the Comptroller & Auditor General of India has appointed the Statutory Auditor for the financial year 2015-16 onwards, but due to non completion of audit for the financial year 2014-15, the audit work is delayed. Comptroller & Auditor General of India has been requested to change the Chartered Accountant who has not completed the audit for the financial year 2015-16 so that the audit is completed.

The expenditure is taken in the annual accounts for twelve months every year. The system is being maintained for accounting on the basis of the previous practices. However, accrual basis

figures with the previous year figures to be of no use. Further it is observed that bill/claims for various expenses are submitted, approved/settled/paid & record after a long gap from the date they are incurred. In our opinion the board should follow mercantile/accretual system of accounting.	receipt/expenditure will be taken in accounts in future.
3. Internal Audit & Internal Control:- The Board is not having any system of internal audit of its accounts. Further based on our enquiries, no proper system of internal control procedure was apparently in place.	All the payments of bills of Board is being made after scrutiny/audit by Section Officer and Senior Accounts Officer (F.I).
4 Fixed Assets:- The WDV of Fixed assets of the Board are worth Rs. 110,236,190.38/- as on 31-03-2015. During the FY 2014-15 Total Addition of Rs. 3,898,020/- had been made. Fixed assets register, if any maintained by the Board showing the quantitative details of various item was not shown to us. Further as explained to us, No physical verification of fixed assets was carried out during the FY 2014-15.	fixed assets register/record are being maintained in Head Quarter as well as Regional Offices. List of Fixed assets of Head Quarter is placed at Annexure 'A1 to A9' for ready reference. To conduct Physical verification of stock of Head Quarter as well as Regional Offices necessary orders are issued as Annexure 'B1 to B3' and the matter is under process.
5. In respect of Inventories:- a) The stock register for lab materials and other items are maintained. However, regular periodical balances after receipt and issue are not worked out. The periodic physical verifications of the stock are not conducted by the Board. The quantity of stock lying with the concerned departments as on date cannot be determined. Thus we are not able to find out the closing stock of lab materials as on 31st March, 2015 as the physical verification reports are not available. b) There is no system of internal control and periodic stock verification of stocks prevailing in the organization. c) The inventories in hand as at the end of the year are also not valued and the entire purchase during the year is booked as expenses and the too on cash basis.	The Board has shown the stock registers to various items to the auditors. As per their guidance, the annual statement of the equipment, Glassware and chemicals was prepared and the same was supplied. Further it is mentioned that there is no store-keeper in the Laboratory and store is maintained by the Junior scientific assistant. Every entry regarding issue of chemicals/glassware to the laboratory from the stock is maintained. The system is being done as per procedure maintained by the Board since 1972. The Board is presently following the procedure as per their advice of auditors. To conduct Physical verification of stock of Head Quarter as well as Regional Offices necessary orders are issued as Annexure 'B1 to B3' and the matter is under process.

11/12/224

6. Grants Received:-

a) The Board has received Grant-in-Aid from central Government of Rs. 13,50,32,699/- during the FY. 2014-15. However during audit it was explained to us, that grant received worth Rs24.00 lacs in the previous year grant remained utilised. As the grants were not utilised the same is being shown as liability in the balance sheet. However there is no clarity as to why the amount of grants received in earlier year still remains unutilised.

b) The status of various grant received by the Board in the current year or earlier year in remaining unutilized be verified and follow up action taken as per rules. As per balance sheet as on 31.03.2015, an amount of Rs. 35,124,885/- (As on 31.03.2014 Rs. 32,724,885/-) worth of grant had remained unutilized. No Apparent utilization thereof had taken place in FY 2014-15. As discussed with Management utilized amount of grant should either be utilized as per rules or returned back to the Government concerned.

7. In Respect of fee charged for Lab tests:-

As explained the board is earning fees on amount of various test e.g. air consent fee, water consent, sample testing fee, Noise fees etc. However year wise index of fee collection and reports issued by the Board is not maintained. Therefore, it is difficult to verify for fees collection, fee test, material consumed and its results. Particularly in the absence of Internal Audit. Any such fees remaining recoverable as on 31.03.2015 due to dishonor of cheque or otherwise is also not ascertainable.

It was also explained that the board is receiving fees online also and in respect of which complete details are not available with the accounts department. Some of these receipts are entitled to 'Misc Receipts' in which the total amount received during FY 2014-15 is Rs. 4,93,06,007.85 (last year Rs. 1,51,34,250.00)

Out of Rs.13,50,32,699/- an amounting Rs.13,26,32,699/- has been utilized and utilization certificate has been sent to Government of India Ministry of Environment forest Climate Change through mail on 03.08.2015 and Rs.12.00 lakhs returned to Director Environment dated on 29.12.2015 through cheque no 478670 dated 29.12.2015.

Out of Un utilized Grant amounting to Rs.3,51,24,885/- an amount of Rs.15,52,598/- has been utilized/adjusted in FY 2015-16 and Rs. 200,000 (Training Institute) also adjusted in 2015-16 and Rs.1,09,90,009/- has been return to Director Environment and remaining will be utilized in future.

While testing the sample the Analyst is not aware about the name of unit and nature of the sample i.e. Legal/Pool/Monitoring in order to have transparent working. Therefore the entry of the test result of the legal sample is not possible and is not being maintained in the laboratory. The test report of this entire sample being maintained together without segregating legal paid and monitoring in order to have transparent working.

Maintaining maintenance of register of fee collection it is stated that the Regional Offices were data is being maintained by Regional Offices as the sample is primarily being collected by them. Further only the receipts of which the classification is not available at the time of receipt are placed under the head 'Misc Receipts'. Out of Rs.4.94 crore an amount of Rs.2.97 Crore is under suspense which is taken under Misc Receipt and remaining is taken under Misc Receipts due to forfeiture of Securities etc.

11/13/225

8. Bank FDRs, Accrued Interest and Interest Income:

a) The board has made substantial investment in FDRs worth more than 253.35 Crores. However it is not following a proper system for recording the Principal Values of FDRs, FDR Account No (only FDR Receipt No. is made available). Interest earned on various FDRs during the year TDS deducted and the amount of Accrued Interest thereon as at the year end.

In this connection it is observed that the accounts department is not having the account numbers of various FDRs and in the absence thereof the complete account statement of the FDR account is not readily available from banks. Had this been done the exact amount of interest earned during the year and the exact principal value of FDR and the exact value of Accrued Interest thereon up to the date of balance sheet can be obtained from the banks concerned.

In the absence of A/c Numbers of FDRs the accounts department is unable to match the parties with the interest certificates issued by the bank branches. In few cases proper interest certificate have also not been obtained from banks.

It also results in mismatch in the amount of TDS actually deducted by the banks. In few cases it is also observed that banks have deducted TDS at 20% from the interest paid by them on FDRs which means that either PAN of the Board has not been submitted or has not been got updated in the records of the Banks. This aspect the looked into the Pan of the Board be got updated in the records of the numerous bank/ branches where FDR's have been made.

