Mahendragarh State Haryana- regarding conducting public hearing as per provision of EIA Notification, 2006 and amended thereafter held on 30.12.2024, 11.30 AM at mining site.**

The Letter of Intent (LOI) has been issued to the above said mining project by Director Mines & Geology, State of Haryana Govt., Chandigarh vide memo no. DMG/HY/ Amarpur Jorasi/ MGR/ 2022/ 4654, Dated 20-07-2022 for Mining of minor minerals stone from Amarpur jorasi Mine with 20,01,000 TPA (ROM) production capacity over an area of 10.72 Ha. located at Village Amarpur Jorasi, Tehsil-Narnaul, Distt. Mahendragarh, Haryana. Also, the mining plan was approved vide memo no. DMG/ HY/ MP/ Amarpur Jorasi/ 2024/ 2991 Panchkula Dated 20.06.2024.

The above proposed mining project pertains to mentioned opencast stone mining along with associated minerals on the total land measuring 10.72 Ha. located at Village Amarpur Jorasi, Tehsil-Narnaul, Distt. Mahendragarh. As per EIA Notification of Ministry of Environment & Forest, Govt. of India, New Delhi dated 14.09.2006 & subsequently amended on 15.01.2016 for extraction of Minor Mineral and associated minerals require Environment clearance from SEAC/SEIAA before the commencement of any ground activity. The Term of Reference (ToR) was granted by SEAC, Haryana vide Identification No. T023B0108HR5660195N on dated 16.07.2024. The proponent submitted the Draft Environment Impact Assessment (EIA) report to HSPCB alongwith requisite fees for conducting public hearing

In this regard an advertisement for conducting Public Hearing was published in local newspaper in Hindi (Dainik Bhaskar) and also in National Newspaper in English (Indian Express) on dated 29.11.2024. The advertisement was also uploaded on the website of the board i.e. [www.hspcb.gov.in](http://www.hspcb.gov.in) for awareness and wide publicity of the public hearing to be conducted at site (**Annexure-I**) and also forwarded to local offices and public representative for publicity.

The public hearing was conducted on 30.12.2024 at 11:30 AM at Mining site and the following officers/officials attended the Public Hearing.

The attendance sheet of Officers/ officials and public present in the public hearing is attached as **Annexure-II**. Copies of Executive summary of the project were also distributed to the persons and officers present at site during Public Hearing and presentation was given to the audience by M/s Vardan Enviro Net LLP on behalf of the Project Proponent (P.P).

**The minutes of the Public Hearing are as under: -**

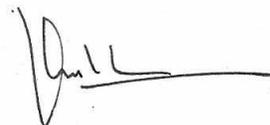

As per EIA Notification, dated 14.09.2006 and amendments thereafter the Comments/Suggestions raised by Public present during the Public Hearing for Grant of Environment Clearance for Project for proposed Mining of minor minerals stone from Amarpur jorasi Mine with 20,01,000 TPA (ROM) production capacity over an area of 10.72 Ha. located at Village Amarpur Jorasi, Tehsil-Narnaul, Distt. Mahendragarh State Haryana, being conducted by Haryana State Pollution Control Board, Haryana. Date of Public Hearing: 30.12.2024, Monday, Location: Mine Site, Village Amarpur Jorasi, Tehsil - Narnaul, District- Mahendragarh State- Haryana, Time: 11:30 AM.

The Regional Officer, Mahendragarh, Haryana State Pollution Control Board (HSPCB) after due permission from the Chairman- Cum- ADC, informed the Public about necessity of public hearing as per EIA notification, 2006 and explained that it is compulsory for projects to go through Public Hearing Process.

Sh. Anand Sharma, IAS, Additional Deputy Commissioner, Narnaul welcomed all stakeholders to the Public Hearing of Amarpur Jorasi Stone Mine, and informed the public to bring forward their suggestions, comments & objections etc regarding the said project.

The Regional Officer, Mahendragarh, Haryana State Pollution Control Board asked the consultant from M/s Vardan Enviro Net LLP to present about the features of mine before the public.