In this regard we have also observed that the TDS as per books of the Board for the FY 2014-15 was initially stated to be Rs. 2,67,765.00 only whereas the TDS the tds actually deducted by the Banks is to the tune Rs. 25,60,240.00 (as per 26AS made available to us). Thus no reconciliation is being done for TDS actually deducted by bank. TDS reflected in 26AS and TDS reflected in books. We have now got the books rectified and the TDS amount as per 26as is now reflected in the books/Audited Balance Sheet

The list of FDR amounting to Rs. 253.35 Crores is placed at Annexure 'C1 to C8' in which FDR No., date, Rate of Interest, date of maturity and period also mentioned. However the interest accrued certificate collected from various bank are placed at Annexure 'D1 to D41', which will be shown to Chartered Accountant at the time of next audit.

The PAN No of the board has been got updated in all concerned banks.

At the time of finalization annual account TDS by bank has been taken in the books of account according to 26AS.

11/14/226

11/15/227

However keeping in view that some TDS deducted by banks may not got reflected in 26AS this figure also is subject to confirmation from banks.

In the absence of the complete information interest accrued on fixed deposits has been estimated as the certificates from banks regarding value of FDRs (Principal value plus accrued interest thereon as on 31.03.2015 less TDS deducted by them) were not made available to us for verification.

From the examination of FDR details made available to us by the board, the total principal value of FDRs as on 31.03.2015 is stated to be Rs.253.35 Cr and in the absence of certificates from banks the same remains unverified along with the amount of interest accrued thereon up to 31.03.2015 which is stated to be Rs.11.08 Cr.

The interest income on FDR during the year has been estimated to be Rs.104,22,507.22 (including interest from saving bank account amounting to Rs.18,19,148, included in the income of Rs.2154,32,947.22 as per income tax expenditure account which also includes the income from investment in the 'Savings Bank', 'Lease Encashment', 'Gratuity and Pension Fund', 'Life Insurance to Balance Sheet).

In the absence of complete information FDR/Account was interest certificate from banks this figure is also verified.

It may please be noted that the interest income depicted by various banks as per 26AS is about Rs.5,41 Cr only which clearly suggest that the banks are not including the correct figure of interest earned by the Board and TDS thereon.

9. In Respect of Expenses Head:-

No proper guidelines are being followed as to what expenses is to be booked under the what expense head. A similar expense is debited to multiple heads during the year. Some of the details are as per below.

A total amount of Rs. 6,461,969.00 was debited as expenses under the head Repair & Maintenance Building. However a major portion of this included the payment made to contractual staff which included Security.

During the year Interest Income have been taken as under:-

- Interest on FDR Rs.10422507.22
- Interest on Lease Encashment Fund Rs.250429.00
- Interest on Pension Fund Rs.12070991.00
- Interest on Gratuity Fund Rs.4288330.00
- TOTAL** **Rs.215432947.22**

The expenses are being booked under proper heads of Accounts.

Guards, Gardeners, Drivers, and Computer Operators etc. amounting to Rs. 548053.00 which was later transferred to salary to contractual staff leaving a balance of Rs. 973046.00.	
10. In Respect of Computer Expenses:- On test verification of vouchers/ledger accounts it was observed that an amount of Rs.1,143,424.00 spent by "customization and implementation of online consent management and monitoring system" has been booked as an expense and debited to computer expenses as this was amount spent on customized software the same was not capitalized.	No reply is required and noted for future.
11. In Respect of Audit Fee:- Audit fees includes Rs. NIL (FY Rs. 29,390.00) on account of audit fees of earlier years for which no provision for less provision was made in earlier years.	The provision of Audit fee was made on the basis of fee sanctioned by the Comptroller & Auditor General of India in the appointment letter of Statutory Auditor and booked in the accounts at the time of Provisional Balance sheet. The correct figure cannot be taken in accounts as the fee of Statutory Auditor is fixed at later stage.
12. In Respect of Excess of Expenditure over Income - As per Income & Expenditure account for the FY ending 31.03.2015 there is excess of Income & Expenditure to the tune of Rs. 33069222.22 / - figure under various heads are non comparable because the board follow mixed system of accounting.	System of accounting is being followed as per verbal direction of Statutory Auditor true to time
13. In Respect of Current & Previous year Figure As the board is maintaining a mixed system of accounting the current and previous year figures are not comparable eg. the expenses on account of rent rate and taxes amounting to Rs.2,754,473 lacs in financial year 2014-15 (this expense as per last year income & expenditure account was Rs.4281020 lacs only in financial year 2013-14). Similar was the situation in respect of other expenses.	All the expenses being paid by Board are booked only on the basis of sanction not on accrual basis. The expenditure on account of rent during the year 2013-14, which includes Rs.11.42 lacs paid to Director Environment as 50% rent & utility service of Appellate Authority and Rs. 198060/- paid as arrear of rent of Gurugram(N) building at Annexure E1 to E7.

11/16/228

14. In respect of Cheque dishonored:

We have observed during audit that in random check of dishonored Cheque, the Income Account is reversed/debited without debiting the party from whom the cheque was received the total such amount reversed in F.Y 2014-15 is about 32.67 lacs. In this respect we were explain that in such cases of dishonoured/bounced cheque, intimation is being sent to the Regional Offices as well as concerned offices/units for necessary action in this regard. However in the absence of any record it is difficult to trace party wise detail regarding dishonoured cheque and to ensure that such payments have been released in future. In our opinion lack of inter control on this issue this may result in leakage of revenue.

15. In respect of Confirmation of Liabilities:-

The following liability has been shown in the books of accounts to be payable as on First March 2015

(i) CPF liability	Rs.	13662972.01
(ii) Earned money payable	Rs.	1820066.00
(iv) GPF liability	Rs.	78992575.00
(v) Security Deposit payable	Rs.	136278760.00

No party ledger wise detail of such accounts are being maintained and in the absence thereof errors of debit/crout occur. Herein it is important to note that during 2014-15 the outstanding liabilities for Security Deposits has increased to about Rs. 40.88 Crores as on 31.3.2014 to Rs. 56.27 Crores as on 31.03.2015 which is made substantiated. As explained to us the Security Deposit comprises of the securities of the securities collected from various units set up in the State of Haryana in connection of the pollution control system set up by the Board if the industries comply with the norms then the security is released if not then the security is forfeited.

Proper party wise detail of such units making payments is maintained and confirmation of same is. Various other expenses, Pay liabilities are also subject to reconciliation and confirmation.

16. In respect of GPF and CPF liability

The liability for GPF and CPF stands at Rs. 78992575 and Rs. 13662972.01 respectively (previous year GPF Rs. 76330803 and CPF Rs.

It is stated that individual files have been maintained in the Regional Offices to check whether the fresh Cheque has been issued against dishonored cheque or not.

Yearwise sheets of Liabilities are prepared in the office and actual yearwise abstract is not maintained. Now Tally software has been installed in the office of Haryana State Pollution Control Board and all the relevant data is being detailed in such software. Such data/ Detail will be shown to the Auditor.

Difference of GPF & CPF will be reconciled & put up to audit very shortly.

11/17/229

11429423.01]. As per ledger balance the total liability comes to Rs.8,86,43,840.00 for CPF and Rs. 1,23,79,710.00 for CPF. Thus there is huge difference which needs to be got reconciled. The Board calculated the interest payable on such funds and book it as an expense (rate of interest 7.80% for the financial year 2014-15) Interest booked on CPF and CPF amount to Rs.64,71,874.00 and Rs.9,41,579.00 respectively. According to income and expenditure account. 17. In respect of C.R.F.P Fund The board has a liability in the shape of a fund called "C.R.F.P fund" amounting to Rs.15,20,000.00 standing in the balance sheet from more than 4 years. We asked the management about the purpose of this fund whether this fund is for employee benefits or for protection of environment but they were not able to give us any sort of information regarding the fund except for stating that it is outstanding for long and these funds are held for Corporate Responsibility for Environment Protection. Hence we are unable to verify this amount.	The CREP Fund maintained amounting to Rs. 15,20,000/- standing in the Balance Sheet is for the purpose of protection of environment.
18. In respect of CESS Payable: The board has an outstanding liability of Rs.68,62,574.41 that was Rs.1,34,27,92,147 on account of cess payable to GOI as on 31.03.2015. However an amount of Rs.19,89,698.00 has been sent to GOI on 29.04.2015. Last year Rs.1,36,56,331.00 has been sent to GOI on 06.05.2014. Difference of Rs.1,74,119.00 is not reconciled and remains unexplained. In this connection it was also explained to us that about 80% of each cess collected and deposited with GOI is returned back to the Board by Ministry of Environmental, Forests and Climate Change. However no provision for such receivables has been made in the books and balance sheet. It was explained to us that an amount of Rs.13,26,32,699.00 was however received on 07.10.2014 clearing the dues up to March 2014. However no year wise breakup was made available to us and therefore we are unable to comment upon the amount pertaining to FY 2014-15 and the total amount dues as on 31.03.2015. 19. In respect of Tax Audit: Regarding Tax Audit u/s 44AB of the Income Tax Act, 1961, it was explained	As reported in Audit report an amount of Rs. 1,74,119/- has been excess sent to M.P.P out of this same amount is adjusted in 04/15 & 05/15 the amount will be reconciled & will be adjusted through adjustment voucher in the next financial year. The 80% share of cess collection returned to the Board by the Government of India as per policy of the Government of India and amount taken in the Balance Sheet as per actual receipt of Cess Share.

This point is self explanatory

This point is self explanatory

to us "The Board is not conducting any commercial activity, therefore the board is not covered u/s 44AB of the Income Tax Act, 1961."

20. In respect of Filing of Income Tax Returns:

1. There have been delays in filing of Income Tax Returns by the board as was also pointed out in the last year report.
2. Further all the returns have been filed on the basis of Provisional Financial Statements.
3. On going through the copy of ITR for AY 2015-16 (FY 2014-15) it has been observed that a refund of Rs. 2637589.00 was claimed (however TDS as 26AS amounted to Rs. 2560240.00). The amount of TDS as reflected in book was Rs. 267765.00 only which has now been got rectified to Rs. 2560240.00 during the course of audit.

21. In respect of Interest Income on House Building Advance etc.

The board has given various kinds of advances to staff on which interest income is recovered from them. During the FY 2014-15 an income of Rs. 706650 has been shown as interest income on House Building advance (the opening outstanding balance of which was Rs. 53,72 has and the closing balance as on 31.03.2015 is stated as Rs. 40,73 has). During discussion, it was explained to us that the interest income on HBA is booked as income on receipt basis. It was further explained that first the principal amount is received against the HBA and the recovery of interest starts thereafter. However no calculation are made or lists prepared to arrive at the interest due for particular year on accrual basis and the total amount due as on last date of the financial year.

1. The Income Tax Return For the F.Y 2006-07 to 2011-12 was filed by the Board as directed by Income Tax Department and Income Tax Department accepted the same.
2. The audit of the board was not completed at the time of filing of Income Tax Return therefore Income tax return was filed on the provisional financial statement.
3. The Income Tax Return filed on 25.10.2015 and TDS claimed as per 26AS at that time and copy of the 26AS is placed at **Annexure F1** to F11.

The interest on HBA is to be calculated as per State Government instruction/rules and not on accrual basis. Once on the repayment of Principal amount, interest is calculated & recovered, however the interest calculation on accrual basis will be done as per advice of Chartered Accountant.

11/19/231

11/20/232

22. In respect of Tax Deduction at Source by Banks on Interest on FDRs:

It has been stated that almost all the banks (except mentioned below) have not deducted tax at source on the interest income on FDR's due to the reason that a certificate for non-deduction of tax at source has been issued by the Income Tax Department on 02-03-2001 but as per

our observation, the certificate issued by the department is for non-deduction of TDS on account of interest on bonds issued by the bank and not for non-deduction of TDS on account of interest other than interest on securities (FDRs) i.e. interest on FDR's. In our opinion the board should not avail the benefit of non-deduction of TDS based on a non-applicable certificate.

Further no justification has been provided by the board regarding the TDS which might have been deducted by the banks on the interest income but is not reflected in 26AS. For reconciliation in this respect have been done as mentioned in the banks deduct TDS but do not file proper TDS returns and in such cases the board will lose such amount as the same is neither being claimed from the banks nor from income tax authorities.

The copy of Form 26AS for AY 2015-16 relevant to FY 2014-15 shows following deduction of tax at source on the interest paid by the banks:-

S. No.	Name of Bank	TAN	Interest (Rs.)	TDS (Rs.)
1	Andhra Bank	UDDA0106A	3,39,275	31,925.00
2	Andhra Bank	UDDA0106D	240,963	23,097.00
3	Andhra Bank	UDDA0106B	59,210	5,211.00
4	Canara Bank	PTLC01250B	50,577.68	5,058.00
5	Punjab National Bank	PTLP010750C	19,155	2,848.00
6	Punjab National Bank	PTLP02119D	9618	933.00

An amount of Rs. 226033/- was deducted by Allahabad Bank as TDS but the same amount was not deposited with Income Tax Department and separate FDR has been prepared by the Bank (No. 50200680300) of Rs. 226033/- and renewed from time to time as on date the amount of FDR is Rs. 276072/- Therefore Board has not suffered any loss. PAN No. of the Board has also been submitted to each bank where FDRs of the Board are exists and they updated the same.

11/24/233

7	State Bank of Patiala	PTLS10717A	3570068.00	357015.00
8	State Bank of Patiala	PTLS12166A	11379760.00	1137984.00
9	State Bank of India, Khudaisar	PTLS13652C	7665611.00	766574.00
10	State Bank of India, Sec16, Hospital	PTLS13726G	617866.00	61788.00
11	Punjab National Bank	RIKP04659E	1107702.00	110771.00
	Total		25592735.68	2560240.00

Therefore the board is advised to take necessary steps to claim the actual tax deducted during the year and also make follow with the banks that whatever TDS has been deducted by them gets reflected in 26AS and also ensure that part of the board is updated in the records of each and every banks and to get each and every TDS.