The Consultant then explained in a detailed presentation made on the LED screen covering entire aspects of the project to the Public covering entire aspect of the project; details of statutory clearances and approvals, Mining site details, benefits, baseline study parameters, water & manpower requirements, environment impact and mitigation measures (for land, air, water, noise, vibration, ecology and socio-economic) and EMP. After conclusion, the Regional Officer asked the participants from public to come forward with their suggestions, comments & objections. The details are as below: -

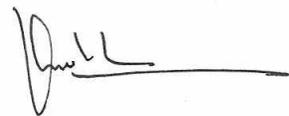

S. No.	Name & address	Public Comments / Appeals / Suggestions	Response from Project Proponent
1.	Mr. Yogesh Gurjar, R/o Village- Amarpur Jorasi	<p>He welcome all the officials and all the villagers from the neighbouring villages, especially from Amarpur Jorasi, and also M/s RM Secure Services Private Limited. He asked question about what benefits will be provided to our village Amarpur Jorasi in return for the operation of this mine?</p> <p>How much are the annual lease amount and what budget will the village panchayat receive from it? And also asked about how and when will this amount be given to the gram panchayat so that development work can be carried out.</p> <p>Asked ADC sir, I request you that our village falls within the mining affected area and until now, perhaps due to my knowledge, as a villager, I want to ask that not even a grant of ₹1 has been received in our village due to being in the mining affected area from 2016 to 2020, so perhaps there has been no budget that has come for the mining affected area</p>	<p>The Project Proponent replied that, the said project plays an important role in the domestic as well as infrastructural market. The proposed mining activity is the backbone of all construction and infrastructure projects as the raw material for construction is made available only from such mining. This Project will generate direct &amp; indirect employment to the local people as per their qualification. Project will generate employment for about 74 people.</p> <p>The Mining Officer, Narnaul reply on the same and submitted that as per applicable grant to the gram panchayat will be made as per existing rules.</p> <p>The Mining Officer, Narnaul replied that there is a District Mineral Foundation Fund (DMF), and as of today, there is an amount of Rs. 15,90,37,190/- available in it. Meetings are held every two or three months regarding it, and during the meetings, proposals accepted from the people of mining-affected areas stating that we need such projects for our village, for children and for schools. The decisions made in such meeting and are approved. Based on that, we have an Olympic club</p>

S. No.	Name & address	Public Comments / Appeals / Suggestions	Response from Project Proponent
		<p>that has not been received by Gram Amarpur Jorasi till today.</p> <p>He thanked for this, and also asked that they already have a playground in village and he wants some of that budget to be allocated to our village as well, since it takes about 8 km approx to reach our Olympic club at Narnaul from Jorasi, and currently, work on the track is ongoing in our village, being carried out by the village head.</p> <p>Also asked about now the mines will operate here and after the mines start, there are fields and crops in the vicinity, and there will also be production. Due to this, farmers will face difficulties, so what benefits will be provided?</p>	<p>in Narnaul, where some amount for membership is decided for children and other local people as well. We have included the name of your village in it, so that all the children from your village will be given facilities related to the playground for exercising and free of cost membership. It has been approved, and work on the same had also started.</p> <p>ADC also responded that, you may send your demands for work or track or whatever through the Sarpanch to the Mining Officer, Narnaul. We will present it in the next DMF meeting.</p> <p>The PP informed that to curb air pollution, first of all, wet drilling will be done here to prevent dust generation. The trucks used for transportation will be covered with tarpaulin and will operate at a fix speed. Also there will be no waste water discharge from the process. Regarding vibration, delay detonators will be used, which will only be used during the day time and that too under supervision. The records of this will be submitted</p>

S. No.	Name & address	Public Comments / Appeals / Suggestions	Response from Project Proponent
		<p>He requested to present a demand letter for the village development works from Gram panchayat to ADC and also to other department present. We want to present it before you in this hearing.</p> <p>We should be informed about the amount that is dead rent on our gram panchayat because we have learned that the dues from the previous mines have not been received by us yet.</p>	<p>regularly to the Mining officer, DGMS.</p> <p>RO, HSPCB responded, to submit the same to ADC Sir after hearing and you may give the demand letter or read in front him.</p> <p>The Mining Officer, Narnaul replied that as already intimated earlier consider ₹20.70 crore as the annual contract amount, which has already been decided. Your lease covers approximately 10.72 hectares (26.42 acres). As per the mining department's rules, you will receive two types of compensation: rent and compensation. Rent is calculated at 2% per acre based on the circle rate. For example, if the circle rate is ₹20 lakh per acre, you'll receive 2% of that as rent and 1% as compensation. Along with the ₹20 crore royalty, your gram panchayat will receive around ₹14 to ₹15 lakh annually as rent and compensation. There was some confusion about ₹12.70 crore earlier, but this clarifies the matter. Additionally, 7.5% of the ₹20 crore will go into the District Mineral Foundation Fund (DMF), and 2.5% will be allocated separately for development work for your community through the DMF.</p> <p>Further, Mining Officer, Narnaul</p>