Detail of Interest Income for which TDS was not Deducted due to submission of form 15C/15D to banks/AS reflected in 26AS:

S. No.	Name of Bank	TAN	Interest (Rs.)
1	Andhra Bank	ADDAG1456A	58134.00
2	Andhra Bank	ADDAG1456A	246388.00
3	Andhra Bank	ADDAG1456A	306226.00
4	Andhra Bank	ADDAG1456A	492398.00
5	Andhra Bank	ADDAG1456A	24755.00
6	Andhra Bank	RIKP04659E	3083278.00
7	State Bank of Patiala	PTLS10717A	4124263.00

11/24/234

Patiala		
Total	8555372.00	

23. In respect of Non Deduction of Tax at Source from Payments Made / Late Deposit thereof:

The board has paid consultancy charges to HARTRON (for purchase of computers etc. and which are otherwise capitalized in the cost of computers) on which TDS was required to be deducted but has not been deducted.

Further it was also observed that during the year 2014-15 an amount was paid as advance to this very concern (out of which certain amounts including advances given in earlier years were adjusted towards consultancy charges and cost of computers etc. in the year itself and some remained outstanding for recovery at the yearend).

The board is not deducting applicable TDS on such amounts by bifurcating the amount paid as for purchase of equipment's and for consultancy. (TDS is required to be deducted on consultancy charges even if they are paid as advance). This non deduction may attract penal actions under the relevant provisions of Income Tax Act, 1961.

Further no confirmation is being obtained from the said corporation so as to confirm the outstanding balances on a periodic basis.

24. In respect of Long Term Outstanding Balances (Both - DR & CR):

The following balances are outstanding for a period of two or more years, which are required to be verified, confirmed and suitable adjustment entries are required to be passed in this regard:-

The point has been raised for compliance. Further, till date no demand has been raised by Income Tax Department.

11/23/235

Party Name	Amount	Remarks
1. Advance for Construction of Residential Complex	Rs. 2 Crores (Dr.)	Outstanding for last 7-Yrs.
2. Advance to Director Env.	Rs 5.61 Crores (Dr.)	Outstanding for last 2 yrs
3. C R E P Fund	Rs. 15,20,000/- (Cr.)	Outstanding for last 9 Yrs
25. In respect of Advance Against Purchases:		
Some of the advance given to parties (debit balances) remain unadjusted for a long time. The details of such advances are as under:-		
i) HAETRON Chandigarh	Rs. 39,50,000.25	
ii) Sigma Adhich Chemical	Rs. 6,872.00	
iii) CPR Environmental Education Centre	Rs. 40,500.00	
iv) An advance of Rs. 73,034.00 was given on 07.12.2012 to Reliance Broadcast Network Limited for advertising of cracker free Diwali on FM Radio during 09.11.12 to 13.11.12. This advance also remains unadjusted as on 31.03.2015 for want of bill from the company though it was told to us that the advertisement on Radio was carried out by them. However, no confirmation / evidence to the effect were made available and the amount is still being shown as an advance only which in fact should have treated as an expense particularly if the advertisement was actually broadcasted. It is also strange to notice that the so called advance payment was made on 07.12.2011 whereas broadcast was to be done in November and in such a case the bill should have obtained before making the payment.		

- a) A sum of Rs. 2,00,00,000/- is outstanding for construction of residence complex and matter is under process and Chartered. This amount in total amount at **Annexure 'G1 to G2'** Accountant, HSAMB vide letter No. 878-82 Dated 06.01.2020 has requested to take the same in gross value/receipt of project.
- b) This amount has been received/adjusted in the financial year 2016-17 **Annexure 'H1 to H4'**.
- c) The amount of Rs. 15,20,000/- credited in CREP fund account will be utilized for environment protection.
- (i) This amount is outstanding till date.
- (ii)&(iii) A sum of Rs. 6872 /- has not yet been adjusted. For the adjustment of Rs. 40500/- letter has been issued to concerned, which may be seen at **Annexure 'I'**.
- (iv) This amount is lying unadjusted till date and efforts are being made to adjust the amount. For the adjustment of Rs. 73034/- letter has been issued to concerned, which may be seen at **Annexure 'J'**.

11/24/236

26. Imprest with Staff:-

The opening balances of Imprest given to the following staff members remain unadjusted during the year:-

S.No.	Name of Staff Member	Amount
i)	Ranbir Singh, Peon	Rs. 500.00
ii)	Advance for PDL to Director Enav.	Rs. 4896.00

27. Status of Income Tax cases including Demand of Tax / Penalty:

- a) The Income Tax Department had made Assessments for six Assessment Years 2006-07 to 2011-12 under section 143(3) read with section 148 of the Income Tax Act, 1961 and raised demands against the board for an amount of Rs.53.02 Crores inclusive of interest. The details of income assessed & demands raised by the Income Tax Department are as under:

Asst. Year	Assessment u/s 143(3)	Demand u/s 156
2006-07	Rs. 9,39,67,300/-	Rs. 5,90,11,990/-
2007-08	Rs. 11,70,18,909/-	Rs. 9,24,31,340/-
2008-09	Rs. 14,17,89,830/-	Rs. 7,65,37,170/-
2009-10	Rs. 18,96,07,790/-	Rs. 9,40,93,622/-
2010-11	Rs. 34,06,42,950/-	Rs. 15,51,51,282/-
2011-12	Rs. 12,67,12,620/-	Rs. 5,29,75,633/-
Total	Rs. 101,17,39,300/-	Rs. 53,02,00,137/-

Penalty under section 271(1)(c) under the said act has also been imposed for the above said years amounting to Rs.51,45,26,072.00. Details of Penalty Imposed under Section 271(1)(c) by I. Tax Department are as under:

Asst. Year	Amount of Penalty
2006-07	Rs. 4,83,69,740/-

i) The amount has not yet been adjusted due to death of Sh. Ranbir Singh, Peon and will be put up for write off to competent authority for adjustment.

ii) This amount is outstanding till date. Director Environment will be requested to adjust the same.

All the income tax returns for period 2006-07 to 2011-12 have since been assessed as nil under section 143(3)/148 of Income Tax Act 1961. The case for refund of Rs.60.58 crores plus interest is being pursued with Income Tax Department.(copy of letter written to Income Tax Department the above stated reminder placed at **Annexure 'K1 to K2'**).

11/29/237

2007-08	Rs. 5,89,98,693/-
2008-09	Rs. 7,22,04,870/-
2009-10	Rs. 9,66,71,529/-
2010-11	Rs. 17,36,76,809/-
2011-12	Rs. 6,46,04,431/-
Total	Rs. 51,45,26,072/-

b) further a demand of Rs. 7,05,34,890.00 has also been raised for AY 2012-13 (FY 2011-12) and an appeal against such order has been filed with CIT (A).

c) further a demand of Rs. 15,34,21,050.00 has also been raised for AY 2013-14 (FY 2012-13) (vide order dated 01.03.2016) and an appeal against such order is required to be filed with CIT (A).

d) further a demand of Rs. 17,29,83,200.00 has also been raised for AY 2014-15 (FY 2013-14) (vide order dated 19.12.2016).

e) it has been observed that a demand of Rs. 25,05,96,387.00 has already been raised by the income tax department u/s 143(1) vide order dated 30.03.2017 thus status of order u/s 143(3) was however, not known.

Against the above said demand of tax and penalty an amount of Rs. 7,19,140,845.00 has been recovered by the income tax department amounting Rs. 29,59,25,245.00 during the FY 2014-15. However the complete break up of the amount recovered in term of the applicable AY is not made available to us.

We would herein like to state and report that no provision for tax / penalty as imposed above for AY 2006-07 to AY 2013-14 has been made in the balance sheet as on 31.03.2014 and the entire amount of Rs.

11/26/238

<u>\$10315500.00 recovered by the Income Tax Department has been shown as paid under protest and its shown as recoverable.</u> Status of Registration of the Board under Income Tax Act, 1961 as per information provided to us as on the date of Audit Report is as per below:- As per order dated 01.03.2016 the CIT (Exemptions) had granted registration to the board u/s 10(23C)(iv) of the I.T. Act from AY 2006-07 till AY 2011-12 with the remarks that such registration does not preclude the board from adhering to the basic requirements inherent in the related provisions of the Act including filing of audit reports and adherence to the norms of utilization of income for the intended charitable purposes etc. Thus the impact of such registration on the tax / penalty demands is yet to settle. The Hon'ble High Court has also directed the Assessing Officer vide its order dated 25.07.2016 to consider the matter regarding the assessments for the year 2006-07 to 2011-12. However the present status of these assessments is not clear.	28. Leave Encashment, Gratuity and Pension Fund The board has maintained various funds like Leave Encashment Fund, Gratuity Fund and Pension fund with LIC for employee benefits. Claims paid during the year are booked as an expense and interest earned on these funds is booked as an income. According to us, the system followed by the board in respect of these funds appears to be wrong because the premium paid by the board is not booked as an expense which in fact should be. Further, the interest which is earned on these funds should not be booked as an income rather it should increase the value of fund with corresponding increase in the liability of the fund. We have also observed that no liability for Leave Encashment, Gratuity and Pension payable has been shown in the balance sheet due to which the liability stands understated. In our opinion Liability on account of Leave Encashment, Gratuity and Pension should be shown in the balance sheet. The LIC is maintaining leave encashment fund, Gratuity fund & pension fund on behalf of the Board. The amount invested in annuity and arrear if any paid has been shown as expenses of the Board and interest paid by the LIC on these funds is being shown as income. The insurance premium paid to the LIC is treated as expense only when the amount is withdrawn by LIC from the Board's fund. Further the Board has not shown liability for leave encashment, Gratuity and pension in balance sheet because it is not practical to work out how much amount is to be paid to retiree as and when they retire from the service.

11/27/239

29 Insurance Expenses:

a) The board has incurred insurance expenses amounting to Rs.81610 during the FY 2014-15. On enquiry it was explained to us that these represent the amounts charged by LIC (as insurance premium) on Leave Encashment, Gratuity and Pension fund policies.

b) In addition to above the board has also booked insurance expense amounting to Rs. 223,367.00 (previous year figure Rs.1,47,105.00) on account of new vehicles being insurers.

The cover notes / policies for such insurance covers taken were not produced before us for verification of the during discussions it was brought to our knowledge that for the rest of the amount the board has not retained the documents for verification. For our satisfaction, we have sought a summary list certifying the amount of insurance, payment details, name of the company and vehicle details and the period of insurance etc. However this list does not contain full particulars such as period of insurance and in some cases the vehicle details.

Further we have observed during the audit that the board is not making provision for any prepaid insurance on the vehicle insurance expenses incurred during the year.

30. Bank Reconciliation Statement:

The Bank Reconciliation Statements provided to us does not mention the dates on which the entry appearing in the BRS has been cleared or reversed in future.

Further it was also observed that in many cases the dates from which the said entry is lying o/s in the BRS has also not been stated. Many entries are old and are more than 2 years old.

No efforts have been apparently done to reverse the old outstanding entries and transfer the amounts to the account of respective persons as receivables or payables.

We advise that special efforts be made to reverse the amount for which cheques have deposited but which have not been cleared by the banks as it directly the income of the board.

a) This point is self explanatory.

b) The insurance of vehicle is essential therefore insurance premium of every vehicle, almost all cover notes has been provided to the Chartered Accountant for their verification, remaining cover note will be shown to the statutory auditor in the next year audit. However the insurance of vehicles etc. will be taken in next balance sheet on accrual basis.

All the Bank Reconciliation Statement have been prepared and copy of thereof has been provided to Chartered Accountant. The outstanding entries have been adjusted in the next year Bank Reconciliation and next year reconciliation statement will be shown during the next year audit. Action as advised is being taken.

31. General Observations:

1. It has been observed during the audit that a lot of cutting etc. has been done in the manual ledgers maintained by the board and the balances are cast in pencil and are reportedly inked only after the finalization. In our opinion balances should be inked regularly so as not to leave any scope for subsequent changes.
2. Further it is observed that the consecutive transactions having same debit and credit amount in the bank account statements have not been entered into the bank ledgers.
3. Further we would like to state that we have verified and test checked the TDS deducted details from the data provided by the board and the TDS returns (data actually filed in such returns) got filed by the board has not been made available.

Sr. Accounts Officer

Member Secretary

a) All the opening balances have been written in the ink after finalization of previous year Balance sheet and current year closing balances will be inked after confirmation all the transaction/adjustment as directed by Chartered Accountant

b) The amount if any shown in the saving account on account of transfer of FDR to other bank only transfer entry which has been shown in the bank whereas board had directed to transfer the amount directly to the FDR. As per our record no such entry is required to be written in the book.

c) TDS deducted by Board and same are being deposited in Bank regularly and timely with the income tax department and TDS returns are filed by our Chartered Accountant and copy of the same are available in Board record and also shown to the statutory Auditor.

Legends used in Form 26AS

* Status of Booking

Legend	Description	Definition
U	Unmatched	Deductors have not deposited taxes or have furnished incorrect particulars of tax payment. Final credit will be reflected only when payment details in bank match with details of deposit in TDS / TCS statement.
P	Provisional	Provisional tax credit is effected only for TDS / TCS Statements filed by Government deductors. "P" status will be changed to Final (F) on verification of payment details submitted by Pay and Accounts Officer (PAO).
F	Final	In case of non-government deductors, payment details of TDS / TCS deposited in bank by deductors have matched with the payment details mentioned in the TDS / TCS statement filed by the deductors. In case of government deductors, details of TDS / TCS booked in Government account have been verified with payment details submitted by Pay & Accounts Officer (PAO).
O	Overbooked	Payment details of TDS / TCS deposited in bank by deductors have matched with details mentioned in the TDS / TCS statement but the amount is over claimed in the statement. Final (F) credit will be reflected only when deductor reduces claimed amount in the statement and makes additional payment for excess amount claimed in the statement.