S. No.	Name & address	Public Appeals /	Comments / Suggestions	Response from Project Proponent
				<p>also informed that before mining begins, you may discuss these details with the contractor to finalize a mutual agreement on the compensation. If the contractor does not agree, you can approach the District Commissioner (DC) through mining office or directly to resolve the matter. The DC will ensure fair compensation is fixed before work starts.</p> <p>The PP responded regarding dust pollution and damage caused by vehicles movement, the leaseholder has extensive experience in operating mines, are expected to take safety measures and compensate for any crop damage. If damage occurs, inform them, and they will provide appropriate compensation. Keep in mind the benefits for your panchayat and community, and ensure to revisit these points with the contractors before the work begins.</p>
2.	Mahesh Gujar, Sarpanch R/o, Mukundpura)	The boundaries of Mukundpura and Amarpur Jorsi are very close to each other. It's important for us to clearly understand where Mukundpura starts and where Jorsi ends near our place.		The Mining Officer responded to Sarpanch, and inform that the designated area will have precise GPS coordinates marked at its boundary points/ pillars. Whenever their work starts, before it begins, you should inform them to first decide on the fencing for your boundary pillar. After that, start the work. There will be no encroachment in your area. We will not allow that. The boundary you are mentioning will be defined. The revenue department will support

S. No.	Name & address	Public Comments / Appeals / Suggestions	Response from Project Proponent
			you, and we will inform you that this is the boundary, so you can be assured of that.
3.	Ravindra Gurjar, (Ex-Chairman) R/o Village Mukundpura	He asked about this land belongs to Jorasi, it is leased, but whenever there is any activity here, there is a vibration, and its entire effect is felt in adjoining village- Mukundpura as it right next to it. Any benefit or loss will be to Mukundpura, not to Jorasi. As Jorasi is 5 km away from here. So I want to ask, the 74 people who are being mentioned for work, will they be from Jorasi or Mukundpura? And most benefit should go to Mukundpura and also requested the PP to consider this demand in future.	The Project Proponent replied that, the people who will be recruited/ employed will be mostly from the nearby villages that are within 10 km and preference will be given to the villagers from both the villages for employment at the mine site as per their qualification and experience.  Also, ADC and RO, assured that mining will be done in the designated area only and proper demarcation of the boundary will be made before the starting of the work and if any grievance of the same arise in the future you can take it up with the prescribed authorities for necessary action.
4.	DFO, Mahendragar h	Vide their office letter No. 3401 dated 26.12.2024 asked for the demarcation report and installation of the fix boundary pillars of the said mining project.	Copy of the same is attached herewith as <b>Annexure- III</b> .

Thereafter Sh. Krishan Kumar, Regional Officer, Mahendragarh, Haryana State Pollution Control Board, Mahendragarh and Additional Deputy Commissioner, Mahendragarh invited any more objections/ comments/ suggestions if any from the public present at site. But no more question/ suggestion was raised by any person.

Thereafter the public hearing was closed after seeking permission of the Additional Deputy Commissioner-cum- Chairman of Public Hearing and vote of thanks given to all the public and officers for their presence during the public hearing.

Two sets of Original Pen drive & Photographs are attached herewith.

Submitted for perusal and approval of the minutes of public hearing.

(Ex-Chairman) R/o Village Mukundpura	<p>He asked about this land belongs to Jorasi, it is leased, but whenever there is any activity here, there is a vibration, and its entire effect is felt in adjoining village- Mukundpura as it right next to it. Any benefit or loss will be to Mukundpura, not to Jorasi. As Jorasi is 5 km away from here. So I want to ask, the 74 people who are being mentioned for work, will they be from Jorasi or Mukundpura? And most benefit should go to Mukundpura and also requested the PP to consider this demand in future.</p>	<p>you, and we will inform you that this is the boundary, so you can be assured of that.</p> <p>The Project Proponent replied that the people who will be recruited/ employed will be mostly from the nearby villages that are within 10 km and preference will be given to the villagers from both the villages for employment at the mine site as per their qualification and experience.</p> <p>Also, ADC and RO, assured that mining will be done in the designated area only and proper demarcation of the boundary will be made before the starting of the work and if any grievance of the same arise in the future you can take it up with the prescribed authorities for necessary action.</p>
4.	DFO, Mahendragar h	<p>Vide their office letter No. 3401 dated 26.12.2024 asked for the demarcation report and installation of the fix boundary pillars of the said mining project.</p>	<p>Copy of the same is attached herewith as <b>Annexure- III</b>.</p>

Thereafter Sh. Krishan Kumar, Regional Officer, Mahendragarh, Haryana State Pollution Control Board, Mahendragarh and Additional Deputy Commissioner Mahendragarh invited any more objections/ comments/ suggestions if any from the public present at site. But no more question/ suggestion was raised by any person

Thereafter the public hearing was closed after seeking permission of the Additional Deputy Commissioner-cum- Chairman of Public Hearing and vote of thanks given to all the public and officers for their presence during the public hearing

Two sets of Original Pen drive & Photographs are attached herewith.

Submitted for perusal and approval of the minutes of public hearing.