** Remarks

Legend	Description
A	Rectification of error in statement uploaded by bank
B	Rectification of error in statement uploaded by deductor
C	Rectification of error in TDS / TCS filed by filer
D	Rectification of error in Form 26AS filed by Accounts Officer
E	Rectification of error in Change by Assessing Officer
F	Lower / No deduction certificate issued
T	Transporter

Agenda Item No. 165.5

11/95/307
Allotment of space & staff to office of President, Appellate Authority, Environment, Haryana.

It is submitted that the Government vide Memo No. 2/23/2010-1E dated NIL received vide Diary No. 5988 dated 21.03.2012 decided to accommodate the office of President, Appellate Authority, Environment, Haryana in the First Floor of the building Bay No. 55-58 Paryavaran Bhawan, Sector-2, Panchkula which has already been allotted to Chairman, State Environment Impact Assessment Authority, Department of Environment, Haryana. An office for President, Appellate Authority, one cabin for his staff and one cabin for record room be provided on a space covering an Area of 560 Sq. ft. approximately. The Conference Room which is already in existence be used as Court Room for the President, Appellate Authority. Existing waiting room be used for both the Authorities.

Now, the Director, Environment, Haryana, Chandigarh vide their Memo No. DEH/2012/1478 dated 08.08.2012 (copy enclosed at Annexure 'A') has asked that the possession of the said portion of building has been handed over to Haryana State Pollution Control Board since 1st April, 2012 and decided that the HSPCB shall pay 50% share of building rent and electricity/water bill charges of the said premises. The Director, Environment, Haryana has further requested to release the 50% share of building rent and utility charges from the 1st April, 2012. The portion of building was taken into possession by the HSPCB for office of President, Appellate Authority, Environment. It has been informed that the rent of building will be Rs. 1,84,840/- per month and the charges of water/electricity etc. will be intimated in due course of time by the Director, Environment, Haryana.

The rent of the building as informed by the Director, Environment, Haryana shall be Rs. 1,84,840/- and half of which comes to Rs. 92,420/-. As per the decision of the Director, Environment, Haryana informed vide letter dated 08.08.2012, the Board has to make payment of 50% share of rent of building, which comes to Rs. 92,420/- per month. In addition to above rent per month, the Board is to pay the water/electricity charges which will be intimated in due course of time by the Environment Department, Haryana.

The Board may consider and approve 50% share of rent of building i.e. Rs. 92,420/- per month and the charges of water/electricity be intimated by the Environment Department in due course of time.

Submitted for consideration and approval please.

MINUTES 163 - 20

Annexure E-6
11/96/308

The quorum of the meeting was complete

The item-wise minutes are as under:

Agenda Item No. 165.1

Confirmation of the Minutes of 164th meeting of the Haryana State Pollution Control Board.

Minutes of the 164th meeting were confirmed.

No. HSPCB/Estate Office/2015/

Dated:

To

The Chief Administrator,
Haryana state Agriculture Marketing Board,
Sector 6, Panchkula.

Sub: Refund/adjust of 2 Crore deposit for construction of multi storey residential complex for Boards employee at GH-5, Sector 23, Panchkula.

In this connection, it is submitted that Haryana State Pollution Control Board was engaged to Haryana state agriculture marketing Board for construction of residential complex for the Board's employees under the decision taken in 140th Board meeting held on 05.12.2006 vide resolution No. 140.6.

The Board without approval of the building plan vide letter No. 539-43 dated 14.12.2007 has deposited Rs. 2 crore vide cheque No. 773547 dated 09.01.2008 in your office as 1st instalment of 5.00 crore demanded by HSAMB letter No. 13.12.2007.

The HSPCB has made payment of 2 crore before construction of the said proposed building and requested for refund of the same vide letter dated 03.03.2010, 11.05.2010, 24.05.2011, 08.07.2011 and 01.09.2011. Now this office has allotted the work of construction to Haryana state agriculture marketing Board on 25.07.2018 and this office has transferred the amount Rs. 5 Crore on dated 05.10.2018 and Rs. 10 Crore on 12.03.2019. But till date Haryana state agriculture marketing Board have not intimated about the expenditure of 2 Crore which is lying in Haryana state agriculture marketing Board. The Board has an audit objection regarding this fund which is lying in Haryana state agriculture marketing Board. You are hereby asked to adjust/ this amount in the current project other wise refund this fund to the Haryana State Pollution Control Board with interest earned by Haryana state agriculture marketing Board.

Beside this Haryana state agriculture marketing Board has already received the fund Rs. 5 Crore on dated 05.10.2018 and Rs. 10 Crore on

11/110/322

Annexure G-2

12.03.2019 and Rs. 2 Crore on dated 09.01.2018 in Haryana state agriculture marketing Board/ Bank account.

you are requested to refund 2 Crore amount with interest to Haryana State Pollution Control Board or adjust this amount in current allotted HSPCB Residential Project, GH-6, Sector 23, Panchkula and submit utilization certificate of amount of Rs. 15 Crore, so that the further fund could be released as per your demand memo No. 2412 dated 28.11.2019, No. 4385 dated 17.12.2019 and memo letter No. 2582 dated 27.12.2019, regarding release of 866.64 lac to Your office please.

A detail of the payment & receipt in respect of HSHDC and HSPCB made under this scheme for SJETI by the Environment Department, is as under:

Total cost of plot of one acre is Rs.8,00,50,600/-.

Sr. No.	Amount	Amount paid for	Remarks
1	Rs.0,71,98,500	Application amount	10% of total Cost of Plot at that time
2	Rs 1,06,62,840	To complete 25% of total cost of plot after allotment	15% of amount
3	Rs.0,35,30,040	Part payment towards value of plot, as available in the scheme of department	Amount deposited on 10.06.2014 with HSHDC
4	Rs.4,97,64,160	Full and final payment of 3600 sq. mtrs.	Amount paid on 18.06.2014
Total	Rs.7,10,85,600 + 10,000/- processing fee Rs.7,10,95,600/-	Full payment for 3600 sq. mtrs.	
5	Rs.44,49,960/-		paid on 14.03.2015
6	Rs.47,07,952/-	Rs.45,05,000 + Rs.02,29,012 (interest @12% p.a.)	Paid on 01.07.2015
Total Cost of Plot for one acre	Rs.8,00,50,600		
7	Rs.400,25,300/-	50% share of HSPCB	
8	Rs.5,61,00,000/-	Amount already taken from HSPCB	?
9	Rs.1,60,74,700/-	Extra amount taken from HSPCB	
10	Rs.2,00,000/-	Amount already deposited with HSPCB under this scheme	Vide letter dated 20.04.2011 received vide receipt no.1080/018, dated 20.04.2011
11	Rs.2,00,000/-	Again deposited with HSPCB	Vide EPS No.0300209212020526, dated 23.02.2012
12	Rs.5,52,750/-	Again deposited with HSPCB	Vide Sanction no.487-491, dated 14.01.2013
13	Rs.1,51,21,950/-	Is to be paid to HSPCB after deducting their 50% share	

As per PUC, an outstanding payment of Rs.205.53 lakhs is to be paid to HSPCB while this amount comes out as after deducting the 50% share of plot measuring 3600 sq. mtrs., however, at present the size of plot has been increased from 3600 sq. mtrs. to 4050 sq. mtrs. as such the cost of plot increases from Rs.7,10,95,600/- (including Rs.10,000/- process fee) to Rs.8,00,50,600/- as such, the remaining to be paid is Rs.1,51,21,950/-.