आपका पत्रांक 2922-34 दिनांक 20.12.2024 ।

उपरोक्त विषय के सम्बन्ध में आपको सूचित किया जाता है कि इस कार्यालय के पत्रांक 4475 दिनांक 27.12.2021(प्रति संलग्न) द्वारा पूर्व में भी अवगत करवाया गया था कि विषयांकित लीज क्षेत्र आरक्षित वन मुकन्दपुरा से शून्य मीटर की दुरी पर स्थित है। इसके अतिरिक्त इस लीज क्षेत्र के साथ अरावली पौधारोपण क्षेत्र मुकन्दपुरा व टहला भी साथ लगते है। आरक्षित वन व अरावली पौधारोपण के बिल्कुल साथ होने के कारण ब्लास्टिंग होने से यहां कि जैव विविधता तथा वृक्षारोपण पर प्रतिकूल प्रभाव पड़ेगा। माननीय सुप्रीम कोर्ट द्वारा भी अरावली पौधारोपण क्षेत्रों को वन क्षेत्र माना है। निदेशक खान एव भू-विज्ञान विभाग, हरियाणा चण्डीगढ़ को भी इस कार्यालय के पत्रांक 121 दिनांक 26.04.2022 द्वारा रिपोर्ट भेजी गई थी (प्रति संलग्न)।

इसके अतिरिक्त आपकी सेवा मे यह भी अवगत करवाया जाता है कि इस लीज की पैमाईश भी नहीं करवाई गई है। अतः आपसे अनुरोध है कि दिनांक 30.12.2024 को होने वाली जनसुनवाई से पहले उक्त लीज क्षेत्र की पैमाईश करवाकर बाउंड्री पिल्लर लगवाएं जाए।

सन्दर्भ : आपका पृष्ठांकन क्रमांक 477/डीए/दिनांक 01.12.2021 ।

उपरोक्त विषय के सम्बन्ध में सन्तर्भाकित पत्र द्वारा गठित टीम के साथ किए गए संयुक्त निरीक्षण अनुसार वन विभाग की तरफ से निम्न प्रकार से टिप्पणी अंकित की जाती है -

1. अमरपुर जोरासी - यह क्षेत्र आरक्षित वन मुकन्दपुरा से "शून्य मीटर दूरी" पर स्थित है । इसके अतिरिक्त इस क्षेत्र के साथ अरावली पौधरोपण क्षेत्र मुकन्दपुरा व टहला भी साथ लगते हैं । आरक्षित वन व अरावली पौधरोपण के बिल्कुल साथ होने के कारण ब्लास्टिंग होने से यहां कि जैव विविधता तथा वृक्षारोपण पर प्रतिकूल प्रभाव पड़ेगा ।

2. जैनपुर - प्रस्तावित खसरा नम्बर अरावली पौधरोपण क्षेत्र जैनपुर के साथ लगते हुए हैं तथा कुछ क्षेत्रों की दूरी "शून्य मीटर" है । प्रस्तावित लीज अरावली पौधरोपण क्षेत्रों के साथ होने के कारण ब्लास्टिंग होने से यहां कि जैव विविधता तथा वृक्षारोपण पर प्रतिकूल प्रभाव पड़ेगा ।

3. बखरीजा - प्रस्तावित खसरा नम्बर पर आवागमन हेतु कोई रास्ता ना होने के कारण लीज धारक/खनन विभाग को सुरक्षित वन क्षेत्र का प्रयोग करने से पूर्व वन संरक्षण अधिनियम 1980 के तहत अनुमति लेना अनिवार्य है ।

4. मैत्रोत विन्जा - प्रस्तावित खसरा नम्बर पर आवागमन हेतु कोई रास्ता ना होने के कारण लीज धारक/खनन विभाग को सुरक्षित वन क्षेत्र का प्रयोग करने से पूर्व वन संरक्षण अधिनियम 1980 के तहत अनुमति लेना अनिवार्य है ।

उपरोक्त खनन क्षेत्रों में किसी प्रकार के वृक्षों/पौधों की कटाई वन विभाग की अनुमति के बिना ना की जावे । वन्य प्राणियों के संरक्षण के लिए मुख्य वन प्राणी गार्डन से संरक्षित प्लान तैयार करवाएं । पर्यावरण सुरक्षा हेतु नियमानुसार पर्यावरण विभाग से अनापत्ति प्रमाण-पत्र लेना सुनिश्चित करें । इसके अतिरिक्त समय-समय पर सरकार/उच्चाधिकारियों द्वारा जारी नियमों/ हिदायतोंनुसार अनुमति लेना आवश्यक है ।

इस पत्र को वन विभाग का अनापत्ति प्रमाण-पत्र ना समझा जाए ।