SUB: REFUND IN THE CASE OF HARYANA STATE POLLUTION CONTROL BOARD, C: 11, SECTOR: 6, PANCHKULA FOR THE A. Y. 2006-07 TO 2012-13 : PAN : AAAJH0446F

Sir,

We have vide letter dated 07.12.2018, 07.06.2018 & 23.01.2019 requested for issue of refunds for A. Y. 2006-07 to A. Y. 2011-12, however, we still have not received the refunds. Therefore, we once again submit as under:-

Original assessment in these cases was made u/s. 143 (3) and a demand of Rs. 60.35 Crores was raised (including interest upto the date of recovery). In addition to above, interest u/s. 220 (2) was also charged and penalties u/s. 271 (1) (c) were also imposed.

Against the above demands, Department collected an amount of Rs. 42.53 Crores on 19.03.2014 by attaching bank accounts of the Board. Further the Board also made payments of tax demand on different dates and the result is that the entire demand stands paid. A chart showing taxes paid - year wise and date wise is enclosed for ready reference.

The assessee had filed appeals against the assessment orders passed u/s 143 (3) which were set aside by Hon'ble High Court. Fresh assessment for all the aforesaid years has been completed in December, 2017 at Nil Income. Thus, the amount of tax deposited by the assessee or collected by the department from the bank accounts of the assessee becomes refundable.

11/118/330

Annexure K-2

Similarly the demand raised u/s. 143 (3) for A. Y. 2012-13 was also paid by the assessee.

Against the order passed u/s. 143 (3), the assessee went in appeal which has been allowed and the amount paid has become refundable.

In spite of our repeated requests and visit to your office, refunds have not been issued till date though an amount of more than Rs. 90 Crores (excluding interest) is due as refundable. You are once again requested to issue the refunds alongwith the interest due thereon at the earliest. It may also be added that CBDT vide letter No: F.No. 385/08/2019 -IT (B) dt. 13.05.2019 has decided to dedicate the second fortnight of May, 2019 i.e. from 16.05.2019 to 31.05.2019 to expedite the disposal of appeal effects and rectification claim of the tax payers.

In view of the above, you are requested to take-up the matter on priority basis and issue the refunds alongwith interest due thereon at the earliest.

Thanking you,

Yours faithfully,

(A. K. JINDAL / RATTAN KAUR)

Ph.0172-2577870-73

OFFICE ORDER

Whereas the Director Environment vide memo No. DEH/2014-2386 dated 13.2.2014 has requested to release Rs. 5,61,00,000/- for making payment to HSIIDC for the purchase of Institutional plot measuring 3600 Sq. Mtrs for setting up of Environment Training Institute in Sec-M-2, IMT, Manesar to avoid interest burden, after taking approval from the Board.

Whereas the above said matter was placed before the Board in its 170th meeting held on 18.2.2014.

Whereas the Board vide resolution No. 170.20 approved the proposal for making the payment of Rs. 5,61,00,000/- to the Environment Department for the purchase of Institutional plot measuring 3600 Sq. Mtrs for setting up of Environment training institute in Sec-M-2, IMT, Manesar with the condition that the Director, Environment Department, Haryana will reimburse the said amount to the Board as and when the budget is made available by the Government to the Director, Environment Department, Haryana.

Therefore in view of approval granted by the Board, sanction is hereby accorded to release the payment of Rs. 5,61,00,000/- to the Director Environment Department, Haryana for making the payment to HSIIDC for the purchase of a Institutional Plot measuring 3600 Sq. Mtrs for setting up of Environment Training Institute in Sec-M-2, IMT, Manesar with the condition that the Director Environment Department, Haryana will reimburse the said amount to the Board as and when the budget is made available by the Government to the Director Environment Department, Haryana.

Dated Panchkula, the
26th February 2014

Memo No.DEH/2018/5761
FTMS No.4170

Dated 25.11.2019
Dated: 25.11.2019

Subject: Rough Cost Estimate for construction of Swarna Jayanti Environment Training Institute at Manesar in Gurugram District.

Kindly refer to this office letter no.DEH/2018/2409, dated 07.12.2018 on the subject mentioned above.

I am directed to inform you that rough cost estimate for construction of Swarna Jayanti Environment Training Institute at Manesar in Gurugram has been received from PWD(B&R) Chandigarh, which is 1565.53/-Lakhs. The Department has transferred 50% share to PWD (B&R) on 19.11.2019. Accordingly remaining 50% cost amounting to Rs.7,82,76,500/- is to be paid by HSPCB.

You are again requested to deposit the 50% cost i.e. Rs.7,82,76,500/- to Head-"8443-Civil Deposit of PWD(B&R) for construction of building of Swarna Jayanti Environment Training Institute at Manesar (Gurugram) at the earliest.

No. HSPCB/BHI/2020/ 20/50

Dated: 20-7-20

To

The Sr. Environmental Engineer Regional
Haryana State Pollution Control Board
Panchkula

Sub: Proceedings of the meeting of Committee Constituted for opening of sealed quotations for hiring of office building for Regional Office, Kaithal.

Ref: HO letter No. HSPCB/BHI/2020/ 20/50 dated 17/01/2020

In this connection, it is submitted that earlier the committee had recommended that the site at SCO No. 161-P, 162 & 163, Sector 20, Kaithal is the best suitable place among the quotations received and forwarded the proposal to the competent authority for necessary approval.

Now as per the objections raised from the Head Office vide letter No-HSPCB/Estate office/2020/936 dated 17/01/2020, the committee has submitted its report which is as follows- "the committee has recommended 2710 sq. ft. area @ Rs. 65000/- per month in Sector 20 Kaithal whereas in the same sector, building at the rate of Rs. 43000/- (GST if applicable) is available as mentioned in para 2 of the comparative statement and as per office requirement 2000 sq. ft. area is sufficient for the purpose of HO and this is recommended that lesser rent may be preferred/considered to avoid any further delay."

In reply to the letter dated 17/01/2020, the committee has recommended lowest quotation at the rate of Rs. 43000/- plus GST applicable, which comes out to be $43000 + 43000 \times 0.18$ i.e. Rs. 50740 including GST for the carpet area of 2710 sq. ft. total. The same comes out to be @ Rs. 25.37 per sq. ft. Further, it is mentioned that an area of more than 2500 sq. ft. has also been approved by the competent authority for office purposes in Kaithal. Further, it is also pertinent to mention that site marked as SCO No. 161-P, 162 & 163, Sector 20, Kaithal (1st and 2nd floor) is having no partition walls, etc. and is suitable for office purposes and less carpet area. The board will have to construct partitions/ceiling which will incur additional cost. Hence, not feasible for Regional Office.

Further, as per the letter dated 17/01/2020, the committee has further negotiated with the owner of the site at SCO No. 1 and he has agreed to rent the same mentioned site on rental basis to the Board at the rate of Rs. 60000/- per month for the area of 2710 sq. ft. carpet area which comes out to be @ Rs. 22.13 per sq. ft. The committee has recommended the rate submitted by owner of site mentioned at SCO No. 1. It is also mentioned that the owner has already agreed to construct the partition walls and ceiling, etc. and it is again submitted that recommended site Kaithal has the following facilities: availability of lift, rights to access roof, three bathrooms, separate kitchen, etc. and also has side stairs, separate pantry, vitrified tiles floor and fire alarm, etc.

13/8/343

Hence, the committee is of the view that the site at SCO No. 161-P, 152 & 163, Sector-20, Kaithai is the best suitable site among the quotations received and it has been decided to forward the proposal to the competent authority for necessary approval.

Hence submitted for approval.

OFFICE NOTE

13/9/344

Sub: Proceedings of the meeting of Committee Constituted for opening of sealed quotations for hiring of office building for Regional Office, Kaithal.

The meeting of committee as subjected above constituted vide no. 831-37 dated 30.12.2019 was held on dated 31/12/2019. 04 nos. sealed quotations were received in response to advertisement issued by R.O. Bhiwani on dated 07.12.2019 in Dainik Jagaran newspaper. The quotations were opened in front of the committee members. Thereafter all the sites have been visited by the committee. The details of quotations and site visit are attached as Annexure 'A'. The site mentioned at Sr. No. 03 is not fit for office as there is no partition cabin, only one bathroom, no separate parking for office vehicles and less carpet area. The site at Sr. No. 04 & 05 are located in congested market area having no parking facility and are not suitable for office. The site at Sr. No. 01 i.e. SCO No. 161-P, 162 & 163, Sector-20, Kaithal is the dubbed commercial building (newly constructed) and situated in the approved shopping complex of HSVP. Sh. Manoj Dua (G.P.A) has quoted rental rate as Rs. 94,850/- per month (@ Rs. 35 per sq. ft.) for this commercial building. After negotiation by committee, he has agreed to provide the space at Rs.65,000/- per month (inclusive of GST, if any). The building is provided with lift facility, spacious parking space, separate parking facility for office vehicle at the backyard, three toilets, separate pantry, vitrified tiles floor, fire safety equipments and also agreed to provide partition for cabins, roof rights without any extra charges. The same has also been given in writing. The committee is of the view that the site at SCO No. 161-P, 162 & 163, Sector-20, Kaithal is the best suitable place among the quotations received and it has been decided to forward the proposal to the competent authority for necessary approval.

Regional Office, Karnal Region
Haryana State Pollution Control Board

14/7/353

Annexure-C

No. HSPCB/KNL/2019/
To

Dated: /12/2019

The Chairman,
Haryana State Pollution Control Board,
Panchkula.

Subject: - Opening of new Regional Office at Distt Karnal - request for approval for marking agreement.

Ref: Head office orders no. HSPCB/Estt/2019/7272-7308 dt. 21.11.2019 & this office letter no. HSPCB/KNL/2019/Spl-1-6 dated 26.11.2019 & HSPCB/KNL/2019/Spl-1 dated 29.11.2019.

In continuation to my earlier letter no. HSPCB/KNL/2019/Spl-1-6 dated 26.11.2019 & HSPCB/KNL/2019/Spl-1 dated 29.11.2019, it is intimated that as per observation made by Competent Authority for seeking office building for new Regional Office for area more than 200 sqft. The office for new Regional office having area more than 2000 sqft has been sought in compliance of HO orders no. HSPCB/Estt/2019/7272-7308 dt. 21.11.2019. The detail of building is as under:-

Sr. No.	Description	Carpet Area	Amount
1.	Commercial building, 1 st floor at 78-79, Above PNB Bank, Near Namastey Chowk, Karnal	2664 sqft.	74,480/-
2.	Commercial building, 2 nd floor at 78-79, Above PNB Bank, Near Namastey Chowk, Karnal	2664 sqft.	74,480/-
3.	Rental Basis SCO-169, Sector-16, Urban Estate (1 st & 3 rd floor) Karnal	2312 sqft.	69,500/-
4.	Rental Basis SCO-168, Sector-16, Near Namastey Chowk, (1 st & 2 nd floor) Karnal	2700 sqft.	1,01,000/-

The quotations and comparative statements are attached. You are requested to grant approval for making agreement with owner of building of Commercial building, 1st floor at 78-79, Above PNB Bank, Near Namastey Chowk, Karnal.

It is further mentioned that the Govt. Offices like HSYT (HUDA) Karnal, Provincial Division No. 2 PWD (B&R) Bt. Karnal & Engineering Deptt. Karnal were contacted and they submitted in written that they have no space available in their offices (Copies attached).

Further this office also advertised in 02 nos. Hindi news papers (Amar Ujala & Punjab Kesri dt. 05.12.2019), and 01 no. English news paper The Tribune for rented space (Copies attached). The quotations of Commercial building, 2nd floor at 78-79, Above PNB Bank, Near Namastey Chowk, Karnal are lowest. You are requested to grant approval for making agreement with owner of building of Commercial building, 2nd floor at 78-79, Above PNB Bank, Near Namastey Chowk, Karnal.

This is submitted for your kind consideration, please.

DA:1. Quotations and comparative statements.

2. Letter of Govt. Departments.

3. News cuttings.

Subj: Sanction for office space for Regional Office, Ambala

In this connection, it is intimated that advertisement for inviting sealed quotations for office space was issued in Hindustan Times, Punjab Kesari and Dainik Bhaskar newspapers on dated 11.12.2018 (copy attached). In response to the advertisement, 07 sealed quotations were received. The quotations were opened in front of committee on dated 11.12.2018. The proceedings of the meeting of committee are attached at Annexure I. The committee has selected the site of Sh. S.K. Goel, Nangarh Road, Ambala. The site is an office complex consisting of 04 rooms, 01 kitchen, 01 hall, 01 computer room. Parking space is covered and is not included in the quotation given by the owner Sh. S.K. Goel. He has agreed to provide the parking space without any extra charges. The rate quoted by Sh. S.K. Goel is Rs. 80,000/- per month based on rental value of Rs. 10,000/- per month for 0800 sq. ft. area. The committee is of the view that the said office complex is best suited for setting up of Regional Office, Ambala, among the 07 quotations received in this office.

It is also worthwhile to mention here that there is a need to obtain rates from FWD (P&F) as the Board has already approved in the 141st Board Meeting vide Agenda item no. 10 to take up sanction of office space adjoining the Regional Office, Bahadurgarh. The same meeting of Board may be joined by the Board so that the functioning of Board at Bahadurgarh, Ambala, Bahadurgarh, and other places be carried out.

It is therefore requested that necessary sanction for opening of Regional Office, Ambala at the rate of Rs. 80,000/- per month may be accorded at rental value of Rs. 10,000/- per month. The financial sanction with terms and conditions as mentioned above may be granted. The Regional Office at Ambala can be opened at the earliest.
